1. King County's Annexation Initiative encourages the expedited annexation of all remaining urban unincorporated areas in order to achieve both financial stability in the current expense fund, and the regional land use vision set forth in the countywide planning policies.
2. The city of Auburn has two large potential annexation areas ("PAAs"), Lea Hill which is located to the east of the city with an estimated population of over ten thousand four hundred residents, and West Hill located to the west of the city with an estimated population of four thousand six hundred residents.

18 3. The city intends to seek approval of the residents of the Lea Hill and  
19 West Hill PAAs to annex these areas, by two separate ballot propositions  
20 at an election in 2007 for an effective date, if approved by the voters, of  
21 January 1, 2008.

22 4. To facilitate the transition of local government services delivery in the  
23 Lea Hill and West Hill PAAs and complete the transfer of local surface  
24 water management facilities and properties located within the PAAs upon  
25 annexation to the city, the city and county wish to enter into an interlocal  
26 agreement which addresses transfer of public records and transfer of  
27 ownership of surface water management facilities and properties among  
28 other matters.

29 5. The city has heretofore taken ownership of former local county park  
30 properties located in the Lea Hill PAA and there are no local county park  
31 properties in the West Hill PAA.

32 8. Consistent with Council Motion 12018, the agreement proposes the  
33 transfer of Annexation Incentive reserve funds to the city if the annexation  
34 is approved by the voters and accepted by the city, in the amount of  
35 \$1,250,000 from the general fund annexation incentive reserve, plus a  
36 commitment to complete road overlay improvements in the PAAs prior to  
37 annexation in an amount of \$500,000.

38 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

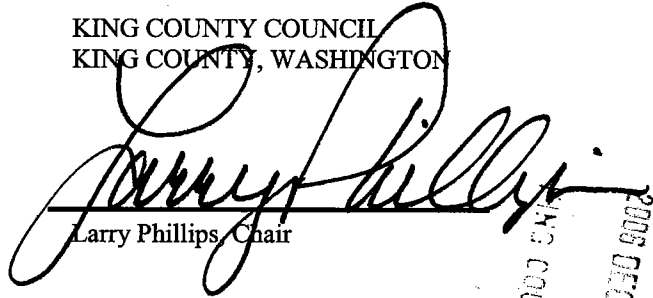

39 SECTION 1. The county executive is hereby authorized to enter into an interlocal  
40 agreement, substantially in the form of Attachment A to this ordinance, with the city of

41 Auburn to provide for the transition of governmental services and property in the event of  
42 annexation, including but not limited to the transfer of \$1,250,000 annexation incentive  
43 funding from the general fund annexation incentive reserves; provision of \$500,000 of  
44 road overlay improvements in the areas to be annexed; and to transfer the surface water  
45 drainage facilities and greenbelt properties as referenced therein.

**Attachments** A. Interlocal Agreement Between the City of Auburn and King County, Relating to the Annexation of the Lea Hill and West Hill Potential Annexation Areas, dated December 11, 2006

**INTERLOCAL AGREEMENT BETWEEN THE CITY OF AUBURN AND KING COUNTY, RELATING TO THE ANNEXATION OF THE LEA HILL AND WEST HILL POTENTIAL ANNEXATION AREAS**

THIS AGREEMENT is made and entered into this \_\_\_ day of \_\_\_\_\_, 2006. The parties ("Parties") to this Agreement are the City of Auburn, a State of Washington municipal corporation ("City"), and King County, a political subdivision of the State of Washington ("County").

WHEREAS, the City has identified two separate Potential Annexation Areas ("PAAs") in its comprehensive plan consistent with the requirements of the state Growth Management Act ("GMA") and the Countywide Planning Policies adopted consistent with GMA, which PAAs are generally known as the "Lea Hill Annexation Area" and the "West Hill Annexation Area," both of which are further described in **Exhibit A** hereto (hereinafter collectively referred to as the Annexation Areas"); and

WHEREAS, on an election date in or before November 2007, the citizens of the Annexation Areas will have an opportunity to vote on whether to annex to the City; and

WHEREAS, if approved by the voters and the City Council, annexation of one or both of the Annexation Areas to the City will become effective on or before January 1, 2008; and

WHEREAS, as of the date of legal annexation of the Annexation Areas, pursuant to state law, the City will own, and have the responsibility for the operation, safety and maintenance of all former County roads, bridges and rights-of-way located within the City limits together with all appurtenances located within such rights-of-way, including but not limited to, drainage facilities, stormwater facilities, environmental mitigation sites and monitoring projects, street lights, traffic signals and traffic signs; and

WHEREAS, the City and the County desire to facilitate an orderly transition of services associated with the Annexation Areas; and

WHEREAS, the City and the County desire to mutually determine the appropriate timing for the transfer of public records; and

