1 **Salaried Employee** - defined by the state Minimum Wage Act (MWA) and the Fair Labor Standards
2 Act (FLSA) and is exempt from the overtime requirements of the FLSA and MWA and is expected to
3 work the hours necessary to satisfactorily perform his/her job.

4 **Temporary Employee** - an employee who is not a regular employee (not working in a regular
5 position) as defined in this agreement and excludes administrative interns. Temporary positions
6 include both term-limited temporary positions as defined in this agreement and short-term (normally
7 less than six months) temporary positions in which a temporary employee works less than 1040 hours
8 in a calendar year, except as provided elsewhere in this agreement.

9 **Term-Limited Temporary Employee** - a temporary employee who is employed in a term-limited
10 temporary position. Term-limited temporary employees are not members of the career service.
11 Term-limited temporary employees may not be employed in term-limited temporary positions longer
12 than three years beyond the date of hire, except that for grant-funded projects, capital improvement
13 projects and information systems technology projects the maximum period may be extended up to
14 five years upon approval of the Human Resources Division director. The HRD director shall
15 maintain a current list of all term-limited employees by department.

16 **Term-limited temporary position** - a temporary position with work related to a specific grant,
17 capital improvement project, information systems technology project, or other non-routine,
18 substantial body of work, for a period greater than six months. In determining whether a body of
19 work is appropriate for a term-limited temporary position, the appointing authority will consider the
20 following:

21 a. **Grant-funded projects:** These positions will involve projects or activities that are
22 funded by special grants for a specific time or activity. These grants are not regularly available to or
23 their receipt predictable by the County.

24 b. **Information systems technology projects:** These positions will be needed to plan
25 and implement new information systems projects for the County. Term-limited temporary positions
26 may not be used for on-going maintenance of systems that have been implemented.

27 c. **Capital improvement projects:** These positions will involve the management of
28 major capital improvement projects. Term-limited temporary positions may not be used for on-going

1 management of buildings or facilities once they have been built.

2 d. Miscellaneous projects: Other significant and substantial bodies of work may be
3 appropriate for term-limited temporary positions. These bodies of work must be either non-routine
4 projects for the department, or related to the initiation or cessation of a County function, project, or
5 department.

6 e. Seasonal positions: These are positions with work for more than six consecutive
7 months, half-time or more, with total hours of at least 1040 hours in a calendar year in a work unit in
8 which a forty-hour work week is standard, that due to the nature of the work have predictable periods
9 of inactivity exceeding one month.

10 f. Temporary placement in regular positions: These are positions used to back fill
11 regular positions for six months or more due to a career service employee's absence such as extended
12 leave or assignment on any of the foregoing time-limited projects.

13 All appointments to term-limited temporary positions will be made by the appointing
14 authority in consultation with the Human Resources Director prior to the appointment of term-limited
15 temporary employees.

16 **Transfer** - movement between business teams.

1 **PREAMBLE**

2 This Agreement is the result of an interest-based bargaining process that reflects the
3 relationship between King County (the Employer) and the Service Employees International Union,
4 Local 925 (the Union). This relationship is a partnership based on mutual interests, respect, and trust.

5 This document establishes a framework within which the Employer and the Union can
6 achieve our joint mission to efficiently and effectively operate and maintain the public's wastewater
7 treatment system while providing a high quality work environment.

8 The Employer and the Union recognize that the workplace is in a period of growth and
9 change.

10 The Employer and the Union also agree that change in the workplace is an evolutionary
11 process, which requires the commitment of both parties over time. The elements of workplace
12 change, such as the Productivity Initiative, the Productivity Incentive Program, job progression, and
13 performance evaluation, must be integrated and viewed as a system.

14 In support of policies and practices that reflect our commitment to shared values, the
15 Employer and the Union:

- 16 • Listen and respond to public/customer concerns
- 17 • Trust each other
- 18 • Respect all people
- 19 • Promote a diverse workforce
- 20 • Take responsible risks
- 21 • Communicate openly
- 22 • Actively participate in decisions that affect us
- 23 • Behave the way we say we do
- 24 • Give and get reliable, quality business information
- 25 • Improve our technical excellence and teamwork
- 26 • Foster a labor/management partnership based on mutual interests
- 27 • Have fun, enjoy humor, "Lighten Up"

28 This Agreement was written through an interest-based process that allowed the Employer and

1 the Union to communicate openly to produce a contract while building positive, ongoing
2 relationships. This Agreement was developed to accomplish the following goals:

- 3 • Develop a compensation and benefit package that is the best in the wastewater treatment
4 industry, and which will attract and retain outstanding employees.
- 5 • Create an Agreement that generates gains in efficiency and effectiveness, is economically
6 feasible, and is justifiable to the Council, the ratepayer, and the public.
- 7 • Write an Agreement that is clear and easily understood.
- 8 • Develop an Agreement consistent with a supportive, productive, challenging, high-quality
9 work environment in which all employees are treated with dignity and respect and are
10 valued for their individual and team contributions.
- 11 • Collaborate to produce an excellent Agreement while building an ongoing
12 labor/management relationship based on open communications, mutual trust, and respect.
- 13 • Include a process in the Agreement by which mutually beneficial changes can take place.

1 **ARTICLE 1: LABOR/MANAGEMENT COMMITTEE**

2 **1.1 SEIU/WTD Labor Management Committee**

3 In this Agreement, the Employer and the Union set forth an approach for making ongoing
4 changes and continuous improvements in the workplace through an ongoing labor/management
5 process. Issues are to be discussed in an interest-based, collaborative manner and the
6 Labor/Management Committee (LMC) will access the services of a mutually acceptable source of
7 mediation services if consensus cannot be reached in a timely manner.

8 The Employer and the Union have established an ongoing process to identify each party's
9 issues, which may result in revisions to the current labor agreement and can address other matters,
10 mutually agreed upon between the parties.

11 To accommodate this process, the role of the LMC is to deal jointly with areas of mutual
12 interest, to move us towards our shared vision of a productive work place, and to oversee the tasks
13 and/or committees called for in this Agreement.

14 The LMC will be comprised of five (5) members of the bargaining unit who are
15 representatives of the Union and five (5) representatives of the Employer, plus one (1) representative
16 each from the Human Resources Division and the Union. The LMC will work together in the spirit
17 of and with principles consistent with the interest-based bargaining process.

18 **RESPONSIBILITIES of the LMC**

- 19 • Identify issues of mutual interest.
- 20 • Maintain and improve labor/management relations.
- 21 • Identify and solve problems.
- 22 • Provide a forum to exchange information.
- 23 • Develop an annual work program and schedule.
- 24 • Inform employees of LMC activities and actions.
- 25 • Provide an annual report.
- 26 • Perform other duties as mutually agreed to.

27 The committee will meet monthly. Changes or additions to the Agreement, policy, and/or
28 procedures will be published in draft form twenty-five (25) days prior to implementation date.

1 Comments will be considered and incorporated if appropriate. Changes or additions to the
2 Agreement, policy, and/or procedures will be made by Memorandums of Agreement or
3 Memorandums of Understanding. The Employer and the Union agree to the inclusion of handbooks
4 for programs referenced in the Agreement developed collaboratively between the Employer and the
5 Union as Appendices to the Agreement.

6 **1.2 Labor/Management Committee**

7 The Union will participate in the Wastewater Treatment Division Labor/Management
8 Committee, comprised of representatives from all labor organizations within WTD and
9 representatives of the employer.

10 **1.3 Training**

11 The LMC will sponsor joint training on changes made to this Agreement as a result of
12 negotiations. Such training shall be delivered to managers, supervisors and stewards and will be
13 considered work time.

4 employees in the wastewater treatment facilities in classifications listed in the attached wage schedule
5 marked Appendix A. Excluded are all supervisory and confidential employees.

1 **ARTICLE 3: UNION SECURITY**

2 **3.1 Membership Dues And Fees**

3 All regular and temporary employees covered by this Agreement shall, as a condition of
4 employment, on or after the thirtieth day but not later than the sixtieth day following their date of
5 employment, either (1) pay to the Union the regular initiation fee and regular monthly dues uniformly
6 required of members, or (2) pay an amount established by the Union as Agency Fees not to exceed
7 regular dues and fees uniformly required of members.

8 Failure by an employee to satisfy the above paragraph of this section shall constitute cause for
9 dismissal provided the Union makes a written request for discharge, verifying that the employee
10 received written notification of the delinquency and notification that non-payment within thirty (30)
11 days will result in discharge by the Employer.

12 **3.2 Religious Exemption**

13 Nothing contained in this Article shall require an employee to join the Union who can
14 substantiate, in accordance with existing law, bona fide religious tenets or beliefs that prohibit the
15 payment of dues to union organizations. Such employees shall pay an amount equivalent to regular
16 union dues to a non-religious charitable organization mutually agreed upon by the employee and the
17 Union to which such employee would otherwise pay the dues. The employee shall furnish written
18 proof that such payment has been made. If the employee and the Union do not reach agreement on
19 such matters, the public employment relations commission shall designate the charitable organization.

20 **3.3 Dues Deduction Procedure**

21 Regular monthly dues and initiation fees shall be deducted by the Employer from the
22 employee's paycheck when authorized in writing by the employee. The deductions will be
23 transferred to the Union monthly. The Union shall refund any amounts paid to it in error. The Union
24 will indemnify, defend, and hold the Employer harmless against any claims made and any suit
25 instituted against the Employer on account of the application of any provision of this Article. The
26 Employer shall notify the Union of changes in employment status on a monthly basis.

27 **3.4 COPE Payroll Deduction**

28 The Employer shall, upon receipt of a written authorization form that conforms to legal

1 requirements, deduct from the pay of such bargaining unit employee the amount of contribution the
2 employee voluntarily chooses for deduction for political purposes and shall transmit the same to the
3 Union.

1 **ARTICLE 7: PRODUCTIVITY INITIATIVE**

2 The management of King County Department of Natural Resources and Parks (DNRP)
3 Wastewater Treatment Division, the Union, and other labor organizations representing Wastewater
4 Treatment Division employees agree to engage in a competitiveness and productivity initiative for the
5 benefit of the employees of the division, and the ratepayers of King County, our “customers.”
6 Recognizing the inevitability of change, the parties to this agreement intend to work together to
7 manage that change to their mutual benefit. We believe the partnership we are employing will
8 continue to provide our customers with the best and most efficient, state of the art wastewater
9 treatment utility in the country, while securing excellent family wage jobs and rewarding careers for
10 the employees of the division.

11 In order to accomplish this change successfully, we agree to the following:

12 1. There will be no involuntary layoffs during the period the Productivity Pilot Program is in
13 effect between Wastewater Treatment Division of DNRP and King County government. Any
14 reductions in force necessary to help meet productivity goals will be accomplished through attrition.

15 2. This Agreement acknowledges the partnership among the management of King County
16 DNRP, Wastewater Treatment Division, the Union, and other labor organizations representing
17 Wastewater Treatment Division employees to support and manage the change process as the
18 Productivity Pilot Program is implemented, and on a continual basis thereafter.

19 3. Management is committed to providing adequate resources for appropriate and necessary
20 training, career development, and incentives consistent with the business needs, within the financial
21 constraints of the business plan.

1 **ARTICLE 8: PRODUCTIVITY INCENTIVE PROGRAM**

2 **8.1 Goals And Parameters**

3 The goals of the Productivity Incentive Program are as follows:

- 4 A. Provide financial incentives to employees to achieve higher than projected savings
5 to the sewer ratepayers.
- 6 B. Encourage teamwork.
- 7 C. Encourage employee involvement in the business.

8 The parameters of the Productivity Incentive Program shall be consistent with County Code
9 and the commitments and performance guarantees as set forth in the Wastewater Productivity Pilot
10 Program, adopted by Motion 11156 (April 27, 2001).

11 **8.2 Productivity Incentive Fund For Wastewater**

12 Henceforth, the productivity incentive fund, as defined herein, shall be established each
13 calendar year after the baseline annual operating target savings identified in the aforementioned
14 Productivity Pilot Program are met and verified through an independent review. Fifty percent (50%)
15 of those additional operating savings shall be retained by King County Wastewater Treatment
16 Division and fifty percent (50%) shall be assigned to the Productivity Incentive Fund. A minimum of
17 twenty-five percent (25%) of the funds assigned to the productivity incentive fund shall be paid out in
18 cash to all employees participating in the productivity initiative with the remaining seventy-five
19 percent (75%) distributed in accordance with Article 8.5.

20 **8.3 Productivity Incentive Plan For Wastewater Capital Fund**

21 The Productivity Pilot Program will develop a plan to identify additional savings associated
22 with portions of the Wastewater Capital Program. The method of assigning savings to the
23 Productivity Incentive Fund shall be specified in the plan. The County may not enter into any
24 agreement, memorandum of understanding or any other document with any other party which would
25 preclude the Union from participating in the Productivity Incentive Program for the Wastewater
26 Capital Program.

27 Certain capital program work of the wastewater program has traditionally been performed by
28 independent contractors procured by the county rather than county employees. If the wastewater

1 program begins to use county employees for all or any portion of such capital program work in
2 connection with implementation of the productivity initiative, subsequent use of independent
3 contractors shall not be limited as a result of this temporary pilot project.

