**PUGET SOUND EMERGENCY RADIO NETWORK
TRANSFER AGREEMENT**

PUGET SOUND EMERGENCY RADIO NETWORK (PSERN) TRANSFER AGREEMENT

This **PUGET SOUND EMERGENCY RADIO NETWORK TRANSFER AGREEMENT** (“**Agreement**”) is made and entered by and between **KING COUNTY**, a home rule charter county and political subdivision of the State of Washington (the “**County**”) and the **PUGET SOUND EMERGENCY RADIO NETWORK OPERATOR**, a governmental agency created pursuant to RCW 39.34.030(3)(b) and organized as a nonprofit corporation under chapter 24.06 RCW (the “**PSERN Operator**”). The County and the PSERN Operator are also referred to herein individually as a “**Party**” or collectively as “**Parties**.” This Agreement shall be effective as of the date it has been executed by both Parties (the “**Effective Date**”).

RECITALS

A. The County, and the cities of Auburn, Bellevue, Federal Way, Issaquah, Kent, Kirkland, Mercer Island, Redmond, Renton, Seattle and Tukwila (“**ILA Parties**”) along with the Port of Seattle, have under various interlocal agreements been responsible for the ownership, operation and maintenance of various elements in the current emergency communication system serving King County.

B. The ILA Parties determined that it is in the public interest that a new public safety radio system be implemented to provide public safety agencies and other user groups in the region with improved coverage and capacity, as well as uniformly high-quality emergency radio communications. The new system is known as the Puget Sound Emergency Radio Network (“**PSERN**” or “**PSERN System**”).

C. The costs of implementing PSERN are financed through a funding measure approved by voters in the April 2015 election.

D. In 2015, the ILA Parties executed an interlocal agreement designating the County as the lead agency for planning, procurement, financing and implementation of the PSERN System (the “**Implementation ILA**”).

E. As the PSERN lead agency, the County entered into King County Contract Number 5729347 with Motorola Solutions, Inc., for the design, development, implementation, testing, and on-going support, maintenance and upgrade of PSERN (the “**Motorola Contract**”).

F. In 2020, the ILA Parties executed a second interlocal agreement to create the PSERN Operator and to establish the terms for governance of the PSERN Operator and the terms under which the PSERN Operator will undertake the ownership, operations, maintenance, management and on-going upgrading/replacing of PSERN (the “**Operation ILA**”).

G. Upon and subject to the terms and conditions of this Agreement, the County intends to transfer to the PSERN Operator the County’s interest in the assets and liabilities that comprise the PSERN System, including but not limited to real and personal property interests and certain facilities, improvements, agreements, funding, documents, equipment, permits, licenses, and other related assets and liabilities (collectively, the “**PSERN Assets**”), and the

PSERN Operator intends to assure the Parties' goals of providing the region with improved coverage and capacity, as well as uniformly high-quality emergency radio communications, are met.

H. Chapter 39.33 RCW authorizes the Parties to sell, transfer, exchange, lease or otherwise dispose of any property, real or personal, or property rights, on such terms and conditions as may be mutually agreed upon between the Parties.

AGREEMENT

Now, therefore, in consideration of the promises and mutual covenants contained herein, and other valuable consideration described herein, the receipt and sufficiency of which are hereby acknowledged, and as provided for in the above-referenced recitals, which are made a part of this Agreement, the Parties hereto covenant and agree as follows:

ARTICLE 1 ASSIGNMENT, CONVEYANCE, AND TRANSFER OF PSERN ASSETS

1.0 DEFINITION OF PSERN ASSETS. For purposes of this Agreement, "PSERN Assets" means all of the agreements, leases, subleases, permits, funds, physical assets, third-party subleases, licenses, and easements, documents, other equipment, liabilities, and other things addressed in Sections 1.1 through 1.7 inclusive.

1.1 CONTRACTS TO BE ASSIGNED. By assignment substantially in the form of **Exhibit A-1** attached hereto, the County shall assign to the PSERN Operator on the Closing Date (as defined in **Section 5.1**) and the PSERN Operator shall accept from the County on the Closing Date all of the County's rights and responsibilities under the contracts entered into by the County for or in connection with the PSERN System as described in **Exhibit A-2** and the PSERN Assets as described in **Exhibit D-2** (collectively, the "**PSERN Agreements**").

