Exhibit A

Lund Consulting, Inc. Amended Scope of Work and Budget Lower Green River Corridor Flood Hazard Management Plan and Capital Investment Strategy

The Lower Green River Corridor Plan LGRCP (“Corridor Plan”) and Capital Investment Strategy (CIS) and Programmatic Environmental Impact Statement (PEIS) represent the largest and most challenging flood risk reduction and environmental mitigation investment program envisioned for the central Puget Sound area in our state’s history. The expected outcomes of the Corridor Plan and CIS are:

- A shared vision and goals for the river corridor related to flood risk reduction and multibenefits that reflects the engagement of tribes and people who live and work in the community.
- A Lower Green River Flood Hazard Management Plan and Capital Investment Strategy for adoption by the District Board of Supervisors.

Tasks

- Oversee the Lower Green River Corridor Plan and CIS to ensure a transparent, accountable, and equitable process.
- Manage contract for the technical consulting team to ensure work products meet the quality standards of the District, including overseeing the technical consulting team contract to review invoices, manage budget, and keep deliverables on track.
- Coordinate with King County Rivers and Floodplain Management staff to obtain technical support as directed by Executive Director.
- Provide direction to the technical team as questions arise, following the Executive Director’s instructions, on contract tasks.
- Provide review of draft documents on behalf of the District, coordinate review by District Executive Director and oversee revisions to draft documents for final publication.
- Meet weekly with technical team and Executive Director.
- Coordinate with team to support Partner Planning Committee, and any other advisory groups requested by the Executive Director.

Schedule

Services begin March 1, 2025 through March 30, 2027. This schedule is one month longer than the Parametrix contract to allow for close-out.