4 **8.4 Prior Ongoing Permanent Savings**

5 In order to memorialize the gainsharing distribution for ongoing permanent savings to the
6 wastewater program achieved under a prior collective bargaining agreement, a permanent adjustment
7 for past productivity gains will continue to be added to the base hourly pay rate for all employees in
8 the bargaining unit as of the date this contract becomes effective by ordinance following the
9 ratification by King County Council and is signed into law by the King County Executive. This
10 amount shall be adjusted for COLA as described in Appendix A.

11 **8.5 Productivity Incentive Oversight Committee**

12 A Productivity Incentive Program Oversight Committee shall be responsible for oversight of
13 funds allocated to the fund. The committee shall be comprised of thirteen (13) members, four (4)
14 representatives shall be selected by SEIU, Local 925.

15 Ex-officio membership may include, but shall not be limited to the Office of the Executive
16 and the Finance & Business Operations Division of the Department of Executive Services.

17 The Productivity Incentive Program Oversight Committee shall have the authority and
18 responsibility to determine the distribution and use of the fund, subject to approval by the Division
19 Director of the Wastewater Treatment Division. In addition to the minimum annual payouts to
20 employees, as referenced in Article 8.2, the distribution of the funds may include, but not be limited
21 to:

- 22 • Increased annual payouts to employees.
- 23 • Investment in employees through training and other employee development programs.
- 24 • Award and recognition program
- 25 • Reserve fund
- 26 • Other activities consistent with achieving the goals of the Productivity Pilot Program.

27 The Productivity Incentive Program Oversight Committee shall prepare an annual report on
28 the management of the fund. The fund shall be audited on an annual basis.

1 **ARTICLE 9: TYPES OF EMPLOYEES AND PROBATIONARY PERIOD**

2 **9.1 General**

3 Employees covered by this Agreement shall be classified as regular, term-limited temporary or
4 temporary and may be either full-time or part-time. The Employer shall staff positions as full-time
5 where possible, recognizing that legitimate work requirements or employee needs may require the use
6 of part-time or temporary employees. The rights and benefits for temporary employees shall be
7 consistent with all applicable provisions of the King County Code and the King County Charter,
8 except that where this Agreement provides greater rights and benefits, the provisions of this
9 Agreement shall apply.

10 **9.2 Types Of Employees**

11 A full-time employee is one normally scheduled to work forty (40) hours per week or one who
12 works an alternative work schedule recognized as equivalent status to a forty (40) hour week.

13 A part-time employee is one normally scheduled less than forty (40) hours per week.

14 A temporary employee is one hired for a period of less than six (6) months to fill a special
15 project position of limited duration or to provide short-term replacement staffing for regular
16 employees absent from their positions for reasons such as leave of absence. A temporary employee
17 may be terminated without recourse to the Conflict Resolution and Grievance Procedure.

18 A Term-Limited Temporary Employee is a temporary employee who is employed in a term-
19 limited temporary position for a period of six (6) months or longer. Term-limited temporary
20 employees are not members of the career service. Term-limited temporary employees may not be
21 employed in term-limited temporary positions longer than three (3) years beyond the date of hire,
22 except that for grant-funded projects, capital improvement projects and information systems
23 technology projects the maximum period may be extended up to five (5) years upon approval of the
24 Director of the County's Human Resources Division of the Department of Executive Services. The
25 Director shall maintain a current list of all term-limited temporary employees by department.

26 **9.3 Probationary Period**

27 The first six (6) months of regular employment shall be a probationary period for all
28 employees. During this period an employee may be terminated without recourse to the Conflict

1 Resolution and Grievance Procedure.

2 **9.4 Trial Service Period**

3 All employees who have completed a probationary period and are promoted or transferred to a
4 different classification within the bargaining unit shall serve a six (6) month trial service period
5 during which they may be reverted back to their prior job classification and appropriate pay step for
6 cause, subject to appeal through the Conflict Resolution and Grievance Procedure. Employees
7 participating in job progression shall serve no trial service period if they are progressing in the same
8 classification family.

1 **ARTICLE 10: PERSONNEL ACTIONS**

2 **10.1 Job Postings**

3 The purpose of posting job announcements is to ensure that interested employees know of
4 vacancies that occur within the bargaining unit and that they have a reasonable chance to compete for
5 those positions.

6 **10.2 Acting Assignments**

7 Regular positions may be filled on an acting or temporary basis for no more than six (6)
8 months without a process that includes solicitation of interest among bargaining unit employees and
9 selection based upon job-related criteria. In no case will a regular position be filled on an acting basis
10 for more than one year without the mutual agreement of the Union and WTD.

11 **10.3 Transfers**

12 Bargaining unit employees who have been members of the bargaining unit for at least five
13 years, and who have had no documented performance deficiencies within the preceding six months,
14 shall have the right to transfer to openings in their job classification family based on classification
15 family seniority before openings are filled through a competitive process; provided, however,
16 management retains discretion to permit transfers of employees who do not meet the above criteria.

17 The transfer restriction based on less than five years in the bargaining unit shall not apply to
18 employees hired prior to the Union's ratification of this Agreement.

19 Employees may express interest for transfer at any time by notifying WTD HR. A list of
20 employees interested in transfer opportunities will be maintained by WTD HR. A seven day transfer
21 solicitation period shall occur prior to conducting the competitive posting. (Note: It is the
22 employee's responsibility to provide WTD HR with contact information to use in case a transfer
23 occurs while an employee is away from work.) The position will be advertised to members of the
24 bargaining unit if there are no transfer candidates.

25 **10.4 Competitive Positions**

26 Regular and special project positions lasting longer than six (6) months will use a competitive
27 selection process. All employees, including temporary employees, are eligible to apply for these
28 positions. Employees who have attained career service status or are in a regular appointment, but

1 serving a probationary period, have preference over candidates with temporary status. Probationary
2 employees who are selected for another competitive position, will serve a six (6) month probationary
3 period in their new position. If they do not successfully complete the probationary period in their new
4 position, management will make a good faith effort to assist the employee in finding another position,
5 but will not guarantee that the employee will be placed.

6 A. The Employer will post announcements of openings at all work-sites for a
7 minimum of fourteen (14) calendar days. Selection criteria developed with participation by the
8 affected business team will be established in advance of the recruitment. The announcement shall
9 include the selection criteria to be used in that selection process as well as an indication of whether
10 that recruitment process will include a list of candidates to fill vacancies that occur during the
11 following six (6) months.

12 B. The end date for special project positions will be clearly stated in the posting.

13 C. If there is a qualified internal candidate to fill the opening, based upon the selection
14 criteria for that specific position (as opposed to the more general qualifications listed in the
15 classification specification for the position), the position will be filled internally.

16 D. Except for special project positions, if an opening occurs within six (6) months of
17 the establishment of a list of qualified candidates, the Employer may select the most qualified
18 candidate(s) from the list.

19 **10.4.1 Internal Candidates**

20 Internal Candidates refers to all employees covered by this Agreement. Employees who have
21 attained career service status or are in a regular appointment, but serving a probationary period, have
22 preference over candidates with TLT or temporary status.

23 **10.4.2 External Candidates**

24 If no qualified internal candidate is selected by the appointing authority, the position may be
25 posted for applications from candidates not covered by this Agreement, following the County's
26 established hiring practices.

27 **10.5 Selection Process**

28 An interview panel, including representation from the Local 925 members on the business

1 team, will consider all qualified candidates and make referrals of qualified candidates in writing to the
2 hiring authority. Recommendations shall be based upon job-related criteria. If all candidates'
3 qualifications are comparable, then WDT-wide seniority takes precedence.

4 **10.6 Step Placement**

5 Those promoted shall move to the lowest step on the wage scale of the new classification,
6 which provides at least a one-step (approximately 5%) increase in pay over the employee's previous
7 rate of pay.

8 Employees moving from a higher to lower salary range shall be placed at a step commensurate
9 with the step's criteria, not to exceed the top step of the employee's new classification.

10 Exceptions will be made in cases where the employee is moving to a classification within a
11 higher or equivalent classification family, or to a higher or equivalent classification. In this event, the
12 employee shall be "Y" rated (frozen), if they are placed at a step that is lower than their previous base
13 rate of pay. The "Y" rate shall continue for a period of two (2) years, or until the employee
14 progresses to a step that meets or exceeds their "Y" rate, whichever is sooner. If, at the conclusion of
15 the two (2) years, the employee is still "Y" rated, the employee's base rate shall be adjusted
16 downward to the salary step commensurate with their experience based upon the step criteria.

17 Cost of Living Adjustments shall not be applied to the "Y" rate. At such time that the step
18 occupied by the "Y" rated employee meets or exceeds the employee's "Y" rate, the "Y" rating will
19 end.

20 Employees will progress through steps at one (1) year intervals. Employees who are in a job
21 progression classification and are in a shaded area before a gate, do not have a time limitation and
22 may advance when they meet the requirements of the gate. Employees serving a probationary period
23 must complete their probationary period before advancing through a gate.

24 For purposes of this section, determinations as to whether a placement falls within a higher,
25 lower or equivalent stand-alone classification or classification family will be based upon the top step
26 of the new salary range in comparison with the top step of the old salary range.

27 **10.6.1 Job Progression**

28 New employees and employees moving between classifications within the job progression

1 program will be initially placed at a step commensurate with the step's criteria. The criteria will
2 reflect the knowledge, skills, abilities, and experience required at each step. The gate criteria will
3 also apply if the classification is in job progression. Step and gate criteria for positions in the Job
4 Progression Program will be developed by the Employer and business teams, with oversight by the
5 Job Progression Oversight Committee (JPOC) and approval by the Labor Management Committee
6 (LMC). Step criteria for positions outside of the Job Progression Program will be developed by the
7 Employer and the step placement will conform to the County's personnel guidelines and applicable
8 policies.

9 Employees hired no more than two years prior to the date of the vote on this contract by the
10 full King County Council may request review of the step at which the employee was placed upon
11 hire. The request for review must be made within 45 days of the Council vote. Any changes to an
12 employee's step placement as a result of this review shall be prospective only (i.e., no retroactivity).

13 **10.7 Operator-In-Training Positions**

14 During the term of this contract, two Operator-In-Training (OIT) positions located at the
15 South Plant shall be exempt from transfer or competition from other employees in the Operator series
16 (OIT, Operator, Senior Operator, Senior Operator In Charge) at the time of the OIT opening. First
17 priority for these OIT positions shall be given to bargaining unit members (those in classifications
18 other than Operator series classifications). After one OIT position has been filled at South Plant in
19 accordance with this provision, the next position opening in the Operator family at South Plant shall
20 be filled in accordance with the normal transfer/hiring procedures outlined in Article 10 (open to all
21 bargaining unit members, including any in the Operator series). Finally, after this position in the
22 Operator family has been filled, the next OIT position at South Plant shall again be exempt from
23 transfer or competition from employees in the Operator series at that time (open to, and priority given
24 to, all bargaining unit employees outside the Operator series). Thereafter, all openings in the
25 Operator family shall be filled in accordance with the normal transfer/hiring procedures outlined in
26 this Article (Article 10).

27 **10.8 Senior Operator-in-Charge**

28 Senior Operator-in-Charge positions will be filled through a competitive recruitment process

1 of all qualified Senior Operators. These positions may be designated as permanent or non-permanent,
2 and such designation shall be made clear on the posting to fill the position. (No current SOIC
3 positions/assignments will have their duration changed.) Non-permanent Senior Operator-in-Charge
4 positions will be advertised every three years and allow for rotation of qualified employees to provide
5 development opportunities. Senior Operator-in-Charge positions are not subject to the Seniority Bid
6 Process.

7 **10.9 Seniority Bid Process - Operators**

8 **Definition:**

9 A seniority bid process for job assignments in the Operator Series shall occur every three (3)
10 years within each Section. This process allows for movement between all Business Teams in the
11 Operator Series based on Section business needs and Classification Family Seniority.

12 **Implementation:**

- 13 • The Seniority Bid Procedure shall be completed by March 31, 2008 and will take place
14 every three (3) years thereafter.
- 15 • Employees who filled a vacancy through a competitive process in the twenty-four (24)
16 months prior to the bid process date of March 31 can request to be exempt from the process
17 and remain in their current assignment. (This does not include employees who were hired,
18 transferred or promoted from outside the Operator Classification Family within this twenty-
19 four (24)-month time frame.)
- 20 • Senior Operator-In-Charge positions are exempt from this process.
- 21 • Vashon Island positions are exempt from this process.

22 **Selection Committee:**

23 The committee shall be comprised of the Section Manager, two (2) Management
24 representatives, a representative of Local 925 and two (2) Shop Stewards. The objective is to have
25 equal Union and Management representation in the decision making process. Decisions will be based
26 on:

- 27 • Business needs identified by the Section Manager (by January 1 of the applicable year).
- 28 Business needs shall include but not be limited to the number and purpose of business teams, the

1 number of Operators assigned to each business team, the mix of skill level (as determined by
2 certifications held and standing in job progression) needed for each business team. In addition,
3 assignment to the rotating shift crews will include consideration of the employee's record of
4 attendance.

5 • Employee classification family seniority. Seniority preference shall not be bypassed for
6 other than identifiable business needs.

7 • Disciplinary record of the employee for the preceding six months.

8 • In the event the Selection Committee fails to reach consensus, the final decision shall be
9 made by the Section Manager and is subject to the Grievance Procedure.