1.2 LEASES TO BE ASSIGNED; OTHER LEASES. By assignment substantially in the form of **Exhibit B-1** attached hereto, and subject to the proviso in Section 1.2.2 below, the County shall assign to the PSERN Operator on the Closing Date and the PSERN Operator shall accept from the County on the Closing Date all of the County's rights and responsibilities to the following leases, licenses, permits, subleases, easements, and other forms of contract (each, a "**Lease**" and collectively the "**Leases**"):

1.2.1 All Leases of third-party property that allow assignment without the landlord's written consent, which Leases are identified in **Exhibit B-2**.

1.2.2 All Leases of third-party property that require landlord's written consent for assignment, which Leases are identified in **Exhibit B-3**. The Parties shall use commercially reasonable good-faith efforts to secure each landlord's written consent for County to assign the Leases identified in Exhibit B-3 to the PSERN Operator prior to the Closing Date so that each of those Leases can be assigned to the PSERN Operator on the Closing Date; provided, that if the Parties are unable to secure one or more required landlord consents by the Closing Date then the Parties shall thereafter cooperate to secure

any remaining landlord consents as soon as reasonably practicable after the Closing Date; and provided further, that if the Parties are unable to timely secure one or more landlord consents by the exercise of all commercially reasonable good-faith efforts, then the Parties shall confer on such further action as may be needed to secure such consent and the Parties shall consider all available options, including but not limited to the exercise of the power of eminent domain.

1.2.3 Separate from the Leases to be assigned to the PSERN Operator listed in Exhibits B-2 and B-3, the Parties acknowledge that as previously authorized by ordinance of the Metropolitan King County Council: (A) the County is directly leasing portions of five (5) County-owned sites to the PSERN Operator, and (B) the PSERN Operator is subletting to County portions of two (2) sites that the PSERN Operator is acquiring pursuant to this Agreement (collectively, the “**County Leases**”). The County Leases are listed in **Exhibit C-1** for convenience, but are not otherwise the subject of this Agreement.

1.2.4 In addition to the Leases to be assigned to the PSERN Operator listed in Exhibits B-2 and B-3, as well as the County leases listed in Exhibit C-1, the Parties acknowledge that certain existing leases of property from the United States Forest Service, and certain other real-property permits or licenses, cannot be assigned or transferred, and instead must be replaced with new leases, permits, or licenses to be negotiated separately by PSERN (collectively, the “**USFS Leases**”). The USFS Leases are listed in **Exhibit C-2** for convenience. The County agrees that it will not affirmatively terminate the USFS Lease for any given site (1) for a period of twenty-four months (24) from the Effective Date, or (2) until the PSERN Operator has secured a binding replacement lease for that site, whichever of (1) or (2) comes first. Provided, that the County will cooperate in good faith with the PSERN Operator’s effort to timely secure replacement USFS Leases on terms agreeable to the PSERN Operator; and provided further, that the Parties may negotiate to extend the twenty-four (24) month period described in this Section 1.2.4, and if the Parties agree to an extension then they shall document such extension in a written amendment to this Agreement.

1.2.5 The Parties further acknowledge that it is possible that certain other PSERN-related agreements, permits, or licenses may not be assignable and the PSERN Operator may need to negotiate new agreements, permits, or licenses to replace them (collectively, the “**Nontransferable Agreements**”). The Parties shall list any such Nontransferable Agreements in an additional Exhibit C-3 to be added to this Agreement. If the Parties identify one or more Nontransferable Agreements then the County will not affirmatively terminate such Nontransferable Agreement (1) for a period of twenty-four (24) months from the Effective Date, or (2) until the PSERN Operator has secured a binding replacement agreement for that site, equipment, service, or function, whichever of (1) or (2) comes first. Provided, that the County will cooperate in good faith with the PSERN Operator’s effort to timely secure such replacement agreement on terms agreeable to the PSERN Operator; and provided further, that the Parties may negotiate to extend the twenty-four (24) month period described in this paragraph A, and if the Parties

agree to an extension then they shall document such extension in a written amendment to this Agreement.