WHEREAS, upon annexation of the Annexation Areas, the County shall make available to the City a one-time payment of funds from its Annexation Incentive Funds to assist with the cost of transitioning services and in consideration of the City relieving the County of the burden of providing public services to the areas to be annexed; and

WHEREAS, the City and the County want to ensure a smooth transfer of ownership and maintenance of existing County surface water facilities and related property interests in the Annexation Areas; and

WHEREAS, all local governmental land use authority and jurisdiction with respect to the Annexation Areas transfers from the County to the City upon the effective date of annexation; and

WHEREAS, the County and City agree that having County staff continue to process various vested building and land use permit applications from the Annexation Areas on behalf of the City for a transitional period following annexation will assist in an orderly transfer of authority and jurisdiction; and

WHEREAS, it is the parties' intent by virtue of this Agreement that any and all discretionary decisions with respect to land use and permitting from and after the date of annexation shall be made by the City; and

WHEREAS, the governing bodies of each of the parties hereto have determined to enter into this Agreement as authorized and provided for by the Interlocal Cooperation Act, codified at Chapter 39.34 RCW, and other Washington law, as amended;

NOW THEREFORE, in consideration of the mutual terms, provisions and obligations contained herein, it is agreed by and between the City and the County as follows:

1. TERM. This Agreement shall be deemed to take effect following the approval of the Agreement by the official action of the governing bodies of each of the Parties and the signing of the Agreement by the duly authorized representative of each of the Parties, and shall continue in force for a period of five (5) years from the effective date of annexation of the Annexation Areas; provided, however, that in the event: (1) the City fails to place the annexation measure on the ballot in or before November 2007, then this Agreement shall terminate on December 31, 2007.
2. ANNEXATION. The City shall take action to ensure placement of propositions on the ballot at a regular or special election date in or prior to November 2007 for the registered voters of the Annexation Areas as described in **Exhibit A** to vote on whether to annex to the City. If approved by the voters, the City shall take action by ordinance to ensure that the annexation of the Annexation Areas so approved will be effective on or before January 1, 2008.
3. ANNEXATION FUND PAYMENT AND ROAD IMPROVEMENTS CONTRIBUTION. In order to partially offset the City's cost of transitioning and providing services to the Annexation Areas, and in consideration of the City relieving the County of the burden of providing local public services in the Annexation Areas, the County will provide the City with a payment from the annexation initiative incentive reserve funds and shall pre-fund certain roadway improvements in advance of annexation.
  - a. The payment of annexation incentive reserve funds for the annexation of both Annexation Areas shall total \$1,250,000 composed of County Current Expense ("CX") Funds. The payment shall be made within 30 days following the effective date of the annexation of the Annexation Areas; provided that half the amount payable may be transferred to the City upon its request in advance of the effective date but after final action by the City Council to accept the annexation after certification of the successful election.

- b. In addition to the annexation incentive fund payment described in paragraph 3.a above, the County shall cause to be completed roadway overlay improvements in the Annexation Areas valued at \$500,000. The road funding shall be committed to a designated overlay project(s) by the County after the City Council acts to accept annexation of the Annexation Areas following voter approval of annexation. The roadway improvements shall be specifically targeted to roadways that are not currently subject of a scheduled overlay project and which have a pavement rating of less than forty percent, and the specific roadway segments to be improvements shall be selected by the County Roads Division in consultation with the Director of the City Public Works Department. Such improvements shall to the extent practicable be completed prior to the effective date of the annexation, but in any event as soon thereafter as possible.
- c. In the event that both annexation propositions are not approved by the voters, then the payment of annexation incentive reserve funds shall be apportioned as follows:
  - 1. For the annexation of Lea Hill: \$1,125,000 in CX and \$450,000 in road overlays.
  - 2. For the annexation of West Hill: \$125,000 in CX funds and \$50,000 in road overlays.
- d. No annexation incentive funds shall be owed to the City under this Agreement for an annexation of either Lea Hill or West Hil effective after January 1, 2008.

**4. RECORDS TRANSFER.** Upon approval of the annexation by voters and acceptance thereof by the City, the County shall work with the City to transfer to the City public records including but not limited to record drawings or construction drawings that are requested by the City related to transferred facilities and properties within the areas so annexed. The City shall send a written request for records to the director of the County division holding such records. Alternately, the City may request in writing that such director schedule a records transfer meeting at which City representatives shall meet with County department representatives in order to review and identify records to be copied and/or transferred consistent with the terms of this Section 4. The request shall provide sufficient detail to allow the County to identify and locate the requested records. The County shall make its best effort to provide the documents within forty-five (45) days of the request. The County may elect to provide original records or copies of records. The County shall not be required to provide records that are not reasonably available or to create records or compilations that have not already been created. The County shall provide the City free of charge one set of records meeting the requirements of this section. Notwithstanding anything in this section to the contrary, sheriff records transfers will be subject to the provisions of Section 8 and **Exhibit G**.

