RE: Case No. SOCR10HO067

1. Please see second line "FROM" above. SHARE does not have email.
2. SHARE Power Lunch/Board of Directors
P.O. Box 2548
Seattle, WA 98111
(206) 448-7889
3. a) SHARE aka S.H.A.R.E. aka Seattle Housing and Resource Effort aka SHARE/WHEEL.
b) SHARE is not a business. It is not an enterprise. Homeless people in SHARE band together to stay safe, as the public has failed to provide us with accommodations. One tool to do this is SHARE being a 501c3 nonprofit corporation.
c), Unknown
d) Unknown
e) Unknown
f) Unknown
4. Attached is the SHARE Handbook and Discrimination Policies. SHARE is a participatory democracy, not a bureaucracy. We don't write down every single way we do things. We vote, then we do. If someone doesn't like it, they can bring it up and we'll vote again.
5. Attached is charging party's Employment Contract, SHARE2 Workers Commitment to Accountability and Holly House Rules. Charging Party was neither a tenant nor resident, and was not provided accommodation by the public.
6. There are over 500 homeless people in SHARE's 15 shelters, two tent cities, and housing for work program.
7. On August 2, 2010 Charging Party complained to the House Spokesperson (an individual elected by the housing for work participants of the Holly House) that another housing for work participant had made derogatory comments to her verbally and by 'texting.' Charging party was instructed to follow standard operating procedure and write an Incident Report. Charging Party did not do so. Investigation by the House Spokesperson revealed that charging party and another resident were having a quarrel where each party was behaving obnoxiously. It was clear that while obnoxious and rude behavior was occurring from both sides, no illegal activity or sexual harassment was occurring.
Charging Party then called the police. The House Spokesperson concluded, correctly in the opinion of SHARE, that this was a frivolous 911 call. No crime, threat of a crime, or serious possibility of a crime existed. The workable grievance and complaint process had not been followed by the charging party.
The House Spokesperson concluded, correctly in the opinion of SHARE, that the police call was meant to retaliate against both the person she was quarreling with and the House

Spokesperson. Charging Party had just become aware of past legal actions involving the person she was quarreling with. Charging Party was then fired for not following proper procedure and rather making frivolous, false and malicious calls to the police. Charging Party then brought her objections to SHARE Staff, who reviewed them and concluding that the Holly House Spokesperson had followed proper SHARE procedure. The matter and its disposition was subsequently communicated to the SHARE Board of Directors.

8. Charging Party emailed City Council People, the media and many others reporting her false version of events. We heard her story from them, and informed them of the truth.

9. Charging Party's quarrel was with another housing for work participant named Dale Jackson. He was discharged at the same time as the charging party, when SHARE became aware he had lied about substantive matters during his housing for work interview. Beatrice Friberg continues to be a Housing for Work Participant at SHARE in good standing.

10. Item #10 of The First Request for Information that this memorandum responds to (Case No SOCR10HO67) is unclear and vague regarding what is being requested. SHARE will respond when SOCR explains what it is requesting.

11. SHARE is a democratic organization where decisions are democratically made by large groups. The decisions made in this instance involved many people, many who are homeless and who SHARE has no address for. In addition SHARE does not track those who participate in decision making. The principal actors have been identified: Charging Party, Beatrice Friberg and Dale Jackson. We do not know where Mr. Jackson is. We have stated where Ms. Friberg is, and she can be reached care of the SHARE Office.

12. Attached is further documentation

13. This query is too broad to respond to further than we already have.

Re: Public Records Request 14-31927

Attached is information responsive to the public record you requested. Pursuant to the Public Records Act, it may be redacted or exempt according to the following:

RCW 42.56.240(1) Investigative, law enforcement, and crime victims. Record contains specific intelligence information the non-disclosure of which is essential to effective law enforcement. 1 page law enforcement only bulletin has been withheld.

RCW 70.02.005(4) Findings.

9 pages of medical records from prior treatments for the named deceased have been withheld from this case report copy. Medical records and information are confidential.

RCW 68.50.105(1) Autopsies, postmortems – Reports and records confidential – Exceptions.

8 pages of King County Medical Examiner report 14-1191 have been withheld from this case report copy. These reports are confidential; and no qualifying relationship to receive this information was provided with request. *INFO ALSO REDACTED ON PG. 10.*

16 pages released via e-mail by T205 on 10/09/14.