1.3 SITE-SPECIFIC PHYSICAL ASSETS TO BE TRANSFERRED.

1.3.1 The County shall transfer, convey, or assign to the PSERN Operator on the Closing Date and the PSERN Operator shall accept from the County on the Closing Date all of the County's rights and responsibilities to the equipment, fixtures, and other physical assets located at each Lease site by bill of sale substantially in the form of **Exhibit D-1**. A non-exhaustive list of the primary equipment, fixtures, and other physical assets to be transferred at each Lease site is attached as **Exhibit D-2**.

1.3.2 If, after the Closing Date, either Party identifies one or more physical assets not listed in Exhibit D-2 that the County intended to transfer to the PSERN Operator as of the Closing Date, then the Parties shall promptly execute a supplemental bill of sale substantially in the form of Exhibit D-1 to transfer, convey, or assign such physical assets from the County to the PSERN Operator as soon as reasonably practicable.

1.4 SITE-SPECIFIC THIRD-PARTY SUBLEASES, LICENSES, PERMITS, AND OTHER AGREEMENTS TO BE ASSIGNED.

1.4.1 The County shall assign to the PSERN Operator on the Closing Date and the PSERN Operator shall accept from the County on the Closing Date all of the County's rights and responsibilities in all third-party subleases, licenses, permits, and other agreements relating to each Lease site by assignment substantially in the form of **Exhibit E-1**. A non-exhaustive list of third-party subleases, licenses, permits, and other agreements relating to each Lease site is attached as **Exhibit E-2**. The Parties acknowledge that (1) some of these third-parties' agreements have expired and the third-parties are in holdover or similar status, and (2) some of these third-parties are using the Lease sites pursuant to verbal agreements that are not documented. To the best of the County's actual knowledge, all known third-parties using the Lease sites, whether by written, expired or verbal agreement, are identified in Exhibit E-2.

1.4.2 The Parties shall use commercially reasonable good-faith efforts to ensure that all known third-party subleases, licenses, permits, and other agreements relating to each Lease site are assigned from the County to the PSERN Operator at the Closing Date. If, after the Closing Date, either Party identifies one or more third-party subleases, licenses, permits or other agreements not listed in Exhibit E-2 that the County intended to transfer to the PSERN Operator as of the Closing Date, then the Parties shall promptly execute a supplemental assignment substantially in the form of Exhibit E-1 to assign such instruments from the County to the PSERN Operator as soon as reasonably practicable, and the PSERN Operator shall accept such assignment from the County.

1.5 FUNDS TO BE TRANSFERRED.

As part of the Closing, the County shall convey and transfer to the PSERN Operator and the PSERN Operator shall accept from the County all of the County's rights and responsibilities to all funds approved for transfer by the PSERN Joint Board and held by the County at that time for or in connection with the PSERN project (collectively, the "**PSERN Funding**"). Depending on the PSERN Joint Board's approval, such funds could potentially include the rate stabilization funds and any other reserves then held by the County, all as listed in **Exhibit F**. If and to the extent that the PSERN Joint Board approves the transfer of such funds then the Parties shall cooperate to identify and implement an appropriate mechanism or mechanisms (e.g. wire transfer, check or warrant, interfund transfer, etc.) to transfer the PSERN Funding from the County to the PSERN Operator as part of the Closing.

1.6 DOCUMENTS TO BE TRANSFERRED. The County shall convey and transfer to the PSERN Operator on the Closing Date and the PSERN Operator shall accept from the County on the Closing Date all of the County's documents relating to the PSERN radio equipment being transferred to the PSERN Operator (collectively, the "**Radio System Documents**"), including the documents described in **Exhibit G**. The Parties shall cooperate to efficiently transfer the Radio System Documents from the County to the PSERN Operator on the Closing Date. If, after the Closing Date, either Party identifies one or more Radio System Documents not listed in Exhibit G that the County intended to transfer to the PSERN Operator as of the Closing Date, then the Parties shall promptly cooperate to transfer such documents from the County to the PSERN Operator as soon as reasonably practicable.