10 **Bid Selection:**

11 • All employees in the Operator Classification Family shall fill out a Bid Preference Form and
12 submit it to the Selection Committee Facilitator and be given a receipt confirming a form
13 was submitted.

14 • Bid Preference Forms which are partially filled out or not turned in by the deadline, shall be
15 considered incomplete by the Selection Committee.

16 • Bid preferences will be considered by the Selection Committee in order of classification
17 family seniority as defined in Article 11 of this Agreement.

18 **Selection Committee Process:**

19 The Selection Committee shall use the following process when determining job assignments:

20 • Review the classification family seniority roster generated by the employer and verified by
21 the Union.

22 • Consider an employee's preferences as indicated on the Bid Preference Form completed by
23 each employee (by the bid process date of January 15, 2005).

24 • Determine whether any incomplete forms have been submitted. Incomplete forms may
25 result in the committee selecting the job assignment for that employee. Selections by the
26 committee in these cases are not subject to the Grievance/Arbitration procedure.

27 • Confirm employee meets identified business needs.

28 If multiple employees meet these criteria, they are placed in order of classification family

1 seniority (Management has discretion to keep a disciplined employee in their current job
2 assignment).

3 • At the conclusion of the process, the Section Manager will notify employees of the job
4 assignments.

5 **Seniority Bid Process Time Line:**

6 • **By November 1**

7 Section Manager selects the Facilitator for the Selection Committee.

8 • **By November 10, the Facilitator will:**

9 Notify Operations employees of the upcoming process and distribute bid preference
10 forms to the employees.

11 Schedule the Management business team meeting.

12 Notify the Union Business Representative of the need to select committee members.

13 Notify the Section Manager of the need to select committee members.

14 • **Before January 1**

15 Selection Committee is identified and the Seniority Bid Process meeting is scheduled.

16 The Union is requested to verify a classification family seniority roster for each
17 section.

18 Section Manager identifies business needs.

19 • **Before January 15**

20 Classification Family Seniority roster verification due from the Union.

21 Bid Preference forms due from the employees.

22 Facilitator will have current operations roster for the meeting.

23 • **Before January 24**

24 Seniority Bid Selection meeting will occur and job assignments for employees in the

25 Operator family classification will be determined.

26 • **Before January 31**

27 Section Manager will notify employees of job assignments.

28 • **By March 31**

1 Changes in job assignments will be completed.

2 **10.10 Layoffs**

3 In the event of a need for a reduction in force, the Employer will meet with the Union as far in
4 advance as possible to identify the reasons requiring the reduction and the number and classifications
5 and/or classification families of employees affected.

6 The Employer commits to provide training to affected regular employees that allows those
7 employees to compete for other available jobs. The Employer and the Union agree that these affected
8 employees shall be given preference for job openings within the bargaining unit for which they meet
9 the minimum qualifications. If layoffs are required, the least senior employee(s) within the affected
10 classification(s) shall be laid off on the basis of classification-family seniority, provided that those
11 employees remaining on the job are qualified to perform the work assigned.

12 Employees subject to layoff from one classification family shall be allowed to exercise their
13 retained classification family seniority rights in that other classification family. In such cases, the
14 employee will be assigned to the classification which s/he last occupied within the classification
15 family. The employee will be placed at the step of the new salary range which is closest to the salary
16 that the employee received before the bump. The rate of pay may not exceed the top step of the new
17 salary range. For those classifications with Gate requirements, the employee will be placed at the
18 highest step for which they meet the Gate requirements. Employees who were Grandfathered as a
19 result of Job Progression are presumed to have met all of the Gate requirements of the classification
20 to which they bumped.

21 Employees laid off shall be eligible for recall for two (2) years from date of layoff.

22 **10.11 Recall**

23 Employees shall be recalled in the order of seniority (the most senior being recalled first)
24 provided that those recalled are qualified to perform the work assigned.

25 To be eligible for recall, a laid-off employee must keep the Employer informed of his/her
26 current address and phone number. The Employer shall notify laid-off workers of recall by certified
27 letter. When offered re-employment from layoff, the employee must indicate acceptance and report
28 for work within thirty (30) days unless unusual circumstances prohibit return within that time period.

1 Employees failing to respond and return in a timely manner shall be considered as tendering
2 their resignation from the Employer's employment.

3 **10.12 Temporary Hardship Assignments**

4 A. When an employee believes a hardship exists, s/he may contact his/her supervisor
5 in writing, explaining the hardship, with his/her request, including estimated duration.

6 B. After receipt of the request, within fourteen (14) calendar days, the employee,
7 supervisor, the designated Union representative, and the section manager will meet to discuss the
8 request. The EAP coordinator will be used as a resource if necessary. All requests and discussions
9 will remain confidential. After this meeting, the employee will be notified, in writing, within seven
10 (7) calendar days of the decision. The section manager, supervisor and the designated Union
11 representative will make the final decision.

12 C. Hardship assignments will be structured to assist the employee to move back into
13 full work schedule availability, with an agreement between the employee, the immediate supervisor
14 and the designation Union representative on a plan to return to their regular assignment.

15 D. This Section does not pertain to circumstances relating to ADA (Americans with
16 Disabilities Act), medical accommodations, FML (Family Medical Leave) or time off for
17 circumstances covered under the State of Washington Family Care Act.

18 **Intent Statement**

19 The intent of this Section is to define a hardship, its duration, and the process by which a
20 request for a temporary hardship assignment may be approved.

21 Local 925 and King County recognize that employees occasionally have personal
22 circumstances that make it difficult for them to perform their current assignment. This Section is
23 designed to provide time for the employees to resolve their hardship and return to their regular work
24 schedules and job assignments.

25 **Interpretation**

26 A hardship is a situation of less than one (1) year duration that inhibits or makes it very
27 difficult for an employee to fulfill current job responsibilities. Requests for a hardship assignment are
28 to be considered temporary and the employee shall be available for all work schedules and job

1 assignments when the hardship ends.

2 There are no specific criteria for granting hardship assignments. Approval is based on the
3 specific circumstances of each request as determined by the supervisor, section manager, and the
4 designated Union representative. The following factors are recommended for consideration:

- 5 • A limited amount of flexibility is available to assist in hardship cases and thus there
6 are a limited number of transfers that could be granted at any one time.
- 7 • The expectation is that at the end of the agreed upon time frame, the employee shall
8 return to their original assignment (unless more recent bid process resulted in
9 movement to a new assignment).

1 **ARTICLE 11: SENIORITY**

2 All regular employees shall accrue seniority from the date of hire. All probationary
3 employees completing the probationary period shall be credited with seniority retroactive to date of
4 hire.

5 Seniority shall not accrue during leaves of absence without pay in excess of thirty (30)
6 calendar days, including family leave, except for leave due to active military duty or Union business
7 (see also Article 22.3).

8 If an employee moves from a temporary employment status in a bargaining unit position to
9 regular employment status in a bargaining unit position with no break in service, the length of
10 employment in temporary employment status will be included when establishing the seniority date(s).

11 Employees promoted from one classification to another shall retain seniority earned in the
12 classification from which he/she was promoted.

13 **County-wide Seniority.** County-wide seniority is defined as the most recent period of
14 continuous service as a regular employee with King County in any combination of
15 positions/classifications.

16 The service date of regular employees who accept temporary assignments and subsequently
17 return to their regular assignment shall not be adjusted, provided that there is no break in service with
18 the County.

19 Previously accrued County-wide seniority shall be restored if the employee returns to County
20 service within two (2) years of the severed employment date, provided the employee left in good
21 standing.

22 **WTD-Wide Seniority.** WTD-wide seniority is defined as the most recent length of
23 continuous service as a regular employee with the WTD in any combination of positions.

24 **Classification Family Seniority.** Classification family seniority is defined as the most recent
25 length of continuous service as a regular employee within the Wastewater Treatment Division in a
26 given job classification family. (This definition also applies to single-level classifications.)

27 **Vashon Sewer District Seniority Credit.** Former employees of the Vashon Sewer District,
28 who were employed at the time of transfer of the Vashon Treatment facility to King County, shall be

1 credited with all forms of seniority as defined by this Agreement, retroactive to their date of hire by
2 the Vashon Sewer District.

3 **Wastewater Support Specialist Seniority Credit.** Employees assigned to the job
4 classification of Wastewater Support Specialist, as of the effective date of this Agreement, who were
5 formerly in the Maintenance Support Assistant or in an Administrative Services Specialist job
6 classification, shall be credited with classification family and classification seniority to their date of
7 hire in the Wastewater Treatment Division within those classifications.

1 **ARTICLE 12: CONFLICT RESOLUTION AND GRIEVANCE PROCEDURE**

2 **12.1 General**

3 The Employer and the Union commit to address and resolve issues in a fair and responsible
4 manner at the lowest level and to use mediation and conflict resolution methods when possible. Our
5 relationship depends on mutual respect and trust built upon our ability to recognize and resolve
6 disagreements rather than avoiding them.

7 **12.2 Types of Issues**

8 Issues may be referred by employees, the Employer, or the Union for Article 12.6 Conflict
9 Resolution and Grievance Procedures A through D except as provided herein and subject to Article
10 12.5. The only requirement is that the issue must be genuine and that the parties involved must
11 participate directly. Issues concerning Removal from Service for the employee's own medical
12 reasons, Return to Service or Leave of Absence concerning the employee's own medical reasons will
13 be handled under Article 14 of this Agreement, Medical Arbitration.

14 **12.3 Time Limits**

15 The purpose of time limits within the Conflict Resolution and Grievance Procedure (12.6) is
16 to set general guidelines and to ensure that neither party to a dispute becomes frustrated by undue
17 delay. Time limits are flexible and may be waived; however, the party awaiting a response at any step
18 (short of the last step) may advance the issue to the next step once the time limits have expired.

19 **12.4 Resource Assistants**

20 Human Resource personnel, Union representatives, and/or stewards may participate in any
21 phase of the issue resolution procedure upon request of those involved in the dispute.

22 **12.5 Complaints of Discrimination**

23 Complaints of discrimination shall be subject to the Conflict Resolution and Grievance
24 Procedure (12.6), but shall not be subject to arbitration.

25 **12.6 Procedure**

26 **Step A. Conflict Resolution Procedure (optional step)**

27 An issue may be addressed orally between the supervisor and the employee(s) involved within
28 fourteen (14) calendar days of the event or circumstance(s) giving rise to the issue(s). The parties will

1 make every effort to resolve the issue(s) within thirty (30) calendar days, however the Union may
2 advance the issue(s) to Step B at any time within thirty (30) calendar days following the initial
3 discussion with the supervisor.

4 Disputes resolved at this level shall be final and binding but shall not form precedent for any
5 other disputes arising under this Agreement.

6 **Step B. Supervisor - Formal Grievance**

7 If the issue is not resolved in Step A, the Union may present a written grievance to the
8 supervisor. In the event Step A is bypassed, the Union will present a written grievance to the
9 supervisor within fourteen (14) calendar days of the event or circumstance(s) giving rise to the
10 issue(s). In either event, the Steward shall forward a copy of the grievance to the WTD Human
11 Resources Representative and the Union office.

12 The supervisor will have fourteen (14) calendar days to provide a written response, with a
13 copy to the WTD Human Resources Representative and the Union office.

14 Disputes resolved at this level shall be final and binding but shall not form precedent for any
15 other disputes arising under this Agreement.

16 If not satisfactorily resolved, the Union may refer the grievance in writing to the next level
17 within fourteen (14) calendar days of receipt of the supervisor's response, or if no response was
18 received.

19 **Step C. Section Manager**

20 The Section Manager will have fourteen (14) calendar days from receipt of the grievance to
21 issue a written response. If the response of the Section Manager is unacceptable, the grievance may
22 be referred to Step D within fourteen (14) calendar days of the Union's receipt of the Section
23 Manager's response.

24 If mutually agreed upon by Employer and Union, the grievance may be directly referred to
25 arbitration if it concerns the proper application or interpretation of the Agreement. The Union shall
26 have fourteen (14) calendar days to request such arbitration.

27 Disputes resolved at this level shall be final and binding but shall not form precedent for any
28 other disputes arising under this Agreement.

1 **Step D. Pre-Mediation Meeting**

2 If a grievance is referred to Step D, the parties shall schedule a meeting to include the
3 grievant, a Local 925 representative, the WTD Section Manager (or designee), the King County HRD
4 assigned labor negotiator, and representative from WTD HR for the purpose of informally discussing
5 and attempting to resolve the grievance. Unless the parties agree otherwise, the Pre-Mediation
6 meeting shall occur within 30 days of the request for Pre-Mediation. The grievant may at any time
7 advance the grievance to the next step (Step E. Mediation).

8 **Step E. Mediation**

9 Mediation shall be the last step for disputes not eligible for arbitration as well as the step prior
10 to arbitration for all other disputes. The Employer and Union will have thirty (30) calendar days from
11 the mediation request date to schedule a mediation date.

12 A mediator shall be mutually agreed upon by the Employer and the Union. The mediated
13 settlement shall be binding on the parties and, unless specifically agreed otherwise, not form a
14 precedent with WTD for any other dispute arising under this Agreement. If resolution is not reached
15 in mediation, grievances may be referred to arbitration if it concerns the proper application or
16 interpretation of the Agreement.

17 **Step F. Arbitration**

18 The Union will have fourteen (14) calendar days from the conclusion of mediation to request
19 arbitration or, if there was no mediation, the Union may submit the request within fourteen (14)
20 calendar days of receipt of the Step C response. The Employer and Union will have sixty (60)
21 calendar days from the arbitration request date to schedule an arbitration date.