If you believe the information furnished has been incorrectly redacted or is incomplete, you may file a written appeal. The appeal must include your name and address, a copy of the redacted document and a copy of this letter together with a brief statement identifying the basis of the appeal.

Please mail your appeal to:

RCP 4.4 Inadvertent Disclosure Notification: CR 26 (b) (6) Claw Back Provision

*** Please read this notice carefully ***

Dear legal practitioner: Please take notice that we take reasonable precautions to prevent the disclosure of privileged or confidential materials, including those protected by the attorney-client privilege and/or work product doctrine, when responding to request for records. These precautions include, but are not limited to, carefully locating and assembling responsive records, performing an intra-departmental review of the records for purposes of determining whether they contain any privileged or confidential materials, forwarding the records to the County Prosecuting Attorney's Office for independent legal review, meeting and conferring with the Prosecuting Attorney's Office to compare and reconcile any conflicting results of our separate independent reviews and, if necessary, creating a withholding log. Despite our having taken these precautions, occasionally a mistake is made and privileged or confidential documents are inadvertently produced. To that end, we wanted to notify you that there is a possibility that the records being produced may contain privileged or confidential materials. The inadvertent or unintentional production

Bellevue Police Department

CASE# 2014-00031927

CASE REPORT

NARRATIVE

Investigation:

On 07/01/14 at approximately 2310 hours, I was dispatched to Tent City Four located at 15727 NE 4th ST to assist AID with a CPR patient that was not responding.

Upon arrival I was brought back to "tent 15" and there were multiple AID units administering CPR to a male on the ground in front of the tent. Firefighters Lewis and Archer informed me that they were first on scene. They were told by the people in the neighboring tents that they had heard something from inside the tent then contacted the front desk, also that the male had a seizure a few days prior. The firefighters located the male on the floor of the tent and he had a "weak pulse." They pulled him out of the tent and placed him on the ground directly in front of the tent and started to perform CPR. When they checked for a pulse again they were unable to locate one. Additional AID units arrived on scene and they were relieved from CPR.

At approximately 2321 hours, AID units pronounced the male deceased. The units on scene prior to my arrival did not notice any weapons, blood, or anything that raised suspicion at the scene or on the body. They visually noticed needles inside the tent. Due to the high volume of AID units I was unable to inspect the tent when I first arrived on scene but the exterior of the tent did not show any signs of foul play. Once the AID units cleared I visually inspected the body and did not notice any obvious signs of foul play or any inside the tent. I did notice what appeared to be needle marks on his inside right elbow and needles inside the tent.

Lt Popochock arrived on scene and I informed him of the situation. Lt Popochock remained at scene and I went to the front desk area. While I was at the front desk a male named "Marvin" was also there. He informed the deceased male's name was "James Kendal". I asked him where the witnesses that were in the neighboring tents were and he initially ignored me. I pointed to two people partially blocked behind a wood divider and asked if they were the witnesses. He said they were filling out paperwork for the camp and that I could not talk to them. I asked him what their names were and he refused to tell me. I informed him that this was an open police investigation and whenever they were done with the paperwork for the camp that I would have to speak to them about what they witnessed. Marvin informed me that they did not have to talk with me and that they would not.

Officer Johnson arrived on scene and I informed her about Marvin being uncooperative and denying access to the witnesses. Marvin approached us and stood squared with his eyes wide and said, "They are not going to talk to you. How it works here is they have amenity and don't have to talk with you." At that point the situation was escalating with Marvin getting agitated and extremely uncooperative. I broke contact with him and notified Lt. Popochock of the situation. Lt Popochock went and spoke with Marvin while I stayed at the scene.

CASE# 2014-00031927

CASE REPORT

NARRATIVE (continuation)

Lt. Popochock returned to the scene and informed me that Marcy Mead was the initially 911 caller and went inside the male's tent on instruction by the dispatcher. She saw the male on the floor and relayed informing to dispatch, then AID arrived on scene. Gary Padeker was in "tent 16" and heard noised from inside "tent 15." He is the one who notified Mead of what he heard but he never went inside the tent.

Marvin came to the scene and informed me that the deceased male's was possibly a "James Wasser". A female approached Lt. Popochock and said she knew the deceased man from high school and his name was "James Wosser." NORCOM conducted a check of all three provided names and the DOL photo matched to James J. Wosser (DOB: 09/22/61).