1.7 OTHER EQUIPMENT TO BE TRANSFERRED. By bill of sale substantially in the form of **Exhibit H-1**, the County shall convey and transfer title to the PSERN Operator on the Closing Date and the PSERN Operator shall accept from the County on the Closing Date all of the County's rights and responsibilities to all other equipment that the County holds or acquired on behalf of the PSERN project (collectively, the "**PSERN Equipment**") as of the Closing Date, including the PSERN Equipment described in **Exhibit H-2**. If, after the Closing Date, either Party identifies one or more equipment items not listed in Exhibit H-2 that the County intended to transfer to the PSERN Operator as of the Closing Date, then the Parties shall promptly execute a supplemental assignment substantially in the form of Exhibit H-1 to assign such equipment from the County to the PSERN Operator as soon as reasonably practicable.

1.8 RETAINED ASSETS AND KCERCS EQUIPMENT REMOVAL.

1.8.1 OWNERSHIP AND REMOVAL OF KCERCS EQUIPMENT FROM CERTAIN LEASED SITES. The Parties acknowledge that a number of the Leased sites contain equipment formerly used for the former King County Emergency Radio System ("**KCERCS**"), which equipment may be located on towers, in shelters, or in or on related infrastructure at each such site. The PSERN Operator acknowledges that the KCERCS equipment at each such site belongs to the County and not to the PSERN Operator or the PSERN System. As between the Parties, the County may decommission, remove, and dispose of all KCERCS equipment from the following Lease sites (each of which is more specifically identified in Exhibit B-2, Exhibit B-3, or Exhibit C-2 of this Agreement) at County's sole cost and expense and in County's sole discretion:

- A. Crista
- B. Clearview
- C. Snoqualmie Pass
- D. McDonald Mountain
- E. Cambridge
- F. Federal Way
- G. Skyway
- H. Sobieski

1.8.2 COUNTY’S CONTINUING RIGHT OF ENTRY FOR REMOVAL OF KCERCS EQUIPMENT. The PSERN Operator acknowledges that KCERCS equipment removal work is ongoing as of the Effective Date and may continue for twelve (12) months or more after the Effective Date. The County will notify the PSERN Operator after all KCERCS equipment removal work has been completed. The County reserves the right and the County’s employees, designated representatives, or agents or contractors have and shall continue to have the right to enter the Lease sites listed in Section 1.8.2 to remove any and all KCERCS equipment located there, and the PSERN Operator hereby acknowledges the County’s reserved right; provided, that in the exercise of such reserved right County will provide to the PSERN Operator reasonable prior notice and will not unreasonably disrupt the PSERN Operator’s use of, or the PSERN Operator’s operations and activities on, any of the Lease sites. The County shall use reasonable efforts to communicate and coordinate with the PSERN Operator regarding the County’s removal of KCERCS equipment. In connection with any such KCERCS equipment removal work, the County agrees to hold harmless, indemnify and defend the PSERN Operator, its officers, agents and employees, from and against all claims, losses, or liability for injuries, sickness or death of persons, including employees, designated representatives, or agents of the County (“Claims”) caused by or arising out of any act, error or omission of the County, its officers, agents, contractors, subcontractors or employees in entering the Lease sites for the purposes set out in this Section 1.8, except to the extent the Claims are caused by or arise out of any act, error or omission of the PSERN Operator, its officers, agents and employees.

1.8.3 RETAINED ASSETS. If the Parties identify any radio system assets to be retained by the County and not otherwise addressed in this Agreement, then they shall document such assets in a new exhibit to be added to this Agreement as a further Exhibit I. Any such retained assets shall not constitute PSERN Assets for any purpose from and after the date of Closing and as between the Parties the County shall bear all responsibility for and liability relating to such retained assets.

