PRELIMINARY REPORT:

The Department of Natural Resources & Parks, Water and Land Resources Division Report on item no. E05CT085B was received by the Examiner on March 20, 2006.

PUBLIC HEARING:

After reviewing the report and examining available information on file with the application, the Examiner conducted a public hearing on the application as follows:

The hearing on item no. E05CT085B was opened by the Examiner at 1:52 p.m., March 29, 2006, in the Hearing Examiner's Conference Room, 400 Yesler Way, Room 404, Seattle, Washington, and closed at 1:55 p.m.

Participants at the public hearing and the exhibits offered and entered are listed in the attached minutes. A verbatim recording of the hearing is available in the office of the King County Hearing Examiner.

FINDINGS, CONCLUSIONS & RECOMMENDATION: Having reviewed the record in this matter, the Examiner now makes and enters the following:

FINDINGS:

1. **General Information:**

Owners: Arie van der Hoeven and Yuki Ito
4519 288th Avenue NE
Redmond, WA 98053

Property location: South of and adjacent to 4519 288th Avenue NE
Redmond, WA 98053

PBRS categories requested: **Open space resources**
Buffer to public land
Rural stewardship land
Significant wildlife or salmonid habitat
Surface water quality buffer area
Watershed protection area

Categories recommended: **Open space resources**
Aquifer protection area
Significant wildlife or salmonid habitat

COMMENT: The landowners currently own two parcels, #182507-9014 and #182507-9019. One application for PBRS was submitted for the two parcels. However, because the owners intend to sell parcel #9019 in the near future, two separate PBRS files have been created, one for each parcel: parcel #182507-9014 is PBRS file #E05CT085A and parcel #182507-9019 is PBRS file #E05CT085B.

Zoning: RA-5
Parcel no. 182507-9019
Total acreage: 2.94
Requested for PBRS: 1.29
Recommended PBRS: 0.86
STR: SE 18-25-07

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report for the March 29, 2006, public hearing are found correct and are incorporated herein by reference. Copies of the department report will be provided with the copies of this report submitted to the King County Council.

The staff report was revised as follows at hearing:

- A. Page 1, section A.5—total acreage is 2.94 rather than 2.95 and the recommended acreage is 0.86 rather than 0.87.

- B. Page 1, section A.5—delete the first sentence in the comment section.
 - C. Page 2, section B.5—the date of the Assessor’s information should be 03/26/06 rather than 12/16/06.
3. Timely application was made to King County for current use valuation of the subject property to begin in 2007. Notice of the application was given as required by law.
 4. The property contains priority open space resources and is eligible for a total award of 10 points under the King County Public Benefit Rating System. The resulting current use value therefore would be 50% of market value for 0.86 acres of the property.
 5. Credit may be awarded administratively for buffer to public land category subject to enrollment of parcel no. 182507-9014, adjacent to the north, in the PBRs program and the sale of parcel 182507-9019 before the end of 2006. Credit for this category would increase the total point award to 13 and result in a current use valuation of 40% for the enrolled portion of the property.

CONCLUSION:

1. Approval of current use valuation of 50% of market value for 0.86 acres of the property pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

RECOMMENDATION:

APPROVE current use valuation of 50% of market value for 0.86 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 29, 2006, public hearing, and the following additional condition of approval:

1. Credit may be awarded administratively for the buffer to public land category as stated in Finding no. 5 above. Award for this category will increase the point total to 13 and result in a current use valuation of 40% for the enrolled portion of the property.

Current use valuation shall be subject to all terms and conditions of RCW Chapter 84.34 and KCC Chapter 20.36, as may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 6th day of April, 2006.

At that meeting, the Council may adopt the Examiner's recommendation, may defer action, may refer the matter to a Council committee, or may remand to the Examiner for further hearing or further consideration.

Action of the Council is final.
