

SE 300th St Renaming to SE Falcon Way

The leadership class of Kentlake High School is requesting to change the name of SE 300th Street (the High School is located on this road) to SE Flacon Way (name of the school mascot).

Changing the road name is a way of pumping up school spirit throughout the entire student body. We thought this would be a great addition to Kentlake considering that our school spirit is currently at an all time low. We're confident that this would help to revive the pride in our students by creating a sense of homeliness as they drive up every morning.