22 An arbitrator shall be selected by mutual agreement of the Employer and the Union. In the
23 event mutual agreement is not reached, an arbitrator shall be selected from a list provided by a
24 mutually acceptable source. In the event the parties are unable to mutually agree on a source for the
25 list of arbitrators, the parties shall request a list from the Federal Mediation and Conciliation Service.

26 The arbitrator's power shall be limited to interpreting the Agreement between the Employer
27 and the Union as it applies to the dispute before the arbitrator.

28 The Employer and the Union shall each bear the cost of its own presentation including

1 attorney's fees, regardless of the outcome. The parties shall bear equally the fees and cost of the
2 arbitrator.

3 **12.7 Initiation of Grievance at Higher Step**

4 By mutual agreement, a grievance may be initiated at a higher Grievance Step if the
5 Management Representative at the lower level would not have the authority to grant the relief sought.

1 **ARTICLE 13: CORRECTIVE ACTION AND DISCIPLINE**

2 **13.1 Teach, Lead and Coach (TLC) - Corrective Action Procedures**

3 Teach Lead and Coach (TLC) is meant to address violations of rules of minor significance or
4 unsatisfactory work performance that can normally be corrected through counseling or training. TLC
5 is non-disciplinary, but if the employee's performance or behavior does not improve, TLC
6 documentation can be used toward discipline.

7 In order to accomplish the goals set forth in the preamble, shop stewards, supervisors and
8 managers developed a Teach, Lead and Coach (TLC) Handbook which shall be an appendix to this
9 Agreement. The LMC shall review this Handbook at least once during the life of this Agreement.

10 While the desired corrective action approach is Teach, Lead and Coach (TLC), the procedure
11 does not preclude moving directly to discipline depending on the severity of the situation.

12 **13.2 Just Cause**

13 No employee who has completed probation shall be disciplined except for just cause.

14 **13.3 Progressive Discipline**

15 Discipline is meant to address violations of rules of major significance, continuing minor
16 violations or continuing unsatisfactory work performance. The Employer and the Union agree with
17 the principle of progressive discipline, which may include oral reprimands, written reprimands,
18 suspension, demotion, salary reduction, discharge, or alternative forms of discipline mutually agreed
19 upon.

20 **13.4 Appropriate Level of Disciplinary Action**

21 The type and level of disciplinary action will be determined by the nature and severity of the
22 behavior and/or performance deficiency that led to the disciplinary action, as well as the employee's
23 past disciplinary record.

24 In accordance with the Fair Labor Standards Act (FLSA), salaried (overtime-exempt)
25 personnel are not subject to unpaid disciplinary suspensions except in increments of full workweeks,
26 unless the infraction leading to the suspension is for a violation of a safety rule of major significance.

27 **13.5 Equal Application of Rules**

28 The employer will make every effort to enforce rules in a fair and consistent manner.

1 **13.6 Oral and Written Reprimands**

2 Memos to document oral reprimands, and written reprimands, shall include the following
3 information:

- 4 • The reason(s) for the reprimand
- 5 • The facts supporting the reprimand
- 6 • The form of reprimand being imposed
- 7 • The effective date(s) of the reprimand
- 8 • A clear statement as to follow-up needed (if any)
- 9 • Language advising the employee of the availability of Employee Assistance Programs
10 (EAP) may be included in the notice

11 **13.7 Pre-Disciplinary Procedures - Cases Affecting Pay Status**

12 In all cases involving the potential for suspension without pay, discharge, demotion or salary
13 reduction for disciplinary reasons, the Employer will provide the affected employee with written
14 notice and an opportunity to respond in writing and/or in person.

15 The pre-disciplinary notice will include the following information:

- 16 • The reason for the proposed discipline
- 17 • The facts supporting the proposed discipline
- 18 • The form of discipline being considered
- 19 • The date, time and location of the pre-disciplinary hearing, or deadline for submission of
20 any additional evidence or information that should be considered by the Employer in
21 making a final disciplinary decision
- 22 • Language advising the employee of the availability of Employee Assistance Programs
23 (EAP) may be included in the notice

24 **13.8 Disciplinary Decisions Affecting Pay Status**

25 Employees shall be provided with written notification of final disciplinary decisions within
26 fourteen (14) calendar days following the pre-disciplinary hearing and/or deadline for submission of
27 written responses/additional evidence.

28 The disciplinary letter shall include the following information:

- 1 • The reason(s) for the discipline
- 2 • The facts supporting the discipline
- 3 • The form of discipline being imposed
- 4 • A clear statement as to follow-up needed (if any)
- 5 • The effective date(s) of the discipline
- 6 • Statement as to the employee's right to appeal the discipline
- 7 • Language advising the employee of the availability of Employee Assistance Programs
- 8 (EAP) may be included in the notice

9 **13.9 Administrative Leave**

10 The Employer has the right to place an employee on paid administrative leave, subject to the
11 following conditions:

12 **A. Purpose of Administrative Leave.** The purpose of administrative leave is to
13 remove an employee from the workplace during the pendency of an investigation and/or until
14 discipline is imposed. Administrative leave is paid leave, and non-disciplinary in nature.

15 **B. Reasons for Administrative Leave.** Administrative leave will be used when the
16 employer believes a compelling reason necessitates the employee's removal from the workplace (e.g.,
17 endanger the employee or others, disrupt the work environment, or interfere with an investigation,
18 etc.).

19 **C. Onset of Investigation.** The Employer will make every effort to conduct and
20 complete the investigation as quickly as possible after placing the employee on paid administrative
21 leave.

22 **D. Notice to Union.** The Employer will notify a Union representative upon placing
23 an employee on administrative leave. The employee may request Union representation at any time in
24 the investigative process.

25 **13.10 Confirmation of Receipt**

26 Employees shall provide a written acknowledgement of receipt of correspondence relating to
27 corrective action and disciplinary matters. The employee's signature shall not be construed as an
28 admission of guilt.

13.11 Conflict Resolution and Grievance Procedures

All discipline of non-probationary employees shall be subject to the Conflict Resolution and Grievance Procedures in Article 12 of this Agreement.

13.12 Notice of Investigation

When the Employer determines it is necessary to investigate an employee(s) for potential misconduct, the employee(s) shall normally be informed of the need for such investigation within three (3) business days of the decision to proceed. The employee will be generally advised of the nature of the issue(s) and the estimated duration of the investigation. The Employer shall provide similar notice to the Union.

Notification may be deferred in unusual circumstances where it is possible that the investigation would be compromised as a result of providing the earlier notice.

13.13 Right to Union Representation

The parties recognize that employees have the right to have a Union representative present in any meeting where the employee has a reasonable belief that the discussion may lead to discipline.

The parties further agree that employees who are being interviewed as potential witnesses but are not the subject of investigation, will be permitted to have a Union representative present for the meeting, if more than one management representative is present.

1 **ARTICLE 14: MEDICAL ARBITRATION**

2 A grievance from an employee who is removed from service or refused permission to return to
3 service from sick leave or a leave of absence due to a physical or mental disability preventing the
4 employee from performing all of the duties of his/her position shall be processed only through the
5 following medical arbitration procedure. Nothing in this Article shall relieve the Employer from
6 meeting its duties under the Americans with Disabilities Act (ADA), state or federal law, and County
7 ordinance.

8 **Step 1.** The employee shall present to the supervisor a medical release from his/her primary
9 treating physician that authorizes the employee to perform, without restriction, all physical and
10 mental duties of his/her position. In the absence of such a medical release, the parties agree that no
11 grievance exists.

12 The Employer will evaluate the medical release from the employee's physician. If the
13 Employer does not accept the medical release, the Employer will, at its expense, refer the employee to
14 an independent consulting physician of the Employer's choice for a medical examination. The
15 medical examination shall be conducted and evaluated based upon the essential requirements of the
16 job in effect at the time of disability. If the independent consulting physician authorizes return of the
17 employee to work, the employee will be allowed to return to duty upon release without loss of any
18 form of seniority. The employee shall receive back pay from the date the employee presented an
19 acceptable medical release from his/her physician to the Employer, provided the employee was
20 available. In the event the independent consulting physician does not authorize the employee's return
21 to work and the employee still wishes to return to work, the grievance shall progress to Step 2 of this
22 Article. Such referral to Step 2 must be in writing and shall be forwarded to WTD HR.

23 **Step 2.** When the employee's physician and the independent consulting physician disagree on
24 whether the employee may return to work, the two (2) physicians shall discuss the issue. In the event
25 these physicians cannot resolve the issue, the two (2) physicians shall select a third physician who is a
26 specialist in the appropriate field of medicine. The third physician shall serve as a medical arbitrator
27 and shall examine the employee to determine whether the employee can perform all of his/her duties
28 without restriction.

1 Should the medical arbitrator determine that the employee can perform all of his/her duties
2 without restriction, the employee shall be returned to work. The medical arbitrator shall determine
3 the date upon which the employee, in the arbitrator's opinion, was able to fully perform the duties of
4 his/her position. The employee shall receive back pay, benefits, and seniority from the date
5 determined by the arbitrator.

6 Should the medical arbitrator rule in favor of the Employer, the employee's appropriate
7 placement shall be determined in accordance with the Employer's regular accommodation
8 procedures.

9 The power and authority of the medical arbitrator shall be strictly limited to determining
10 whether the employee can perform all of his/her duties without restriction. The medical arbitrator
11 shall not have the authority to add to or subtract from or modify the Employer's job descriptions. The
12 decision of the medical arbitrator shall be final and binding on all parties. The fees and expenses of
13 the medical arbitrator shall be borne equally by the Employer and the Union.

2 **15.1 Union Representative**

3 Union representatives may visit the work location of employees covered by this Agreement at
4 any reasonable time. They shall report to the appropriate manager/designee upon arrival at the work
5 site being visited.

6 **15.2 Shop Steward**

7 The Employer agrees to recognize employees appointed and identified by the Union as shop
8 stewards. When contract administration business is conducted during working hours, the employee is
9 responsible for clearing the time taken away from work with his/her supervisor.

10 **15.3 Bulletin Boards**

11 The Union shall be allowed use of bulletin board space to post Union notices that have been

1 **ARTICLE 16: CLASSIFICATIONS AND RATES OF PAY**

2 **16.1 Rates of Pay**

3 The classifications and rates of pay for all bargaining unit employees are listed in Appendix A
4 of this Agreement. Overtime pay is excluded for the calculations of the hourly rate of pay.

5 **16.2 Temporary Assignment to a Higher-Paying Classification**

6 A. An employee temporarily assigned by his/her supervisor/designee to a higher-
7 paying classification shall receive a salary adjustment to the step of the higher
8 classification/assignment that provides an increase over the employee's regular rate equivalent to at
9 least a one-step increase in the higher classification, for actual hours worked. Upgraded employees
10 will assume the FLSA status of the upgraded position.

11 For assignments of thirty (30) consecutive calendar days or more, a personnel change
12 notification (PCN) will be written and all compensated hours will be at the higher rate.

13 An employee assigned by his/her supervisor for on-the-job training in a higher paying
14 classification under the direction of others, shall not be eligible for the higher rate of pay.

15 A regular employee who accepts an appointment to a temporary position in a different
16 classification, or who is assigned to a temporary appointment, shall retain all rights to return to a
17 regular position within his/her classification including seniority, step increases, and benefits as
18 provided in the Labor Agreement unless specifically waived in writing, with a copy sent to the Union.
19 If the employee is promoted to the higher classification contiguous with the temporary
20 appointment/assignment, he/she shall accrue seniority in that classification from the first day he/she
21 accepted the appointment or was assigned to the higher classification.

22 **B. Compensation for persons filling in (relief) for an Operating Shift Supervisor:**

23 Group III certification. A Senior Operator with a Group III certification or a Senior
24 Operator-In-Charge shall be upgraded to the top step (Step 10 of Range 60) for Senior Operator-In-
25 Charge. [Note: The changes to the '03 - '06 language in this provision corresponds with placing the
26 change in wage rate for SOIC, from Range 59, Step 10, to Range 60, Step 9. By making this change
27 the SOIC wage rate remains the same, while creating a step above the SOIC rate to allow Senior
28 Operator to be upgraded to a wage rate within the Local 925 bargaining unit. As per the wage

1 addendum, SOIC does not advance beyond Step 9 of Range 60.] This differential recognizes that this
2 person is assuming the full scope of decision-making responsibilities and accountability for the
3 operation of the plant.

4 **16.3 Premium Pay for Training Responsibilities**

5 An employee assigned full time to the role of technical trainer or facilities services trainer
6 shall be paid the equivalent of Senior Operator-In-Charge.

7 **16.4 Shift Differential**

8 **16.4.1 Night Shift**

9 (a) **Non-Operations Straight Shifts** - In addition to the regularly established
10 hourly rates of pay shown in Appendix A, employees whose regularly assigned work ends between
11 8:01 p.m. and 10:00 a.m. shall receive a shift differential of one dollar (\$1.00) per hour for all
12 compensated hours. Employees temporarily assigned to such a shift are eligible for this one dollar
13 per hour shift differential for actual hours worked. This section shall not apply to salaried
14 employees.

