Ordinance 16767

Proposed No. 2010-0073.1

Sponsors Phillips

1 AN ORDINANCE approving the Sallal Water Association
2 2006, Revised July 2009, Water System Plan.

3 STATEMENT OF FACTS:

- 4 1. King County adopted K.C.C. chapter 13.24, which requires approval of
5 comprehensive plans for water and sewer utilities that distribute or obtain
6 water in unincorporated King County as a prerequisite for operating in
7 unincorporated King County, receiving approval for annexation proposals,
8 being granted right-of-way franchises and being given approval for right-
9 of-way construction permits. K.C.C. 13.24.060 prescribes the
10 requirements for approval of such plans, including consistency with state
11 and local planning requirements.
- 12 2. RCW 70.116.050 requires that water system plans developed by
13 purveyors within the boundaries of a critical water supply service area be
14 reviewed by local governments to ensure that the plan is not inconsistent
15 with the land use plans, shoreline master programs and developmental
16 policies of those local governments.
- 17 3. The Sallal Water Association's last water system plan was prepared in
18 2001. Both Washington state Department of Health and King County
19 regulations require water system plans to be updated every six years.

20 4. The Sallal Water Association ("the association") is located in King
21 County and has adopted a 2006, revised 2009, water system plan ("the
22 plan").

23 5. King County has adopted a comprehensive plan that includes water
24 supply policies in its provisions for facilities and services (policies F-213
25 through F-245) that call for comprehensive plans to be consistent with
26 other adopted plans, support for regional water supply planning, pursuit of
27 reclaimed water and water conservation, and protection of water
28 resources.

29 6. K.C.C. chapter 13.24 requires review of water system plans by the
30 utilities technical review committee ("UTRC"), and that a
31 recommendation be made to the King County executive and council on the
32 plan and the requirements under K.C.C. chapter 13.24 and consistency
33 with the King County Comprehensive Plan. The UTRC has reviewed the
34 planning data and association operations and hereby finds:

35 a. The plan uses the population and employment forecasts developed by
36 the Puget Sound Regional Council for the association's service area with a
37 customized forecast appropriately used;

38 b. The plan uses King County land use classifications;

39 c. The capital facility plan is adequate to meet anticipated facility and
40 service needs;

41 d. The plan is consistent with applicable state water quality laws,
42 including the evaluation of reclaimed water use; and

43 e. The plan is consistent with other pertinent county adopted plans and
44 policies.

45 7. The Washington state Department of Health has not yet approved the
46 association's plan pending plan approval by King County.

47 8. The association completed a state Environmental Policy Act checklist
48 and King County, as lead agency, issued a determination of
49 nonsignificance for the issuance of the plan on August 5, 2009.

50 9. The association's operations and facilities meet multiple existing
51 statutory, administrative, and planning standards. As the association's
52 operations, facilities, and planning meet the requirements of the King
53 County Code and are consistent with the King County Comprehensive
54 Plan, the UTRC recommends approval of the plan.

55 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

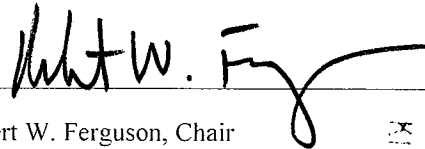

56 SECTION 1. The Sallal Water Association 2006, Revised July 2009, Water

- 57 System Plan, Attachment A to this ordinance, is hereby approved as a comprehensive
58 water system plan.

Ordinance 16767 was introduced on 2/8/2010 and passed by the Metropolitan King County Council on 3/8/2010, by the following vote:

Yes: 9 - Ms. Drago, Mr. Phillips, Mr. von Reichbauer, Mr. Gossett,
Ms. Hague, Ms. Patterson, Ms. Lambert, Mr. Ferguson and Mr. Dunn
