<b>Proposed Legislation:</b>	FCD2025-03	<b>Date:</b>	February 11, 2025

**Proposed Resolution FCD2025-03: A RESOLUTION authorizing the chair to enter into the third amendment to the agreement for professional services to prepare a corridor plan and programmatic environmental impact statement on the Lower Green River Corridor Plan.**

Proposed Resolution FCD2025-03 authorizes the chair to enter into the third amendment to the agreement with Parametrix for the purpose of preparing the King County Flood Control District's (District) Lower Green River Corridor Flood Hazard Management Plan and Programmatic Environmental Impact Statement (LGRCFHMP PEIS) process. FCD2019-12 authorized the chair to enter into the original contract and FCD2024-05 was the most recent amendment to the original contract.

The District's LGRCFHMP PEIS, which was completed in 2024, represented the largest and most challenging integrated floodplain management program envisioned for the central Puget Sound area in our state's history. Now, the effort is transition from the LGRCFHMP PEIS phase into the Lower Green River Corridor Plan LGRCP (“Corridor Plan”) and Capital Investment Strategy (CIS) phase. This work will be based on the information and analysis contained in the Final Programmatic Environmental Impact Statement (PEIS) and incorporates the extensive community outreach and collaboration framework used by King County in the creation of its updated Flood Hazard Management Plan.

Under the proposed contract amendment, Parametrix tasks include:

  - a. Monthly invoices and progress report

The amendment to the contract for project management services is for an amount not to exceed total of \$1,739,408.24 and is for a term of 24 months.
