SUMMARY OF RECOMMENDATIONS:

Department's Recommendation: Approve 1.53 acres for 50% of assessed value
Examiner's Recommendation: Approve 1.53 acres for 50% of assessed value

PRELIMINARY REPORT:

On April 13, 2018, the Department of Natural Resources and Parks (DNRP) submitted its report on file no. E17CT051 to the Examiner.

PUBLIC HEARING:

After reviewing the preliminary report and examining available information on file with the application, the Examiner conducted a public hearing on the application on April 26, 2018, in the DPER Fall City Conference Room, King County Courthouse, 516 Third Avenue, Seattle, Washington. The Examiner received the affidavit of notice publication on March 7, 2018.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the Hearing Examiner's Office.

FINDINGS AND CONCLUSIONS:

1. General Information:

Owners:	Tina and Mark Mawing 483 Paulas Circle Kearneysville, WV 25430
Location:	8829 SW 198th Street, Vashon Island
STR:	NE 05-22-03
Zoning:	RA-10SO
Parcel no.:	2495600076
Total acreage:	2.37 acres

2. The Applicants timely filed an application to King County for PBRS program current use valuation of the property to begin in 2019. As required by law, notification of the application occurred.

3. A summary of relevant PBRS categories follows below. (Plain text represents a category an applicant requested an award for and that DNRP agrees is warranted. Any ~~striketrough~~ represents a category an applicant requested an award for but that DNRP disagrees is warranted. Any *italics* represents a category an applicant did not request an award for, but that DNRP nonetheless concludes is warranted. And any *asterisk* represents a category where DNRP finds an award is warranted, but only if certain contingencies or conditions are met.)

PBRS categories:	<u>Open Space Resources</u> <i>Aquifer protection area</i> <u>Rural stewardship land</u>
------------------	--

Significant wildlife or salmonid habitat 5
~~Surface water quality buffer~~
~~Urban open space~~
Watershed protection area

Bonus Categories

Resource restoration

10

The DNRP-recommended score of 10 points results in a current use valuation of 50% of assessed value for the enrolled portion of the property. Additional credit may be awarded administratively under the watershed protection area and resource restoration categories.

Credit for the resource restoration category is subject to submittal of a resource restoration plan by **October 31, 2018**. Award of credit for this category will increase the point total by 5, and, if it addresses restoring 0.07 acres in the southeast corner of the property, the enrolling acreage to 1.60 acres.

Credit for the watershed protection area category is subject to submittal of a resource restoration plan that addresses restoring 0.07 acres in the southeast corner of the property by **October 31, 2018**. Award of credit for this category will increase the point total by an additional 5, and the enrolling acreage to 1.60 acres.

4. As to the land area recommended for PBRS enrollment, the Applicants requested none specified acres and DNRP recommends 1.53 (0.07 conditionally) acres. (Enrollment acreage is the entire parcel less the excluded area, as calculated by DNRP. In the event the County Assessor's official parcel size is revised, the PBRS acreage shall be administratively adjusted to reflect that change.)
5. Except as modified herein, the facts set forth in DNRP's preliminary report and testimony at the April 26, 2018, public hearing are correct and incorporated herein by reference. Copies of this report and DNRP's report will be provided to the Metropolitan King County Council for final approval.
6. Award under all categories must be conditioned upon the control and removal of invasive plant species on the property within a three-year period. Such control and removal is mandatory for the property to qualify as credited open space. Failure to meet this condition will cause disenrollment of the property from the PBRS program.
7. Approval, pursuant to the Public Benefit Rating System adopted by Chapter 20.36 KCC, of 10 points and a current use valuation of 50% of assessed value for 1.53 acres of the property and conditional approval of 5 additional points (which would bring the total to 15 points and 40% of assessed value for 1.60 acres of the property) or 10 additional points (which would bring the total to 20 points and 30% of assessed value for 1.60 acres of the property), is consistent with the purposes and intent of King County to maintain,

preserve, conserve, and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

1. **APPROVE** current use valuation of 50% of assessed value for the 1.53-acre enrolled portion of the property.
2. **CONDITIONALLY APPROVE** additional credit for the watershed protection area and resource restoration categories.

Credit for the resource restoration category is subject to submittal of a resource restoration plan by **October 31, 2018**. Award of credit for this category will increase the point total by 5, and, if it addresses restoring 0.07 acres in the southeast corner of the property, the enrolling acreage to 1.60 acres.

Credit for the watershed protection area category is subject to submittal of a resource restoration plan that addresses restoring 0.07 acres in the southeast corner of the property by **October 31, 2018**. Award of credit for this category will increase the point total by 5, and the enrolling acreage to 1.60 acres.

Credit for one of these categories would bring the total to 15 points and 40% of assessed value; credit for both would bring the total to 20 points and 30% of assessed value.

NOTICE OF RIGHT TO APPEAL

A person appeals an Examiner recommendation by following the steps described in KCC 20.22.230, including filing with the Clerk of the Council a sufficient appeal statement and a \$250 appeal fee (check payable to the King County FBOD). Appeal statements may refer only to facts contained in the hearing record; new facts may not be presented on appeal. KCC 20.22.230 also requires that the appellant provide copies of the appeal statement to the Examiner and to any named parties listed on the front page of the Examiner's recommendation.

Prior to the close of business (4:30 p.m.) on *May 29, 2018*, an electronic copy of the appeal statement must be sent to Clerk.Council@kingcounty.gov and a paper copy of the appeal statement must be delivered to the Clerk of the Council's Office, Room 1200, King County Courthouse, 516 Third Avenue, Seattle, Washington 98104. Prior mailing is not sufficient if actual receipt by the Clerk does not occur within the applicable time period. If the Office of the Clerk is not officially open on the specified closing date, delivery prior to the close of business on the next business day is sufficient to meet the filing requirement.

Unless both a timely and sufficient appeal statement and filing fee are filed by *May 29, 2018*, the Clerk of the Council shall place on the agenda of the next available Council meeting a proposed ordinance implementing the Examiner's recommended action. At that meeting the Council may adopt the Examiner's recommendation, defer action, refer the matter to a Council committee, or remand to the Examiner for further hearing or further consideration.

If a timely and sufficient appeal statement and filing fee are filed by *May 29, 2018*, the Examiner will notify all parties and interested persons and provide information about "next steps."