I contacted the Medical Examiner's Office and they informed me that they would be responding to the scene. Also, Detective Mangione was notified, arrived on scene, and took control of the scene. Please refer to Detective Mangione's report for further details.

The Medical Examiner arrived on scene and took custody of the body after their investigation. Please see M.E. Case #14-01191 for further details.

After the scene was cleared by the Detective Mangione and the M.E. Office, the tent and its belongings were released to the camp.

This ends my involvement in the case.

CASE# 2014-00031927

CASE REPORT

NARRATIVE

SUPPLEMENTAL:

On July 1, 2014 I responded to Tent City 4 for a death report. I contacted Officer Crist at the front entrance. Crist advised me that she was trying to get witness statements from a few people that initially witnessed the victim having a seizure. She said "Marvin" at the front desk told her they will write their statements out but they are not going to talk to officers nor are they going to give us their names.

Marvin walked over to me and proceeded to tell me the same thing. He said that the homeless already feel violated and by giving their names they feel violated all over again. He went on to say that we are violating the person's rights. Marvin also said that he knows how officers treat homeless people when they contact them on the street. Officers are insensitive to the homeless.

After dealing with Marvin I proceeded to the scene at the back of the camp. I observed victim James on the lying on the ground in front of his tent. I could see a hypodermic needle with an orange cap on the floor in his tent.

A male who would only identify himself as Kerry Brown walked up to the scene. He told me that he had been with James earlier in the day. Kerry said James got up at 0730 and had coffee. At 1100 he saw James leave in a car with a female. He returned at about 1145 and had a guitar and another bag with him. Kerry said James went to the smoke shack at about 1230 and was talking with him. James was excited for the following day because he was getting paid. After James finished smoking he went back to his tent. This is the last time Kerry remembers seeing James. Out of nowhere Kerry told me James was diabetic and not a drug addict.

I waited at the scene until the Medical Examiner arrived. I followed the ME out with the victim and signed off on their property sheet. At no time did I touch the victim or anything at the scene.

This concludes my involvement in this case.

Page 1 of 5

Follow Up:

On 07/02/14 at approx. 2400 Hrs. I was called at home to respond to a death investigation located at 15727 NE 4 St. The area in question was inside “Tent City 4” which was set up adjacent to the Temple (west side) at the listed address.

I arrived at approx. 0023 Hrs. and contacted Ofc. Crist who advised me that the initial call was a medical call for a seizure patient. The fire department arrived on scene and performed life saving measures but was not successful. The police department was then called to investigate. The identity of the person was unknown and the staff at Tent City 4 was uncooperative in providing police with the Vict’s identity. During the course of the investigation, Ofc. Crist saw drug paraphernalia inside the Vict’s tent. Ofc. Crist then advised that the medical examiner’s office had been called and they were en route.

I viewed the Vict. lying on the ground in front of his tent. The Vict. was lying in the supine position and was fully clothed wearing a t-shirt, jeans and shoes. Attached to the Vict. was medical intervention equipment on his body which was left in place by aid personnel after they ceased life-saving efforts. The medical equipment left behind was the following:

1. Resuscitation device left in the Vict’s mouth.
2. Intravenous line and solution bag in the Vict’s left arm.

I then photographed the Vict. in place then began to view the contents of the tent while waiting for the M.E. Investigator to arrive. While viewing the Vict., I observed what appeared to be 2 needle marks beside each other on the inside of the Vict’s right arm in the area of the elbow. It is unknown as to the age of the marks but given the redness, it appeared as though they might be relatively fresh marks. There was no blood in this area to indicate that they were recent marks that might relate to this call, however, the autopsy would be able to provide additional info.

As I viewed the interior of the tent I noticed syringes on the floor of the tent, copper mesh, cotton, tissue, lighters, glass crack/meth pipe and a small make shift pot for cooking drugs. I photographed these items and later confiscated them as evidence.

During the course of the search I also located prescription medicine bottles in the name of James Wosser. At this approx. time Ofc. Crist advised me that Tent City 4 staff was beginning to cooperate and provided the name of the Vict. which was then confirmed with a photograph from prior police contact.

The M.E. Investigator then arrived on scene and photographed the scene. The body was turned over and the Vict’s wallet was removed from his left rear pants pocket and his identity was confirmed via WA. State Driver’s license.

The M.E. then emptied the Vict's right front pants pocket and removed a glass crack/meth pipe and tissue. In the left front pants pocket was the Vict's cell phone. All of the items found on the Vict's person were retained by the M.E. Investigator during the autopsy. These items would later be returned to me as possible evidence in this case.

