PO #:

Proponent: King County

Proposal: This is a non-project action to amend King County Code 20 (planning). The proposal is the legislative adoption of an update to standards regulating the Public Benefit Rating System (PBRs) current use tax assessment program. The program offers an incentive to preserve open space on private property in King County by providing a tax reduction.

The proposed updates would: 1) Create a new ecological enhancement category to encourage additional conservation and protection of open space resources; 2) makes procedural changes in the PBRs application review process for applications from incorporated areas of King County; and 3) make amendments to clarify language and consistency in implementation.

COMMENT PROCEDURES: This Determination of Non-significance (DNS) is issued under Washington Administrative Code (WAC) 197-11-340. The Permitting Division has determined after review of the proposed legislation, an environmental checklist and associated documents, that existing State of Washington and King County regulations and codes are sufficient to address potential impacts associated with the proposed legislation. Therefore, An Environmental Impact Statement (EIS) is not required. The issuance of this DNS does NOT constitute approval or adoption of the subject legislation.
