

**AN INTERLOCAL AGREEMENT BETWEEN KING COUNTY AND
THE CITY OF RENTON RELATING TO THE TRANSFER OF
DRAINAGE FACILITIES**

THIS IS AN INTERLOCAL AGREEMENT between King County, a home rule charter county, a political subdivision of the State of Washington, hereinafter referred to as the "County," and the City of Renton, a municipal corporation of the State of Washington, hereinafter referred to as the "City."

- A. The County acquired two parcels for use as drainage facilities for the Coal Creek Parkway road improvements. These parcels are parcel numbers 032305-9116 and 342405-9086 ("Parcels"). The areas where these Parcels are located are now part of the City due to an approved annexation. The drainage facility sited on these Parcels is critical to the integrity of the roadway because they provide for necessary drainage.
- B. The City's annexation of the area referred to as the Merritt II Phase II annexation included Coal Creek Parkway Southeast from SE 95th Way to SE 100th Place and the Parcels.
- C. The Parcels are the site of a drainage facility and its access driveway that serve the Coal Creek Parkway SE roadway. The County wishes to transfer the Parcels to the City so that the City can properly maintain the drainage facility as needed. These Parcels are hereinafter referred to as the Parcels and are described in Exhibit 1.
- D. The City desires to accept the Parcels.
- E. The Parcels are considered surplus to the needs of the County's Road Services Division, the custodial agency, and do not meet the County affordable housing criteria.
- F. The City requests that the County transfer the Parcels to the City for maintenance of the properties in their natural condition as a reserve for future use, or if necessary, for drainage-related repairs or other purposes related to the maintenance and operation of adjacent roadways.
- G. The County is willing to comply with the City's request for the transfer of the Parcels to the City for the strict purpose of maintaining the properties as a drainage facility or other purposes related to the maintenance and operation of adjacent roadways.

NOW THEREFORE, pursuant to RCW 39.34, the Interlocal Cooperation Act, and in consideration of the terms and conditions contained herein, it is mutually agreed by the County and the City as follows:

1. COUNTY RESPONSIBILITIES

- 1.1 Within thirty (30) days of the execution of this Agreement by the parties, the County shall transfer to the City the titles and the deeds of parcels 032305-9116 and 342405-9086.
- 1.2 Upon the transfer of the Parcels, the parties agree that the County shall have no further commitment or obligation to the City related to or arising from adjacent roadways or the County-owned Parcels.

2. CITY RESPONSIBILITIES

- 2.1 The City will maintain the Parcels in their existing condition.
- 2.2 The deed to the properties shall contain all reservations of record known to the County, and the following specific covenant pertaining to use:

Parcel 342405-9086:

The Grantee shall maintain the property in its existing condition and may only use the property for drainage purposes related to the adjacent portion of Coal Creek Parkway SE, or other purposes related to the operation and maintenance of said roadway and for no other purpose without the prior written consent of the King County Road Engineer.

Parcel 032305-9116:

The Grantee shall maintain the property in its existing condition and may only use the property for access road to the drainage facility site on parcel 342405-9086 and to the property owners affected by Coal Creek Parkway Southeast improvements or other purposes related to the operation and maintenance of said roadway and for no other purpose without the prior written consent of the King County Road Engineer.

- 2.3 The City shall reimburse the County the full market value of any portion of the Parcels transferred pursuant to this Agreement that is used for purposes not authorized by this Agreement.
- 2.4 The City acknowledges that approximately 2,100 square feet portion of Parcel 032305-9116 has been transferred to May Creek Park as a condition of the State Recreation and Conservation Office to replace a

portion of the park that was converted to right of way for the Coal Creek Parkway Southeast improvements.

3. DURATION

This agreement shall be effective upon execution by both parties, and shall continue in force and in accordance with the terms of this Agreement, or until this Agreement is terminated in writing by mutual consent of both parties.

4. FINANCING

Given the nature of the undertaking described herein, no financing is required to effect the transfer of the property, aside from the conditional payment requirements set forth in Section 2.3.

5. ADMINISTRATION

Given the nature of the undertaking described herein, no administrator or joint board is required to effect the undertaking.

6. INDEMNIFICATION

Washington State law shall govern the respective liabilities of the parties to this Agreement for any loss due to property damage or injury to persons arising out of activities conducted pursuant to it.

7. AUDITS AND INSPECTIONS

The records and documents with respect to all matters covered by this contract shall be subjected to inspection, review or audit by the City or the County at the requesting party's sole expense during the term of this Agreement and three (3) years after expiration or termination. Such records shall be made available for inspection during regular business hours within a reasonable time of the request.

8. WAIVER OR AMENDMENTS

Waiver of any breach of any term or condition of this Agreement shall not be deemed a waiver of any prior or subsequent breach. This Agreement shall not be modified or amended except by an instrument, in writing, signed by the parties hereto.

9. ENTIRE AGREEMENT

This Agreement is the complete expression of the terms hereof and any representations or understandings, whether oral or written, not incorporated herein are excluded

10. INVALID PROVISION

If any provision of this contract shall be held invalid, the remainder of the agreement shall not be affected thereby if such remainder would then continue to serve the purposes and objectives of the parties.

IN WITNESS WHEREOF, the parties have executed this Agreement on the date last written below,