15 (b) **Operations Rotating Shifts** - Employees regularly assigned to operations
16 rotating shift shall receive, in addition to the rotating shift premium provided for in 16.4.2, a premium
17 of 5% their regular rate of pay for all hours worked on the nighttime shift portions of the rotating
18 shift. Employees temporarily assigned to the nighttime shift portion of the rotating shift shall receive
19 the 5% rotating shift premium for hours worked on the nighttime shift portions of the rotating shift.
20 This section shall not apply to salaried employees.

21 **16.4.2 Operations Rotating Shift.** In addition to the regularly established hourly
22 rates of pay shown in Appendix A, employees regularly assigned to operations rotating shift shall
23 receive a premium of one dollar (\$1.00) per hour for all compensated hours. Employees temporarily
24 assigned to a full rotating shift cycle shall receive the rotating shift premium of one dollar per hour
25 (\$1.00). This section shall not apply to salaried employees.

26 **16.5 Standby Pay**

27 A. Employees assigned to standby duty with a pager during time off shall receive
28 three dollars (\$3.00) per hour for the actual hours assigned to standby duty, with a minimum of

1 twelve (12) consecutive hours assigned. Effective January 1, 2009, and each January 1 thereafter, the
2 amount paid under this provision shall be increased in accordance with the cost of living adjustment
3 formula applying to general wage rates in Appendix A of this agreement.

4 B. Employees shall receive a minimum of seven (7) calendar days notice in writing
5 prior to assignment on standby duty between April and October and a minimum of four (4) calendar
6 days notice between November and March, except when emergencies interfere with such practice.

7 C. Employees called to work while on standby shall be paid at time and one-half
8 (1-1/2) for actual time worked including the time required to travel from home to work location and
9 return. Employees called in to work while on standby shall not receive standby pay during the period
10 of time they receive time and one-half.

11 D. Salaried employees shall not be eligible for standby pay.

12 16.6 Call-in Pay

13 Employees not assigned to standby who are called in to work on an unscheduled basis or
14 because of an emergency, within twelve (12) hours or less of their scheduled report time, shall be paid
15 at time and one-half (1-1/2) for the actual hours worked, with a minimum of three (3) hours. If
16 subsequent call-ins fall within three (3) hours, further pay will not start until the fourth (4th)
17 unscheduled work hour. Travel time to and from the job shall be considered as working time in such
18 circumstances. Employees who have been notified more than twelve (12) hours before report time
19 that their work schedule has been changed shall not be eligible for call-in pay. Salaried employees
20 shall not be eligible for call-in pay.

21 When a call-in is cancelled, the minimum call-in pay (three hours paid at time and one-half
22 the employee's regular rate of pay) shall apply unless the cancellation occurs more than four hours
23 prior to the report time for the call-in.

24 16.6.1 Technical Call Out

25 A Technical Call Out (TCO) occurs when an employee is called to return to duty and
26 performs those duties via telephone, facsimile, computer, or similar electronic device that does not
27 require returning to a designated work site. Supervisors are responsible for determining whether an
28 employee is capable of responding electronically or if the employee needs to physically come into the

1 worksite. The supervisor must complete an "Authorization for Overtime" form and note the time
2 spent by the employee in responding (via telephone, computer, etc.) rounded up to the nearest 15-
3 minute (quarter hour) segment at a rate of time-and-one-half (1-1/2) the employee's regular rate of
4 pay. If the employee is spending a brief period of time responding ("brief" being defined as less than
5 ten minutes), the employee would not be provided with compensation.

6 **16.7 Compensation for Meetings Held on Regular Day(s) Off (RDO) or When Required**
7 **to Return to Work to Attend a Meeting**

8 Employees who are scheduled to attend meetings on their regular day(s) off or who are
9 required to return to work on a work day to attend a meeting shall be compensated as follows:

10 A. If a meeting is scheduled to be held on the employee's regular day(s) off but is
11 canceled without notification and the employee reports to work to attend the meeting, the employee
12 will receive two (2) hours of overtime pay.

13 B. If the employee attends a meeting that lasts less than two (2) hours, he/she will
14 receive the minimum of two (2) hours of overtime pay.

15 C. If the length of a meeting extends beyond two (2) hours, the employee will be
16 compensated for the total actual time spent at the meeting, at the overtime pay rate.

17 D. This section shall not apply to salaried employees.

18 **16.8 Step Increases**

19 Step increases will be awarded annually to regular and temporary full-time employees after
20 completing twelve (12) months of continuous employment for satisfactory performance. Part-time
21 employees shall be awarded step increases on an equivalent hourly basis for all compensated hours.
22 Step increases for employees in the job progression system are set forth in the job progression
23 handbook.

1 **ARTICLE 17: HOURS OF WORK AND OVERTIME**

2 **17.1 Hours of Work**

3 Regular work shifts are eight (8) hours per day for five (5) consecutive days per week, or ten
4 (10) hours per day for four (4) consecutive days per week.

5 Rotating shifts are four (4) continuous days of two (2) eleven and seven tenths (11.7) hour day
6 shifts and two (2) eleven and seven tenths (11.7) hour night shifts, followed by four (4) scheduled
7 days off before starting a new rotation cycle. Management agrees to bargain the non-monetary effects
8 of any changes to these schedules.

9 Other innovative work schedules mutually agreed upon by the Employer and the Union may
10 be utilized. Such agreement shall be confirmed in writing.

11 **17.2 Meal and Rest Periods**

12 Thirty (30) minute meal periods will be provided on the employee's time during each shift or
13 workday. Except in emergencies, employees will not be required to respond to work needs during the
14 unpaid meal period.

15 Fifteen (15) minute paid rest periods will be provided approximately midway through each
16 one-half (1/2) shift. Employees assigned to work the eleven and seven tenths (11.7) hour rotating
17 shift will be provided with three (3) fifteen (15) minute paid rest periods during each shift.

18 Employees will not be required to work longer than three (3) hours without a rest or meal
19 period except in emergencies.

20 **17.3 Overtime and Compensatory Time**

21 Paid benefit time and compensatory time does not count as time worked for purposes of
22 overtime calculation. However, employees who work more than 40 hours in a workweek (FLSA
23 workweek), will be eligible for overtime pay for all time worked beyond forty (40) in a workweek.
24 Additionally, employees who are authorized to work outside their regular workday or regular
25 workweek (starting before their regular start time, working beyond the end of their regular shift or on
26 a regular day off) will be paid either overtime for such additional hours at one and one-half (1-1/2)
27 times the employee's regular hourly rate of pay or compensatory time at the rate of one and one-half
28 (1-1/2) times the amount of overtime hours actually worked. Salaried employees shall not be eligible

1 for overtime or compensatory time.

2 Examples:

- 3 • Employees who are authorized to work before or after their regularly scheduled hours of
- 4 work are eligible for OT/CT, regardless if they had BT/CT during the workday.
- 5 • Employees who are authorized to work on their regular day off will be eligible for OT/CT,
- 6 regardless if they had BT/CT during the workweek.
- 7 • Employees who work more than forty (40) hours in their workweek will be eligible for
- 8 OT/CT.

9 For the purpose of calculating overtime, an employee's workday shall be defined as beginning
10 with the first (1st) hour of their regularly assigned shift and continuing for a total of twenty-four (24)
11 consecutive hours. The workweek shall correspond to the biweekly pay period.

12 The business teams, with approval of the plant manager, shall draft procedures for assigning
13 overtime to an employee in a week in which that employee uses BT.

14 When an employee is held over or called in for a work period that includes a regular meal
15 period, the meal period will be unpaid.

16 A. Compensatory Time. Accrued compensatory time shall be available for the
17 employee's use as paid time off the job. Compensatory time used does not count as time worked.
18 Accrued compensatory time in excess of forty-eight (48) hours (eighty hours ((80) hours) where
19 requested by the employee) shall be paid off at the conclusion of each calendar year quarter at the
20 employee's regular hourly rate of pay. A current balance of compensatory time hours available will
21 be shown on the biweekly pay stub. Employees may not use compensatory time until it is earned and
22 is shown on the biweekly pay stub.

23 B. Overtime/Compensatory Time Option. The supervisor and the employee shall
24 determine which form of compensation will be provided. The employee's preference for either
25 overtime pay or accruing compensatory time or a combination thereof will be honored. However,
26 business needs may prevent the employee from earning compensatory time in lieu of overtime pay.
27 Whenever possible, this selection shall be made prior to the employee beginning the overtime
28 assignment.

1 **17.4 Compensation for Call-in, Call-back, and Hold-Over Overtime Assignments**

2 As a result of working overtime on a call-in, call-back, or hold-over basis the preceding
3 workday/shift, employees will be compensated for time not worked due to rest. Decisions regarding
4 when an employee will work beyond his/her regular workday/shift, or whether he/she is called in or
5 called back to work shall be jointly made between the supervisor and the employee. This decision
6 will be based on business needs and safety considerations. This section shall not apply to salaried
7 employees.

8 Compensation and Available Options. Employees receive one-half (1/2) hour of
9 compensatory time for unscheduled overtime worked (referred to as CO) for each one (1) full hour of
10 overtime actually worked between the hours of 8:00 P.M. and 4:00 A.M., or if the total number of
11 hours worked (including their regular shift and overtime hours) exceeds fourteen (14) continuous
12 hours (CO to commence upon the 14th hour) when the employee is scheduled to work on the
13 following day.

14 Employees may use CO earned (from the above description) to cover hours not worked the
15 next regular work shift due to rest. The employee must be scheduled to work the following
16 workday/shift in order to be eligible to earn or use CO. CO is only available to cover hours not
17 worked the next workday/shift; it may not be used for any other reason. Employees will not be able
18 to bank, accrue, or be paid down CO hours.

19 Employees may be able to work their following entire work shift. However, this option
20 depends upon the number of overtime hours worked, the start time of their next regular workday, and
21 safety considerations.

22 Employees also have the following options available to cover hours not worked the next
23 regular work shift due to rest:

24 1. Employees may come in to work late the following workday and use accrued
25 benefit time to cover hours not worked.

26 2. Employees may come in to work late the following workday and work the same
27 number of hours they would normally work (if work is available).

28 3. Employees may use the overtime hours accrued the preceding workday "in trade"

1 for hours worked the following workday (taken as CO). Supervisors will use regular holiday (RH) on
2 employee's timeslip in order for the employee to accrue benefit time as if they had worked their
3 regular shift.

4 **17.5 Distribution of Overtime**

5 Each Business Team shall develop policies and procedures regarding the method(s) of
6 offering and assigning overtime. Such policies shall be in writing and should address the following:

- 7 • Fair and equitable distribution to the degree practicable.
- 8 • Provide for adequate rest periods to ensure employee safety.
- 9 • Address business needs and qualifications needed.
- 10 • Address emergency circumstances.

11 A copy of the Business Team Overtime policy/procedure shall be forwarded to the WTD HR
12 office and to the Local 925 office. However, in any instance where the Business Team has not
13 developed written policies and procedures for the assignment of overtime, or where the overtime
14 work spans multiple Business Teams, or where the overtime work pertains to a capital project, the
15 Plant Manager shall have the discretion as to the manner and method by which such overtime shall be
16 assigned.

17 **17.6 Work Schedule Changes**

18 Fourteen (14) calendar days notice will be given an employee prior to implementing an
19 involuntary change in the employee's regular schedule, except in cases of emergency. An employee's
20 schedule may not be changed in isolated instances (for example, bringing an employee off day shift to
21 backfill for shift crew that night, or changing an employee's schedule one week from Monday
22 through Thursday to Tuesday through Friday in order to perform duties on Friday) solely for the
23 purpose of avoiding the payment of overtime, except as provided in Article 17.7. However, nothing
24 in this section shall prevent the change of an employee's regular schedule to another regular schedule
25 (subject to the 14-day notice requirement where applicable), including when the rationale for doing so
26 is to reduce or prevent instance of overtime.

27 As provided in Article 17.1, WTD management agrees to bargain over the non-monetary
28 effects to those schedules specifically described in Article 17.1

1 **17.7 Schedule Adjustment for Training**

2 **A. Mandatory Training.** Mandatory training shall be compensated as hours worked.
3 Such training must be scheduled during the employee's regular schedule, if possible, to avoid
4 overtime. Employees shall not be required to schedule adjust for mandatory training except when
5 required to avoid working over 14 hours in a 24-hour period. (Note: OIT training shall be considered
6 mandatory training for purposes of this section.)

7 **B. Job Progression Training.** Training that is not mandatory but is required for
8 advancement through a negotiated job progression program will be compensated when attended
9 during regularly scheduled work hours. When such training falls outside of an employee's regularly
10 scheduled hours, schedule adjustments will be made whenever possible depending on staffing and
11 workload needs such that the employee may attend the training on paid time. Overtime will not be
12 granted for Job Progression training.

13 **C. Other Training.** Compensation for time in training and costs of training, such as
14 tuition, for career enhancement shall be granted in accordance with the WTD training policy.

1 **ARTICLE 18: BENEFIT TIME**

2 **18.1 General Description**

3 Effective January 1, 2001, benefit time and extended sick leave shall be combined into one
4 program. The Benefit Time (BT) Program recognizes the need for scheduled time away from the job
5 (vacation and holidays) for personal reasons and for occasions when the employee must be away
6 because of illness or injury. BT is the bank of time accrued for use during scheduled paid time off
7 and unscheduled paid time off (excluding military leave, bereavement leave and jury duty). The
8 program is designed to meet two primary goals. The first is to increase operating efficiency, and the
9 second is to treat employees with dignity and respect.