ARTICLE 2 CONSIDERATION

2.1 PSERN ASSETS. Consistent with Chapter 39.33 RCW, and in consideration of the County’s conveyance, assignment, and transfer of the County’s rights, responsibilities, interest in and title to the PSERN Assets on the Closing Date, the PSERN Operator hereby covenants to use, operate, maintain, repair, and replace the PSERN Assets to provide the region with uniformly high-quality emergency radio communications with improved coverage and

capacity, consistent with the obligations imposed on the PSERN Operator under the Operation ILA. The County hereby agrees that the PSERN Operator's covenant to perform, and its acceptance of responsibility for the PSERN Assets under the terms and conditions set forth in this Agreement, together constitute full and complete consideration for this intergovernmental transaction.

ARTICLE 3
WARRANTIES OF THE PARTIES AND CONDITION OF ASSETS

3.1 CONDITION OF PSERN ASSETS. The County has not made, and does not make, and specifically negates and disclaims any representations, warranties, promises, covenants, contracts or guarantees of any kind or character whatsoever, whether express or implied, oral or written, past, present or future, of, as to, concerning, or with respect to the value, nature, quality or condition of the PSERN Assets. The County is transferring the PSERN Assets to the PSERN Operator and the PSERN Operator is acquiring the PSERN Assets and all interest therein as provided for in this Agreement, in an "as-is with all faults" basis with any and all patent and latent defects. Except for the deficiencies and defects disclosed to the PSERN Operator by the County pursuant to Section 3.2, the PSERN Operator is not relying on any representations or warranties, express or implied, of any kind whatsoever from the County with respect to any matters concerning the PSERN Assets, including, without limitation:

3.1.1 The water, soil and geology in and around the PSERN Assets;

3.1.2 The physical condition of the PSERN Assets;

3.1.3 The operating history, projections, valuation or income to be derived from the PSERN Assets;

3.1.4 The tax consequences of the transfers and other transactions contemplated by this Agreement;

3.1.5 The suitability of the PSERN Assets for any and all activities and uses that the PSERN Operator or anyone else may conduct thereon;

3.1.6 The requirement of, or existence of, or compliance with, any licenses, certificates of authority, authorizations, registrations, franchises or similar approvals from any governmental authority;

3.1.7 The availability or existence of any water, sewer, or other utilities or utility rights;

3.1.8 The compliance or noncompliance of or by the PSERN Assets or their operation with any laws, rules, ordinances, regulations or decrees of any applicable governmental authority or body or the zoning or land use designation for the PSERN Assets;

3.1.9 The habitability, merchantability, marketability, profitability or fitness for a particular purpose of the PSERN Assets;

3.1.10 The manner or quality of the construction, materials, equipment and systems incorporated into the PSERN Assets;

3.1.11 The presence of any wetlands, asbestos, lead, lead-based paint or other lead containing structures, urea formaldehyde, or other environmentally sensitive building materials in or around the PSERN Assets;

3.1.12 The actual, threatened or alleged existence, release, use, storage, generation, manufacture, transport, deposit, leak, seepage, spill, migration, escape, disposal or other handling of any Hazardous Substances in, on, under or emanating from or into the PSERN Assets, and the compliance or noncompliance of or by the PSERN Assets or their operation with applicable federal, state, county and local laws and regulations, including, without limitation, Environmental Laws and regulations and seismic/building codes, laws and regulations. For purposes of this Agreement, the term “**Environmental Law**” shall mean: any federal, state or local statute, regulation, code, rule, ordinance, order, judgment, decree, injunction or common law pertaining in any way to the protection of human health, safety, or the environment, including without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. § 9602 et. seq. (“CERCLA”); the Resource Conservation and Recovery Act of 1976, 42 U.S.C. § 6901 et seq. (“RCRA”); the Washington State Model Toxics Control Act, RCW ch. 70A.305 (“MTCA”); the Washington Hazardous Waste Management Act, RCW ch. 70A.300; the Federal Water Pollution Control Act, 33 U.S.C. § 1251 et seq., the Washington Water Pollution Control Act, RCW ch. 90.48, and any laws concerning above ground or underground storage tanks. For the purposes of this Agreement, the term “**Hazardous Substance**” shall mean: any waste, pollutant, contaminant, or other material that now or in the future becomes regulated or defined under any Environmental Law; or

