Evaluation Team**

Kathleen Crane, MS: Coordinator, System Performance Evaluation and Clinical Services Section.

Lyscha Marcynyszyn, PhD: BA, Whitman College; PhD in Developmental Psychology, Cornell University. Mental Health, Chemical Abuse and Dependency Services Division (MHCADSD) Privacy Officer and Research Committee Chair. Lyscha has published articles in *Journal of Applied Developmental Psychology* (in-press), *Psychological Science*, the *American Journal of Public Health*, and *Development and Psychopathology*. In 2006, she received the American Psychological Association Division 7 Outstanding Dissertation Award given yearly for the best dissertation in Developmental Psychology. Evaluation work has focused on three national, randomized-controlled demonstration trials: the Next Generation Welfare-to-Work transition studies, Building Strong Families, and the Evaluation of the Social and Character Development interventions. Research has been funded by the National Institute of Mental Health and the Science Directorate of the American Psychological Association.

Susan McLaughlin, PhD: BA, San Diego State University; PhD, University of California San Diego/San Diego State University Joint Doctoral Program. Child clinical internship, University of Washington; Post-Doctoral Fellowship in Juvenile Forensic Psychology, University of Washington and Child Study and Treatment Center. MHCADSD Children's Mental Health Planner. Project Evaluator for MHCADSD Children and Families in Common grant from 1999-2005. Conducted a longitudinal outcome study of services to at-risk youth involved in the juvenile justice system aimed at improving overall functioning of youth at home, school, and in communities and reducing juvenile justice involvement. Involved in program evaluations and quality improvement projects for MHCADSD youth programs, including the Interagency Staffing Teams, Wraparound, and the Children's Crisis Outreach Response Program. Conducted studies examining the social and emotional development of maltreated children, the long term impacts of childhood abuse, and the appropriateness of IQ measures for ethnic minority populations in a gifted program.

Genevieve Rowe, MS: BS, University of Saskatchewan; MS in Biostatistics, University of Washington. Currently the evaluator of the MHCADSD Forensic Assertive Community Treatment program. From 1993 to 2007 part of Public Health's Epidemiology, Planning and Evaluation Unit participating in a variety of evaluation projects including:

- A framework for the evaluation of the King County Veterans and Human Services Levy - 2007.
- Seattle's School-based Health Clinics funded by the Families and Education Levy - 2003.
- Mental Health service improvement program in Seattle's School-based Health Clinics – 2003-2005.