10 **Eligibility:**

11 Full-time regular, part-time regular, provisional, probationary and term-limited temporary
12 (TLT) employees shall accrue benefit time as specified in 18.4.

13 **18.2 Principles**

14 A. The Benefit Time Program is intended to provide a productive workplace where
15 employees are encouraged to be healthy and regularly be at work.

16 B. Operational efficiency is increased by the responsible management of the benefit
17 time usage.

18 C. Standards for BT usage will be developed and monitored by the Employer. These
19 standards will recognize the diverse needs of the workplace and individual business team needs. The
20 Employer will consult with the Union regarding these standards prior to implementation.

21 D. Problems regarding benefit time usage will be resolved in a positive manner
22 consistent with good coaching and conflict resolution principles.

23 E. The Labor/Management Committee is responsible for overseeing any refinements
24 or improvements to the BT Program.

25 **18.3 Guidelines**

26 A. BT is to be used for holidays, vacations, prescheduled medical appointments,
27 unexpected short-term absences, injuries and donations, and absences to care for family members
28 pursuant to federal/state law, and the County's Family Medical Leave Policy. The employee is

1 responsible for managing the use of their paid time off.

2 B. In order to use BT, the hours used must have been accrued by the pay period
3 preceding the absence.

4 C. Employees are required to submit requests and receive approval for scheduled time
5 off as far in advance as possible to facilitate business team planning, but at least prior to the end of
6 the previous shift/workday.

7 D. Employees are required to notify the Employer each day of any unscheduled
8 absence.

9 E. All BT shall be coordinated with, and supplementary to, workers' compensation.

10 F. Except for salaried employees, employees who become ill while at work shall be
11 paid the applicable accrued benefit time for that portion of the shift that they are unable to complete.

12 G. Employees unable to work because of any other personal emergency shall be
13 allowed to use BT for any unworked but scheduled hours.

14 18.4 Benefit Time Accrual

15 The BT Program is built on the sum of vacation leave, sick leave, and holiday pay and is
16 based on a bi-weekly accrual rate available to the employee as it is accumulated on a 2,080 hour year.

17 Benefit Time accrual shall be based upon County-wide seniority in accordance with the
18 following schedule:

19 Accrual Rates			
20 Years of Employment	Annual	Bi-weekly	Hourly
21 Less than 5 years	288	11.07692	0.13846
22 5 years but less than 8 years	312	12.00000	0.15000
23 8 years but less than 10 years	320	12.30769	0.15385
24 10 years but less than 16 years	352	13.53846	0.16923
25 16 years but less than 17 years	360	13.84615	0.17308

There shall be no limit on the amount of BT accrued.

18.5 Donation of Benefit Time (BT) and/or Compensatory Time (CT)

Employees will be allowed to donate their accrued BT and/or compensatory time to other employees who are unable to work due to personal circumstances, e.g., illness, injury or personal emergency. There is no limit to the amount of accrued BT and/or CT that can be donated. Hours must be donated in one-hour increments.

This donation of BT and/or CT will only be permitted in those situations where the employee to whom the hours are being donated, has or will shortly be exhausting his/her BT and/or CT. This shall be confirmed with Payroll prior to the commencement of donations by other employees.

No donation will be permitted in situations where the employee is on industrial injury status and is receiving workers' compensation benefits.

Requests for donation will be considered on a case-by-case basis and will be coordinated by the Union shop stewards. The amount of benefit time and/or compensatory time donated shall be based upon the anticipated length of time the employee will be absent from work, as supported by available documentation from the employee's physician.

Employees wishing to donate hours to another represented employee must complete a donation form and submit it to his/her section manager. The manager will approve the form based upon the above criteria and forward it to the Payroll Section.

Donated hours not used within 90 days of donation shall revert to the donor.

Upon receipt of the donation request, Payroll will process the request, and the hours will be transferred to the employees benefit time account in the next regular payroll cycle.

18.6 Cashout

A. UPON RETIREMENT OR DEATH

Upon retirement from the County or death, an employee or their beneficiary, shall be paid for up to four-hundred eighty (480) hours of accrued benefit time (BT) at 100%. All BT in excess of four hundred and eighty (480) hours shall be cashed out at 35%.

1 **B. UPON SEPARATION**

2 An employee, upon separation with the County, shall be paid for up to four-hundred eighty
3 (480) hours of accrued benefit time (BT) at 100%.

4 If an employee resigns without giving two weeks notice, the employee will forfeit thirty-three
5 percent (33%) of his or her accrued BT for that calendar year. They will be paid one-hundred percent
6 (100%) of the remaining hours up to a maximum of 480 hours.

7 If an employee leaves the Employer after working less than six (6) months, the employee will
8 forfeit sixty percent (60%) of his or her accrued BT. He or she will then be paid 40% of their accrued
9 BT at his or her regular rate of pay.

10 If the employee is terminated for just cause, the employee will forfeit thirty-three percent
11 (33%) of their accrued BT for that calendar year. They will be paid one hundred percent (100%) of
12 the remaining hours up to a maximum of 480 hours.

13 **18.7 Holidays**

14 Employees are expected to manage their use of BT to cover paid time off for holidays. If a
15 new employee does not have accrued BT to cover a holiday because it is too close to his or her hire
16 date, the employee's next paycheck will be short by the hours that his or her BT bank does not cover.

17 Except for salaried employees, all work performed on the following holidays shall be paid at
18 the rate of one and one-half (1-1/2) times the employee's hourly rate of pay for all hours worked:

- 19 • New Year's Day
- 20 • Martin Luther King's Birthday
- 21 • Washington's Birthday (also known as President's Day)
- 22 • Memorial Day
- 23 • Independence Day
- 24 • Labor Day
- 25 • Veterans Day
- 26 • Thanksgiving Day
- 27 • Day after Thanksgiving Day
- 28 • Christmas Day

- Day before or after Christmas Day (as scheduling requires for non-shift workers; shift workers will observe the day before Christmas as the holiday)

Holidays will be on the actual day of the holiday for shift crews and on the day King County observes the holiday for employees whose workdays are between Monday and Friday, inclusive. Shift employees required to work on Christmas Eve will be paid one and one-half (1-1/2) times the employee's hourly rate of pay for all hours worked.

18.8 Holiday Shift Changes

Work schedule changes during holiday workweeks shall be made at least fourteen (14) days prior to the holiday, or when a holiday work schedule is set by a business team.

The decision to modify an employee's work schedule during a holiday workweek shall be made by the employee's supervisor and business team(s) based upon the business need. Individual employees may not modify their work schedule without prior approval of their supervisor and/or business team(s).

18.8.1 Holidays for Laboratory Employees

Laboratory employees working a weekend rotating shift will observe the actual holiday. Laboratory employees working a Monday through Friday shift will follow the observed holiday schedule. Employees shall not observe a holiday more than once. For example, an employee working Monday through Friday who then works the weekend shift shall be considered to be working the weekend and therefore shall observe a Saturday holiday on the actual day (Saturday).

18.9 Benefit Time Scheduling

Benefit Time requests submitted prior to April 1 of each year shall be approved in order of WTD-Wide seniority. Benefit Time requests submitted on or after April 1 each year shall be given preference in the order received.

1 **ARTICLE 19: ATTENDANCE AWARD**

2 **19.1 Purpose**

3 As part of the Productivity Initiative, Management is committed to providing incentives which
4 are consistent with business needs and which are within the financial constraints of the business
5 plans. In order to accomplish this goal, an attendance award system has hereby been established. Its
6 purpose is to reward employees who have outstanding attendance and to encourage employees to
7 value a commitment to perfect attendance.

8 **19.2 Eligibility**

9 Regular employees with no unscheduled or unexcused absences in a consecutive twelve (12)
10 month period will be eligible for the attendance award.

11 Part-time employees' awards shall be pro-rated. Effective the first January 1 after full
12 ratification of this Agreement by both parties, eligibility for the attendance award shall be granted to
13 all regular employees with no unexcused absences and no more than one unscheduled absence in a
14 full calendar year (that is, January 1 through December 31).

15 **19.3 Administration**

16 The program became effective January 1, 2001 and will be measured by consecutive months
17 thereafter, twelve (12) months being the minimum. The award shall be cumulative but shall not
18 exceed \$500.00 for a twelve (12) month period.

4 by electronic mail. Supervisors shall forward the names of those eligible for the attendance award to
5 their section manager for approval and submission to payroll.

6 19.4 Exemptions

7 Authorized absences of 90 days or greater shall not count toward accumulation of time under
8 Section 19.2. Absences of any duration under the Family Medical Leave Act and time off due to on-
9 the-job injuries shall not be considered "unscheduled or unexcused absences" for purposes of this
10 article.

11 19.5 Transition to Calendar Year

12 Effective the first January 1 following full ratification of this Agreement by the parties,
13 eligibility for the attendance award shall be based on full calendar years, rather than any "rolling" 12-
14 month periods, as provided in Section 19.2. Transition to the calendar year system shall be as
15 follows:

16 **19.5(A) Pro-rated Payment.** For employees already earning some level of
17 attendance award, a pro-rated payment of the Attendance Award shall be made as follows:

18 i. Employees with no unscheduled or unexcused absences on or after
19 October 1 (provided that most recent "rolling" 12-month period completed prior to October 1) shall
20 be paid 25% of the attendance award level provided for in 19.5(B).

21 ii. Employees with no unscheduled or unexcused absences on or after July 1
22 (provided that most recent "rolling" 12-month period completed prior to July 1) shall be paid 50% of
23 the attendance award level provided for in 19.5(B).

24 iii. Employees with no unscheduled or unexcused absences on or after April 1

1 12-month period completed on December 31 of prior year) shall receive 100% of the attendance
2 award level provided for in 19.5(B).

3 **19.5(B) Award Level.** The applicable award level for employees shall increase to the next
4 higher level upon transition to calendar years if the employee has no unscheduled or unexcused
5 absences on or after July 1 and the employee's most recent "rolling" 12-month period completed
6 prior to July 1 of the previous year.

1 **ARTICLE 20: JOB PROGRESSION**

2 **20.1 Purpose And Intent**

3 The Employer and the Union agree to maintain a job progression system that will allow
4 employees to move through the progression dependent on their contribution to the business.

5 The goal of the Job Progression Program is to provide covered employees at WTD with the
6 opportunity for maximum career growth under a system that:

- 7 • Defines a progression path with attainable, realistic standards;
- 8 • Ensures that the same measurable criteria apply to all employees;
- 9 • Encourages employee development and career advancement;
- 10 • Increases efficiency and effectiveness in plant operation and maintenance;
- 11 • Promotes a productive, high quality work environment;
- 12 • Provides employees with maximum career growth opportunities to move through their job
13 progression series based on demonstrated skills and knowledge within the prescribed time
14 frames; and
- 15 • Compensates employees commensurate with the skills and knowledge that they have
16 demonstrated through the program.

17 The Employer and the Union recognize that the job progression system is a good investment
18 for both the employees and the County. The program will provide opportunities to employees so that
19 they may have more control over their career growth at WTD while creating a more productive,
20 higher quality work environment with increased efficiency and effectiveness in plant and conveyance
21 system operations and maintenance.

22 **20.2 System Maintenance**

23 The Employer and the Union agree to maintain the Job Progression Program. The program
24 shall be collaboratively administered by a Job Progression Oversight Committee (JPOC) composed of
25 both labor and management representatives, who shall be responsible for the day-to-day operation of
26 the program. The JPOC shall refer recommended refinement and changes which may affect contract
27 terms, to the LMC for the review process. The JPOC is empowered to hear and resolve complaints or
28 appeals relative to job progression. The JPOC shall make regular reports to the Labor/Management

1 Committee and operate under their direction. Additional guidelines regarding the Job Progression
2 Program are contained in the Job Progression Handbook and shall be considered as an Appendix to
3 the Agreement. This handbook shall be reviewed periodically by JPOC, which may recommend any
4 refinements and/or modifications which may affect contract terms to the LMC.

5 The wage structure for job progression in the Job Progression Handbook reflects a
6 collaborative agreement between the Employer and the Union. The wage structure shall be modified
7 to incorporate cost of living adjustments as described in Appendix A.

1 **ARTICLE 21: BENEFITS**

2 **21.1 Benefit Plan Administration**

3 The administration of the employee benefit plans is the responsibility of the Employer. The
4 Employer is committed to helping employees understand the benefits to which they are entitled
5 eliminating red tape where possible, and ensuring efficient administration by the parties with which it
6 contracts. The Employer may make administrative changes that are necessary or desirable and will
7 notify the Union of administrative changes as they occur.

8 The Employer shall maintain the current level of benefits under its medical, dental, vision and
9 life insurance programs during the life of this Agreement, except that:

10 A. There is an established County-wide Labor/Management Insurance Committee
11 (JLMIC) comprised of an equal number of representatives from the Employer and the King County
12 Labor Coalition whose function is to review, study, and make recommendations relative to existing
13 medical, dental, and life insurance programs.

14 B. The Union and the Employer agree to incorporate changes to employee insurance
15 benefits which the County may implement as a result of the agreement of the JLMIC.

16 **21.2 Eligibility**

17 Full-time regular, part-time regular, provisional, probationary, and term limited temporary
18 employees, their spouses, domestic partners, dependent children, and dependent children of an
19 employee's spouse or domestic partner are eligible for medical, dental, life, and disability insurance,
20 and vision benefits.

