Proposed No.: 2010-0164

1 **AMENDMENT TO PROPOSED SUBTITUTE ORDINANCE 2010-0164,**

2 **VERSION 2**

3 On page 88, at the beginning of line 1657, delete "illuminated or"

4 On page 88, line 1658, after "state" delete "highway" and insert "route"

5 On page 88, delete all language on line 1660 and insert:

6 "b. each sign, and its mounting brackets, attached to the sloping surface of

7 a roof shall not extend above the roof ridge line portion of the roof upon which the sign is

8 attached; and"

Effects:

- The sign and its structural supports must not extend above the roofline on which the sign is mounted
- Permits only non-illuminated signs
- Uses the term "routes" to clarify that the proposed code does not apply to federal highways such as Interstates 5 and 90.
