Proposed No.: 2012-0274

PASSED: 9-0

1 **AMENDMENT TO PROPOSED ORDINANCE 2012-0274, VERSION 2**

2 On page 7 after line 134, insert:

3 "f. The solid waste division will distribute public education materials at
4 its transfer stations regarding the dangers of unsecured loads and the
5 proper manner to cover and secure materials being delivered to disposal
6 facilities. The education materials will include directions to King County
7 businesses that sell equipment to cover and secure loads. Additionally, the
8 solid waste division will work with businesses to seek to establish a
9 voucher or coupon program to reduce customers' costs of procuring
10 equipment and materials to cover loads.

11 g. The solid waste division will also work through the metropolitan solid
12 waste advisory committee to advise and assist cities to develop municipal
13 laws to cite and fine drivers of vehicles traveling with unsecured loads on
14 city streets."

15 On page 11, after line 209, insert:

16 "SECTION 3. Ordinance 11196, Section 2, as amended, and K.C.C. 10.12.040

17 are each hereby amended as follows:

18 A. In accordance with RCW 70.93.097, a fee shall be charged to all operators of
19 vehicles with unsecured loads arriving at any staffed public or private transfer facility or
20 landfill in the jurisdiction of King County. ~~((The operator of the vehicle containing the~~
21 ~~unsecured load unless exempted by the provision of subsection B. of this section shall be~~
22 ~~required to pay a fee.))~~ The unsecured load fee shall be twenty-five dollars.

23 ~~((Passenger licensed vehicles ----- \$3.00~~
24 ~~Trucks~~
25 ~~-less than or equal to 8000 pounds licensed gross vehicle weight ----- \$5.00~~
26 ~~-greater than 8000 pounds licensed gross vehicle weight ----- \$10.00))~~

27 B. The fee collected under subsection A. of this section shall be deposited, no
28 less often than quarterly, in the ~~((King County))~~ solid waste ~~((division's))~~ operating fund."

29

30 **EFFECT:** This amendment increases the uncovered load fee to a uniform amount for
31 all vehicles that arrive at a staffed transfer station or landfill. The increased amount is
32 intended to be a more effective deterrent to deliveries of uncovered loads. Additionally,
33 King County will distribute educational materials at its transfer stations regarding
34 unsecured loads and intends to develop a program with retail businesses to reduce the
35 costs to purchase materials and equipment to cover loads. Additionally, the Solid Waste
36 Division will work with cities through the Metropolitan Solid Waste Advisory
37 Committee to advise on municipal laws to cite and fine drivers traveling with unsecured
38 loads.
