Ordinance 18061

Proposed No. 2015-0205.1

Sponsors Dembowski

1 AN ORDINANCE approving the Sammamish Plateau
2 Water and Sewer District 2013 Wastewater Comprehensive
3 Plan.

4 STATEMENT OF FACTS:

- 5 1. King County has adopted K.C.C. chapter 13.24, which requires
6 approval of comprehensive plans for water and sewer utilities that provide
7 service in unincorporated King County as a prerequisite for operating in
8 unincorporated King County, receiving approval for annexation proposals,
9 being granted right of way franchises, and being given approval for right
10 of way construction permits. K.C.C. chapter 13.24 prescribes the
11 requirements for approval of such plans, including consistency with state
12 and local planning requirements.
- 13 2. The Sammamish Plateau Water and Sewer District's last
14 comprehensive plan was prepared in 2005. Washington state Department
15 of Health and King County regulations require water system plans to be
16 updated every six years.
- 17 3. The Sammamish Plateau water and sewer district's service area is
18 within King County and the Sammamish Plateau Water and Sewer District
19 has adopted a comprehensive plan update ("the plan").

20 4. King County has adopted a Comprehensive Plan that includes policies
21 F-101 through F-254, the applicable portions of which address water
22 policies for facilities and services; these water policies call for consistency
23 with other adopted plans, pursuit of reclaimed water, water conservation
24 and protection of water resources.

25 consistency with other adopted plans, pursuit of reclaimed water, water
26 conservation and protection of water resources.

27 5. K.C.C. chapter 13.24 requires the utilities technical review committee
28 to review and make a recommendation to the King County executive and
29 council on the plan, the requirements under K.C.C. chapter 13.24 and
30 consistency with the King County Comprehensive Plan. The utilities
31 technical review committee has reviewed the planning data and system
32 operations and has found:

33 a. The plan uses population and employment forecasts developed by the
34 Puget Sound Regional Council;

35 b. The system's service area is in unincorporated King County;

36 c. The capital facility plan is adequate to meet anticipated facility and
37 service needs;

38 d. The plan is consistent with applicable Washington state water quality
39 laws; and

40 e. The plan is consistent with other pertinent county adopted plans and
41 policies.

42 6. Washington state Department of Ecology approval is pending upon
43 King County's approval of the plan.

44 7. Under the state Environmental Policy Act the Sammamish Plateau
45 Water and Sewer District completed an environmental check list and King
46 County issued a Determination of Nonsignificance for the plan approval
47 on April 1, 2014. There were no appeals.

48 8. The Sammamish Plateau Water and Sewer District's operations and
49 facilities meet multiple existing statutory, administrative and planning
50 standards. As the system's operations, facilities and planning meet the
51 requirements of the King County Code and are consistent with the King
52 County Comprehensive Plan, the utilities technical review committee has
53 recommended approval of the plan.

54 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

55 SECTION 1. The Sammamish Plateau Water and Sewer District 2013

56 Wastewater Comprehensive Plan, Attachment A to this ordinance, is hereby approved as
57 a comprehensive wastewater plan.