At my request, Ofc. Crist then conducted an inventory of the Vict's medications and noted several medications. Not all medications were in their appropriate bottles.

Of the medications listed, there were pills that were not identified as they were mixed with other medications or were in unmarked bottles. I conducted a check on www.drugs.com for the pill markings and noted the following:

Line 6 above:

TEVA 74 (Zolpidem 10 mg)

Pill imprint TEVA 74 has been identified as Zolpidem tartrate 10 mg. Zolpidem is used in the treatment of insomnia and belongs to the drug class miscellaneous anxiolytics, sedatives and hypnotics. Risk cannot be ruled out during pregnancy. Zolpidem 10 mg has a low potential for abuse relative to the drugs in schedule 3. The drug has a currently accepted medical use in treatment in the United States. Abuse of the drug may lead to limited physical dependence or psychological dependence relative to the drugs in schedule 3.

TCL 080 (Sennosides 8.6 mg)

Pill imprint TCL 080 has been identified as Sennosides 8.6 mg.

Senna is used in the treatment of constipation; bowel preparation and belongs to the drug class laxatives. Risk cannot be ruled out during pregnancy. Senna 8.6 mg is not subject to the Controlled Substances Act.

Given the location of where the Vict. died and the lack of security for the Vict's medications, I seized the medications and drug paraphernalia for safekeeping pending the outcome of this investigation as determined by the King County Medical Examiner. The remaining items belonging to the Vict. were put in the care of the administrators of tent city. They were advised that this would be considered a landlord tenant situation where they would be responsible for the security and storage of the Vict's belongings under the landlord tenant laws. The administrators on site understood and locked the Vict's tent that night with the intention of gathering and boxing the Vict's property the following day. Several overall photos of the Vict's property were taken to document what was left behind and were submitted with this case.

On 08/29/14 I received the autopsy report from the King County Medical Examiner's Office. The report stated the following:

Please see RCW 68.50.105(1)

Bellevue Ladder 3 was on scene of incident #8540 at approx 2300 hours on July 1, 2014. I was part of the fire crew that was doing CPR on a man outside of a tent at "Tent City 4". I participated on the CPR event for roughly 15 minutes, mainly performing compressions. It was determined that we would cease efforts, and turn the scene over to the Bellevue Police who were on scene as well. My self and the Ladder 3 crew remained on scene for a few more minutes. We left the scene at a time that there were 2 Bellevue Police officer's in immediate proximity to the deceased man and the tent. On 7/5/2014 was dispatched to incident #8710 which involved a male that lives in "Tent City 4". During the incident the male patient stated that he lives in tent city and that he was present during incident # 8530. The patient stated that he was not sure of what happened to the patient on incident #8540 but has heard rumors that the patient wanted to die and he overdosed on heroin on purpose.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT MY STATEMENT IS TRUE AND CORRECT AND MAY BE USED IN A COURT OF LAW.

Bellevue Ladder 3 was on scene of incident # 8540 at approx 2300 hours on July 1, 2014. I was part of the fire crew that was doing CPR on a man outside of a tent at "Tent City 4". I participated on the CPR event for roughly 15 minutes, mainly performing bag-valve-mask ventilations. It was determined that we would cease efforts, and turn the scene over to the Bellevue Police who were on scene as well. During the roughly 15 minute period that we were gathering our equipment, an unnamed woman approached me and stated that she was the person who called 911. She stated that she was in the tent directly south of the tent that the man was found in. She stated that she heard some noise, and found that the man was in what she described as a seizure. She stated that she called 911, and at the direction of the dispatcher, attempted to pull the man from the tent to see if he was breathing. She stated that she had been a "home health nurse" for 30 years, so she was comfortable trying to help him. She then stated that he had told her the previous day that he wanted to kill himself. I told her that I was a member of the Fire Department, and that the Police Department would likely interview her, and she could tell her story to the Police. She stood around for a few more minutes, and then went inside her tent, which was directly south of the tent that she found the man inside. Myself and the Ladder 3 crew remained on scene for a few more minutes. We left the scene at a time that there were 2 Bellevue Police officer's in immediate proximity to the deceased man and the tent.

I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT MY STATEMENT IS TRUE AND CORRECT AND MAY BE USED IN A COURT OF LAW.
