Please explain why you feel you are the most qualified candidate for this appointment (attach additional paper if needed):

My Mother was a naturalized citizen and took her citizenship very seriously. My father's family came from the earliest settlers of this Nation and as a family we are deeply rooted in the well-being of our country. Professionally, I have spent years working with Native people in social services and have a background in working with oppressed and minorities most of my career. I feel that I have an understanding of the difficulties we are all facing in order to become a more unified Nation. I know that communication, dedication and commitment to each other is the only solution to the problems we face in our country to enable better understanding and a quality of life for each of us. I believe that my diversified background as well as my education and experience make me a qualified candidate for this appointment and I look forward to the opportunity to serve.

How did you learn of this opportunity?

As a new retiree, I was looking for viable opportunities to use my experience to volunteer and came across the list of available openings for appointments in King County. I contacted Councilman Pete von Reichtenbach and met with him at his office personally so that he could interview me.