The Drainage Facilities identified in **Tables B-1 and B-2** of **Exhibit C** shall not be transferred but shall remain in private ownership. - iv. Both parties will make staff available to identify and review any additional County-owned local drainage facilities, easements, and other property interests within the Annexation Areas that should appropriately be conveyed to the City. Such facilities and other property interests include those for which the County's facility acceptance process has not yet been completed, including both projects being constructed by the County as well as projects subject to County approval that are constructed by third parties. Any such additional County-owned drainage properties or other property interests shall be transferred to the City pursuant to this Agreement and upon County approval, including if necessary the adoption of an ordinance authorizing the transfer of King County owned drainage properties and property interests. The transfer of responsibility for drainage facilities shall be documented in writing, including specific facilities transferred and the date of transfer and such documentation signed by the appropriate City representative and the Director of the King County Water and Land Resources Division.

b. Transfer of Greenbelt Properties.

The County shall upon the effective date of annexation for the area in which the "Greenbelt Properties" identified in **Exhibit F**, attached hereto and incorporated herein by reference, are located, convey by quit claim deed in substantially the form in **Exhibit E**, attached hereto and incorporated by reference, to the City, and the City shall accept, the Greenbelt Properties, subject to all rights, conditions, covenants, obligations, limitations and reservations of record for such property interests. - i. "Hazardous Materials" as used herein shall mean any hazardous, dangerous or toxic wastes, materials, or substances as defined in state or federal statutes or regulations as currently adopted or hereafter amended.

- ii. Nothing in this agreement shall be deemed to waive any statutory claim for contribution that the City might have against the County under federal or state environmental statutes that arises from hazardous materials deposited or released on the Drainage Facilities, Drainage Facility Property Interests or Greenbelt Properties by the County during the County's period of ownership. The City may not, however, assert such a claim to the extent that the City creates the need for or exacerbates the cost of remediation upon which a statutory claim for contribution is based as a result of the City performing construction activities on, changing the configuration of, or changing the use of the Drainage Facilities, Drainage Facility Property Interests or Greenbelt Properties.
  - iii. If the City discovers the presence of hazardous materials at levels that could give rise to a statutory claim for contribution against the County it shall immediately notify the County in writing. The parties shall make their best efforts to reach agreement as to which party is responsible for remediation under the terms of this Agreement prior to undertaking any remediation.
  - iv. In no event shall the County be responsible for any costs of remediation that exceed the minimum necessary to satisfy the state or federal agency with jurisdiction over the remediation.
- e. Indemnification related to Drainage Facilities, Drainage Facility Property Interests and Greenbelt Properties.
- i. King County shall indemnify and hold harmless the City and its elected officials, officers, agents or employees, or any of them, from and against any and all claims, actions, suits, liability, loss, costs, expenses and damages of any nature whatsoever, arising from those occurrences related to the Drainage Facilities, Drainage Facility Property Interests and Greenbelt Properties that occurred prior to the effective date of annexation, except to the extent that indemnifying or holding the City harmless would be limited by Section 6(c) of this Agreement. In the event that any suit based upon such a claim, action, loss or damage is brought against the City or the City and King County, King County shall defend the same at its sole cost and expense and, if final judgment be rendered against the City and its elected officials, officers, agents and employees or jointly against the City and King County and their respective elected officials, officers, agents and employees, King County shall satisfy the same.
  - ii. effective date of annexation, except to the extent that indemnifying or holding the County harmless would be limited by Section 6(c) of this Agreement. In the event that any suit based upon such a claim, action, loss or damage is brought against King County or King County and the City, the City shall defend the same at its sole cost and expense and, if final judgment be rendered against King County and its officers, agents and employees or jointly against King County and the City and their respective officers, agents and employees, the City shall satisfy the same.

- iii. For a period of three years following transfer, each party to this Agreement shall immediately notify the other of any and all claims, actions, losses or damages that arise or are brought against that Party relating to or pertaining to the Drainage Facilities, Drainage Facility Property Interests or Greenbelt Properties.
  - iv. Each Party to this Agreement agrees that its obligations under this paragraph extend to any claim, demand, and/or cause of action brought by or on behalf of any employees, or agents. For this purpose, each Party to this Agreement, by mutual negotiation, hereby waives, with respect to the other party only, any immunity that would otherwise be available against such claims under the Industrial Insurance provisions of Title 51 RCW, but only to the extent necessary to indemnify the other party.
  - v. The provisions of this Section 6 shall survive the expiration or termination of this Agreement.
7. **JAIL SERVICES.** On and after the effective date of annexation, the Annexation Areas are subject to the existing Interlocal Agreement between King County and the City of Auburn for Jail Services. This shall not preclude the City from seeking a change in the designation of the Lea Hill Urban Separator in the Countywide Planning Policies (CPPs) in the future, and if approved, the City would be able to rezone the Lea Hill Urban Separator consistent with any such change in the CPPs.