21 Regular full-time employees and their dependents and regular part-time employees who are
22 scheduled to work an average of twenty (20) hours per week in a biweekly pay period are eligible for
23 benefit coverage upon the first (1st) of the month following date of hire.

24 Temporary full-time employees and their dependents, and temporary part-time employees who
25 are scheduled to work an average of twenty (20) hours or more per week in a biweekly pay period,
26 and who are hired to fill positions intended to last one hundred eighty (180) days or longer, shall be
27 eligible for benefit coverage effective the first day of the month following date of hire.

28 Temporary full-time employees and temporary part-time employees who are hired to fill

1 positions intended to last less than one hundred eighty (180) continuous days are not eligible to
2 receive benefits. However, in the event an employee's appointment is extended beyond one hundred
3 eighty (180) continuous days, the employee shall be eligible to receive benefit coverage effective
4 upon the first of the month following one hundred eighty (180) continuous days of service.

5 **21.3 Retirement**

6 Bargaining unit employees are currently covered by either the Public Employees Retirement
7 System or by the City of Seattle Retirement System. All terms, conditions, and benefits shall be
8 pursuant to the laws, ordinances, and rules and regulations governing these retirement systems.

9 **21.4 Workers' Compensation**

10 A. The Employer will maintain workers' compensation procedures and payments
11 consistent with all state laws, administrative rules, and guidelines promulgated by the state legislature
12 and Department of Labor and Industries.

13 B. In addition to the compensation benefits accruing to employees under state
14 industrial insurance laws, or in addition to the compensation earned for alternative work, an employee
15 may use his/her accrued Benefit Time to supplement the workers' compensation payment. An
16 employee will not receive compensation in excess of what he/she would normally receive in net take-
17 home pay. Any overpayment must be returned to the Employer. Net take-home pay will be
18 calculated based on the employee's hourly wage at the time of injury times eighty (80) hours minus
19 mandatory deductions.

20 C. Employees who become injured while at work shall be paid at their regular rate of
21 pay for the remaining portion of the shift that they are unable to complete.

22 D. Employees who miss work due to on-the-job injuries will continue to accrue
23 Benefit Time on straight-time hours of work lost, for a maximum of sixty (60) workdays missed
24 during each calendar year.

25 E. While on workers' compensation, the employee must do the following:

26 1. Notify the Employer's Workers' Compensation Office if unavailable for
27 more than twenty-four (24) hours during a regular workweek, from Monday through Friday.

28 2. Inform the Employer's Workers' Compensation Office, in writing, of other

1 employment or compensation received while being paid workers' compensation.

2 3. Respond or be available for medical treatment, medical examination,
3 vocational rehabilitation, consultation, or services. If records indicate two (2) "no shows" for
4 scheduled medical or vocational services, the Employer may request suspension of benefits.

5 4. Accept alternative work when authorized by the employee's physician as
6 being able to do so.

7 5. Maintain eligibility for workers' compensation under state regulations.

8 6. Attend all meetings and independent medical examinations scheduled by
9 the workers' compensation staff or the employee's division concerning the employee's status or claim
10 when properly notified at least twenty-four (24) hours in advance of such meeting or examination
11 unless other medical treatment is scheduled on the same date which conflicts with the Employer's
12 scheduling.

13 **F.** Employees will be provided a copy of the rules in this section when they file a
14 claim for workers' compensation.

15 **21.5 Sick Child Care Benefit Program**

16 The Employer agrees to provide employees with a sick child care service for eligible
17 dependent children. The service is provided at no cost to employees. The terms of the service are
18 specified under the Employer's contract with Virginia Mason Medical Center's Tender Loving Care
19 (TLC) Program.

20 **21.6 'Home Free' Guarantee**

21 The Employer will operate a program to provide employees with a free ride home, by taxi, if
22 on a given day the employee has commuted to work by bus, carpool, vanpool, bike or walking on the
23 day of the trip and has an emergency that day which requires the employee to leave work at other than
24 the employee's regularly schedule quit time. Determination of what constitutes a qualified
25 emergency will be made at each worksite by the employee designated by the Employer. Employees
26 can exercise their 'home free' guarantee a maximum of eight (8) times per calendar year.

27 **21.7 Executive Leave**

28 FLSA exempt employees with satisfactory performance evaluations for the preceding calendar

1 year who are covered by this Agreement shall receive three days of executive leave per calendar year.
2 Executive Leave up to seven additional days per year, as provided in Executive Policy 8-1-1, may be
3 granted at the discretion of the Employer.

4 **21.8 Training**

5 WTD is committed to supporting the career development of its employees. To that end, WTD
6 has developed a policy which provides opportunities for employees to receive compensation and/or
7 reimbursement for job-related and career-related training. The Employer reserves the exclusive right
8 to develop and administer the WTD training policy in accordance with business needs and available
9 training resources (consistent with the terms of this Agreement). However, prior to making any
10 changes in the WTD training policies, the Employer will consult with the Union at the parties' Labor
11 Management Committee meetings to discuss with, and receive input from, the Union on such
12 changes.

13 **21.9 Meal Reimbursement**

14 1. Regularly Scheduled Workday. Employees shall be eligible to receive a meal
15 expense reimbursement under the following conditions:

19 c. the employee is not notified of the requirement to work the extra hours prior
20 to the calendar day the extra hours are worked.

21 2. Regular Day Off. Anytime an employee is called in (unscheduled) on a regular day
22 off and works more than ten consecutive hours, the employee shall be entitled to a meal
23 reimbursement (except when that employee is called in to work a rotating shift).

1 **ARTICLE 22: LEAVES OF ABSENCE WITH AND WITHOUT PAY**

2 **22.1 Leaves of Absence With Pay**

3 **A. Bereavement Leave.** Employees eligible for leave benefits shall be entitled to up
4 to three working days of bereavement leave for each occurrence of death of members of their
5 immediate family (as defined below) or another close relationship that may be justified in writing to,
6 and approved by, the plant manager (using WTD forms). Bereavement leave shall be taken in full
7 day increments. The maximum total number of bereavement days an employee may take in a single
8 calendar year is six. Employees who have exhausted their bereavement leave (that is, exhausted
9 either the 3-day single occurrence amount or the 6-day yearly amount) shall be entitled to use up to
10 three days of accumulated leave for each instance of death as prescribed herein. In cases of family
11 death where no accumulated leave is authorized or exists, an employee may be granted leave without
12 pay. Holidays or regular days off falling within the prescribed period of absence shall not be charged
13 against the bereavement leave allowance. "Immediate Family" means the spouse, child, parent, son-
14 in-law, daughter-in-law, grandparent, grandchild, sibling, domestic partner, and the child, parent,
15 sibling, grandparent or grandchild of the spouse or domestic partner.

16 **B. Jury Duty/Subpoena.** An employee called for jury duty or subpoenaed may be
17 allowed the necessary leave with pay not to exceed forty (40) hours per week. The employee should
18 notify his/her supervisor immediately upon receiving notification of jury duty or subpoena. As the
19 employee will be paid by the Employer, compensation received from a jury function shall be
20 submitted to the Employer. Any payment for travel expenses will be reimbursed to the employee.
21 The employee shall make every effort to report to work in case of early excusal. This section does
22 not apply when the employee is a plaintiff or defendant.

23 **C. Military Duty/Training Leave.** An employee who is a member of the
24 Washington National Guard or any organized reserve of the Armed Forces of the United States, and is
25 ordered to be on active training duty, shall be allowed military leave in accordance with federal law.
26 The employee must present orders for active or inactive training duty to his/her supervisor prior to
27 taking leave. The employee may receive military leave for weekend reservist duty.

28 **22.2 Leaves of Absence Without Pay**

1 Employees may request a leave of absence without pay by presenting a written request to their
2 immediate supervisor along with any supporting documentation. The decision to grant a leave of
3 absence without pay shall be at the discretion of the Employer, except that the Employer shall grant
4 leaves of absence without pay for the following reasons and lengths of time.

Type of Leave	Time
Family leave Maternity, paternity, adoption	Six (6) months
Medical leave	As certified by a physician
Military leave Active duty	Five (5) years unless otherwise required by law
Union business (as an officer or employee of the Union)	As required

10 22.3 Return from Leave of Absence

11 Employees wanting to return from a medical leave of absence, or who need to extend the
12 leave of absence beyond the original return date, may be required to be examined by a physician of
13 the Employer's choice at the Employer's cost to determine the employee's right to either a continuing
14 leave or return to work status. Disputes concerning an employee's own medical leave are subject to
15 the special medical arbitration process agreed upon by the Employer and the Union, as shown in
16 Article 14.

17 Employees will be re-employed in their former classification at the end of the leave, provided
18 the employee is able to perform the work. Seniority and Benefit Time accrual rates based upon
19 seniority established at the time of departure on leave of absence shall be restored when the employee
20 returns to work. No seniority or benefits will accrue while on a leave of absence without pay in
21 excess of thirty (30) calendar days except as provided in this Agreement. In the case of Union
22 business, employees granted leave will continue to earn seniority.

23 22.4 King County Family Medical Leave

24 Bargaining unit members shall be granted benefits consistent with all provisions of King
25 County's Family and Medical Leave Act (KCFML) Ordinance, No. 13377. This includes but is not
26 limited to eligibility requirements, terms, conditions and restrictions. The parties agree to re-open
27 negotiations over KCFML if terms are negotiated and agreed to in coalition bargaining which differ
28 from what the ordinance provides.

1 **ARTICLE 23: SAFETY STANDARDS**

2 The Employer and its employees value a safe working environment and recognize their
3 mutual obligation to maintain safety standards. The Employer shall adopt and enforce a program in
4 accordance with applicable state and federal laws and regulations that encourages the safety
5 committees to establish programs that meet the Employer and the employee safety needs and that
6 clearly delineates safety equipment needs, thereby setting the standard for all employees to perform
7 their duties in a safe and competent manner.

8 The Employer shall supply and maintain safety-related items and equipment in accordance
9 with established practice and special conditions.

16 The number of employees eligible for a premium under this section will be limited by

19 provided to the union on an annual basis.

7 with division established procedures and applicable policy.

8 **24.7 Performance Evaluation/Development Review**

10 reviews designed to give a fair evaluation of the work performed by the employee and to guide the
11 professional development of the employee to meet business and individual needs.

12 The Employer and the Union shall jointly develop the performance evaluation/development
13 system to be used. The Employer will provide training on the appropriate use of the performance
14 evaluation/development review process.

15 Employee's performance shall be evaluated once per year. A copy of the final evaluation will
16 be provided to the employee, and a copy will be placed in the employee's permanent personnel file.

17 The employee will be given an opportunity within thirty (30) days of the evaluation to attach
18 comments to the evaluation in the personnel file.

19 An employee may appeal the evaluation to the Section Manager if he/she disagrees with the
20 ratings.

21 **24.8 Legal Counsel**

22 Whenever an employee is named as a defendant in a civil action arising out of the
23 performance of the employee's duties and is acting within the scope of employment, the Employer
24 shall, at the written request of the employee, furnish counsel (or solely at the Employer's discretion,
25 reimburse the employee the cost of their private counsel) to represent the employee to a final
26 determination of the action, without cost to the employee.

11 Wherever a conflict may arise between said personnel policies, rules, and regulations, and this
12 Agreement, the provisions of the Agreement shall control.

I. INTRODUCTION TO THE JOB PROGRESSION PROGRAM

What is Job Progression?

Job progression allows employees to advance at WTD based on their contribution to the business, rather than on position vacancies and the current competitive employment procedures. Under job progression, each employee's progress is determined by their individual initiative to obtain and demonstrate identified knowledge, skills, and abilities in their job classification.

What are the goals, intent, and benefits of the program?

The ***goal*** of the job progression program is to provide represented employees at WTD with the opportunity for maximum career growth under a system that:

- Defines a progression path with attainable, realistic standards;
- Ensures that the same measurable criteria apply to all employees; and
- Encourages employee development and career advancement.

The ***intent*** of the program is to provide opportunities to employees so that they may have more control over their career growth at WTD.

The ***benefits*** of the program will be a more productive, higher quality work environment with increased efficiency and effectiveness in plant operations and maintenance.

Who is included in the program?

All Service Employees International Union (SEIU), Local 925 represented employees in the East and West Sections and Safety Office of WTD are a part of the job progression program except those employees in the Lead, Senior Operator In-Charge, Safety & Health Administrator IV, Inventory Purchasing Specialist III, and Helper classifications.

How will people be placed in Job Progression?

See Article 10, Section 5 of the Collective Bargaining Agreement between WTD and SEIU, Local 925.

Who oversees the program?

The LMC will oversee the implementation of the Job Progression Program, while the JPOC will be responsible for the maintenance, refinement, day-to-day operation, and changes made in the program. They will forward their recommended changes, which may affect contract items, to the LMC for final approval and the review process. The LMC may delegate specific tasks of the program to the JPOC, hired consultant(s), and/or task force(s).

How does it work?

An employee will progress through the steps on his/her anniversary date until he/she reaches a step before a gate. If the employee has met all of the Gate requirements by that time, and he/she has a "Good" or better job performance evaluation, he/she will be allowed to move through the gate to the next step of the progression. If not, he/she must meet all gate requirements before moving through the gate. There is no time limitation in a gate step.

- NOTES:**
- (1) When an employee passes through a gate, that day becomes their new anniversary date for future step-pay increases.
 - (2) New-hires initially placed in the progression at a gate step must wait until the end of the six-month probationary or other trial service period before they are eligible to advance through a gate.
 - (3) It is always the responsibility of the employee and their supervisor to identify any areas of weakness or gaps in job knowledge and develop a remedy.

How will employees move up through the progression?

Employees will get annual step increases until they reach a gate step. The gate step does not have a time limitation, but instead requires documentation of specific knowledge, skills, and abilities, along with receipt of a "good" or better job performance evaluation during the previous twelve (12)-month period, before the gate can be passed. The intent of the program is to allow employees to advance based on their documented ability to do their job and demonstrated performance.

Employees will progress according to the charts shown on the following pages. The shaded blocks before each gate have no time limit, but cannot be passed until all requirements between the gates are met. The non-shaded blocks represent steps with twelve (12)-month time requirements, and the numbers in the blocks refer to the pay step labels from the square table specified by the Agreement.

Job Progression Programs for the Laboratory and Process Groups and the Safety and Health Administrators do not use a "gate" system to advance through their progressions, but rather an alternative method to demonstrate qualifications for advancement.

II. POLICIES

Hiring practices

Since our goal is to place new employees equitably and accurately, we recommend that new employees meet standards of documented/demonstrated achievement and be placed accordingly.

Transfers

Employees who laterally transfer within the same job classification will remain at the same pay level. However, as with everyone who wants to move past a job classification gate, transferees must demonstrate/document completion of specific worksite requirements for that gate.

Challenging a Course

Section training staff (with significant input from business team representatives) will establish the learning objectives of each item required for job progression. An employee will apply in writing on the form "*Request to Challenge a Course*" (Attachment B) to their respective section Training Coordinator if they wish to "challenge" a course in the "Other" column in their progression; include all necessary supporting documentation with the form. The Training Coordinator will submit their written recommendation on the *Request to Challenge a Course* form to the Job Progression Oversight Committee. The oversight committee and a Wastewater Treatment Division Human Resources (WTDHR) representative will determine the outcome of the challenge. Regardless of the final action taken, a copy of the form shall be returned to the employee through the Training Coordinator.

Employees' Progression

- Employees with a "Good" or better Performance Appraisal will move up pay steps on their anniversary date until they reach the next gate. Please note that the program is designed in such a way that one year is required in each step except for those steps immediately in front of a gate. (See III. Administration, paragraphs 4 through 6).
- Employees placed in a pay step immediately in front of a gate (i.e., into a shaded box) may move through that gate as soon as they document that they have completed all of the requirements for that gate including task check-off, assessment, certification, or other requirements.
- If an employee demonstrates proficiency in all elements of a task to the trainer the first time, and has documentation (i.e., written or verbal proof) showing that they have completed the particular task at least twice previously, that task is considered to have been successfully completed.
- Whenever an employee passes through a gate, he/she shall be moved into the new progression's classification title (if there is a change) and to the new classification code.

III. ADMINISTRATION

1. In accordance with the Agreement, employees will be placed in the job progression system as provided in Article 10, Section 5.
2. Employees are responsible for requesting a training packet from their Supervisor, knowing the requirements of their job progression, and getting qualified for appropriate tasks and/or requesting and taking the training necessary for progression.
3. The job classification family determines the number of levels an employee can advance in a progression series.
4. Employees will move through each level (non-shaded boxes) on completion of one year of service with an overall "Good" or better score on a Performance Evaluation conducted within the last 12 months. Employees move through a gate (shaded box) as described in paragraphs five (5) and six (6) below.
5. Through their Supervisor, employees may request to move through a gate at any time when they reach the shaded level in front of a gate; to move through the gate, they must meet the criteria in #6 below.
6. To move through a gate an employee must:
 - Complete all job progression requirements for that gate; and
 - Have an overall "Good" or better score on a Performance Evaluation conducted within the last twelve (12) months.

(If no Performance Evaluation has been performed during the last twelve (12) months, the employee must request a Performance Evaluation and receive a "Good" or better rating before advancing to the next level. Once the request has been made, a Supervisor must conduct a Performance Evaluation within one month, or the employee may progress without the Performance Evaluation if all other job progression criteria are met. If an employee receives less than a "Good" rating on their last Performance Evaluation, that employee and their supervisor shall develop an action plan that specifically identifies the issue(s), how the issue(s) shall be addressed, how they will know when the issue(s) has been remedied, and a timeline.)

7. Pursuant to WTD training policies, supervisors are required to develop and follow an individual training plan with each of their employees. Employees will be responsible to work with their Supervisors to develop an individual training plan. Supervisors are responsible for informing the employees about the sign off procedures and which designees are authorized to certify tasks. The parties recognize the need to provide training and skills test opportunities to employees in a timely manner, however it is understood that business needs do not always accommodate the employee's desired pace of advancement. When an employee believes that there has been an undue delay, and s/he has been unsuccessful resolving the issue with his/her supervisor, s/he may appeal to the JPOC for a remedy.

-
8. The Job Progression Oversight Committee will work with employees and their supervisors on resolving issues related to job progression. Such issues include, but are not limited to access to training, training availability, and denial of individual task sign-off or Official Task Sign-Off Sheet by supervisor or designee. The employee may have a Union representative assist with this process. The JPOC will issue as prompt a decision as is practicable, considering the nature and urgency of the issue as well as business needs. The JPOC will have authority to resolve issues and make decisions if there is consensus. If the delay is found to be unjustified and has created an economic impact on the employee, the JPOC may recommend to the LMC an economic remedy. Should JPOC fail to reach consensus on an issue, the Union may file a grievance on the issue in accordance with Article 12.6 at Step C (Section Manager) of the Collective Bargaining Agreement.
 9. The JPOC will periodically audit the Job Progression Program, as well as work with employees on ideas or recommended changes to the program and determine what makes good business sense. Business Teams or individual employees may submit recommendations for improvements, which shall be in writing, to the JPOC for consideration at their monthly meetings. The JPOC will do the research and make requests for assistance and/or review by the necessary King County divisions, (such as HRD) before forwarding recommendations to the LMC for review and/or subsequent approval.
 10. Training sessions developed for progression will be given by qualified personnel (e.g., trainers or individuals designated by their supervisors or managers to conduct specific training), or in classes offered through the County vendors, or local colleges. The supervisor will work with the designated trainer to adjust the trainer's workload to accommodate the on-the-job training duties.
 11. Individual tasks and/or training courses within a progression will be signed off by the supervisor and/or designee, if any, assigned by the supervisor to certify the task. The supervisor is ultimately responsible for the final signature verification of each task and the final certification. If one or more tasks are not passed, the supervisor will explain deficiencies and assign the employee for training. The official task sign off sheets or course records will be signed by the employee being checked off, the person certifying the task, and the supervisor of the employee being signed off. (Note: The person certifying a task and/or training course is ensuring that an employee is competent to perform that task(s) or the activity or skill taught in the course.)
 12. In the case where a task is not passed on the first attempt, a minimum time period of seven (7) calendar days must elapse before an employee can request a re-evaluation.
 13. In a case where multiple demonstrations are required for the same task, only one (1) demonstration can be checked off per workday.
 14. Business teams will decide how to keep in-progress files for job progression work (e.g., each employee keeps their own files. A central file to be kept at the job site, etc.). Employees will also send a copy of their completion records to their section's Technical Training Coordinator for filing. (Note: employees are expected to keep copies of their own work).

-
15. Supervisors will sign the appropriate personnel document for progression through the gate and submit all signed supporting documents to their section's support staff for their section manager's signature. Completed paperwork will be promptly forwarded to the WTD Human Resource Office so that adjustments to an employee's compensation can be made. Copies will be sent to the appropriate locations, such as the section or business team's training file.
 16. An employee's pay will be adjusted at the start of the pay period following their certification date which is the date their supervisor signs the final personnel documents for progressing through the gate. The date of the first day in that pay period becomes their new anniversary date for purposes of step progression.
 17. If an employee completes all gate requirements, and is within sixty (60) days of moving into a gate step, any new or updated materials issued during that sixty (60) day period will not keep them from progressing through that gate, but will need to be completed before the next gate can be passed.

IV. TRAINING

1. Section training coordinators, in conjunction with business teams, will develop consistent progression standards and task lists.
2. The section trainers or HRD will assign classroom trainers for job progression items (for classes offered through the Employer's course listings) with the concurrence of the employee's supervisor.
3. On-the-job training will be conducted within business teams and it will be up to the business team to designate trainers for their teams.
4. Items listed in the "Other" column on the job progression outlines are available in various formats from different sources: books, videos, TPC courses, internal sources in King County including courses offered by HRD, staff in various departments and outside vendor training.

INSTRUCTIONAL METHODS AND/OR WAYS OF PERFORMING TASK EVALUATIONS

THE FOUR PREFERRED INSTRUCTIONAL METHODS AND/OR WAYS OF PERFORMING TASK EVALUATIONS

1. Actual Demonstration

Actual demonstration involves the trainee giving a hands-on demonstration of the task as written in the standard operating procedure (SOP) on the actual piece of equipment, system, or process the SOP was written for. This is normally performed by memory, except for tasks that are rarely performed. An actual demonstration is the preferred way to perform a task evaluation, as long as it does not adversely affect plant operation.

2. Simulation/Slow Run Through (SRT)

Simulation/Slow Run Through (SRT) is a hands-on demonstration of an entire task using the written standard operating procedure (normally from memory), with the trainee telling what they are doing, demonstrating proper safety, hand/power tool operation, and describing the effects on other parts of the plant. This is done by physically walking through the entire task, operating tools and equipment, if only momentarily, and verbally explaining the task so the evaluator can determine that the trainee knows how to perform the task. This is usually done for tasks that cannot be performed without adversely affecting plant operation. An example would be taking a primary sedimentation tank out of service for cleaning and maintenance (a simulated SRT would be best with gates partially installed and air wrenches operated with minimal gate movement so plant operation is not affected). A simulated SRT requires the trainee to demonstrate and explain the SOP with the same 100% accuracy as when actually performing the task.

3. Duplication

Duplication is the construction or assembly of parts and equipment that are the real thing or that exactly duplicate the actual task. This requires use of the same tools, procedures, and parts as in the real task. One example is the East Section Chlorine Training Dome. It is currently being retrofitted with a working pigtail (actual part), correct gaskets, and a method for pressurization that will allow for leak testing. This will give the trainee hands-on experience working with the real parts and tools and test the integrity of the connection in a non-hazardous environment. Another example is at the West Section, where a chlorine ton container is set up for B-kit training so a trainee can practice how to use the different patch options without the possibility of disrupting chlorine operation.

4. Table Topping

Table Topping is an instructional method that involves use of blueprints, wiring diagrams, plant layouts, vendor manuals, and plant manuals to refresh knowledge and skills where documented learning has already occurred. It is done in a classroom/control room setting to refresh previously trained personnel who have been on a work assignment that took them away from knowledge and skills they had learned but not experienced for one or more years. It is not primarily done to evaluate performance of a task, but as an instructional method.

V. CONTINUOUS IMPROVEMENT

The JPOC will be a standing committee to assure smooth functioning of the job progression system. The committee will meet monthly to bring any questions or issues to the group to resolve.

At least quarterly, the committee will:

- ask the section Training Coordinators to submit a report on the number of employees moving through gates within a job classification and the business teams of these employees, and
- present a progress report to the LMC and forward any recommended program changes to the LMC for their consideration and approval.

At least semi-annually, the committee will:

- send a survey to each employee in the Job Progression Program to ask for feedback on the program from them and their business team.

III. WHEN SHOULD TLC OCCUR?

- TLC should occur when an employee's performance is positive.

Example: Today, I received a compliment from Bob about your work on the Hydraulics class. He appreciated how you were able to gather and organize the information by the deadline, and present it in a logical, understandable manner.

- TLC should occur when an employee's performance or behavior requires correction.

Seeking Clarification of Retroactive Shift Differential Pay for Shift Operators

Whereas the Union and County have realized that a question exists regarding a provision of their agreement concerning the duration and amount of retroactive shift premium pay that had been agreed to by the parties;

Whereas the County believes that payment of retroactive night shift should be made in accordance with the language contained in Attachment 1, and the union believes that this language does not reflect the parties' intention;

Whereas both parties agree that at least the amounts set forth in paragraph 2 of Attachment 1 were agreed to; and

Whereas both parties would like to implement those portions of the contract over which there is no dispute.

Now, Therefore:

1. The parties hereby agree to submit the issues of whether the parties reached a meeting of the minds regarding the payment of night shift retroactive payment in excess of the amounts listed in paragraph 2 of Attachment 1, and if they did, what the content of that agreement is, to an arbitrator mutually selected by the parties.
2. The arbitrator shall have the authority to decide the issue and draft language embodying his or her decision to be incorporated into the contract through a memorandum of understanding.
3. The parties further agree to implement the terms of the attached Memorandum of Agreement including the retroactive shift premium pay calculation in accordance with paragraph 2 understanding that the arbitrator will be authorized to determine if the parties

agreed to an amount in excess of that shown in paragraph 2.

4. This agreement shall become effective with the King County Council's approval by ordinance of this Memorandum of Understanding as well as the corresponding collective bargaining agreement, except that arbitration may take place prior to Council approval.