3.1.13 Any other matter with respect to the PSERN Assets.

3.2 COUNTY’S LIMITED OBLIGATION TO DISCLOSE CERTAIN KNOWN DEFICIENCIES. Notwithstanding anything to the contrary in this Article 3, the County shall disclose to the PSERN Operator deficiencies and defects in the PSERN Assets known to the County at or before the Closing Date. For purposes of this Agreement, the phrases “known to the County,” “to the County’s knowledge,” “about which the County has knowledge,” and similar formulations, each mean the present, actual knowledge of: (1) for real-property assets, Steve Rizika, who is an employee of King County, and is the Brokerage Service Unit Manager of the Real Estate Service Section in the Facilities Management Division of the Department of Executive Services; and (2) for personal property assets, Hai Phung, who is an employee of King County, and is Lead Project Manager for the PSERN Project in the Emergency Radio Communications Division of the King County Department of Information Technology. Steve Rizika and Hai Phung each have made no inquiries or investigations with respect to any deficiencies or defects in any of the PSERN Assets at any time prior to Closing and they each have no duty to undertake the same.

3.3 NO WARRANTIES OF TITLE. The PSERN Assets shall be conveyed, transferred, or assigned with no warranties of title and shall be subject to all matters affecting the PSERN Assets whether of record or not, including but not limited to (i) the lien of unpaid taxes not yet due and payable; (ii) matters which would be disclosed by a current, accurate survey or inspection of the PSERN Assets; or (iii) the rights granted to third parties pursuant to any easement, license, lease, sublease, permit, or other instrument.

3.4 PSERN OPERATOR ACCEPTANCE OF CONDITION OF ASSETS; AS IS TRANSFER AND RELEASE.

3.4.1 The PSERN Operator acknowledges and accepts the County’s disclaimers in **Section 3.1** and **Section 3.2** of this Agreement.

3.4.2 The PSERN Operator acknowledges and agrees that it will approve and accept the PSERN Assets and shall acquire the PSERN Assets in “as-is with all faults” basis with any and all patent and latent defects, including, without limitation, the structural condition of the PSERN Assets, the actual, threatened or alleged existence, release, use, storage, generation, manufacture, transport, deposit, leak, seepage, spill, migration, escape, disposal, or other handling of any Hazardous Substances in, on, under or emanating from or into the PSERN Assets, and the compliance or noncompliance of or by the PSERN Assets or its operation with applicable federal, state, county and local laws and regulations including, without limitation, Environmental Laws and regulations and seismic/building codes, laws and regulations. The PSERN Operator further acknowledges and agrees that it is not relying on, and the County is not providing, any representation or warranties, express or implied, of any kind whatsoever from the County with respect to any matters concerning the PSERN Assets and that the conveyance is expressly subject to the disclaimers in **Section 3.1** and **Section 3.2**. The PSERN Operator acknowledges and agrees that the PSERN Operator shall have no recourse against the County for, and waives, releases, and discharges forever the County from, any and all past, present, or future claims or demands, and any and all past, present, or future damages, losses, injuries, liabilities, causes of actions (including, without limitation, causes of action in tort), costs, and expenses (including, without limitation fines, penalties and judgments, and attorneys’ fees) of any and every kind or character, known or unknown (collectively, “**Losses**”), which the PSERN Operator might have asserted or alleged against the County arising from or in any way related to the PSERN Assets, including, without limitation, the actual, threatened or alleged existence, release, use, storage, generation, manufacture, transport, deposit, leak, seepage, spill, migration, escape, disposal, or other handling of any Hazardous Substances in, on, under or emanating from or into the PSERN Assets. Losses shall include without limitation (a) the cost of any investigation, removal, remedial, or other response action that is required by any Environmental Law, that is required by judicial order or decree or by order of or agreement with any governmental authority, or that is conducted voluntarily, (b) losses for injury or death of any person, and (c) losses arising under any Environmental Law, whether or not enacted prior to or after transfer of the PSERN Assets.

3.4.3 INDEMNIFICATION. From and after the Closing Date, and except to the extent of any losses, liability, or claims, or any agency orders or requirements, arising directly from a matter relating to the County’s use of the PSERN Assets as those assets existed prior to the Closing Date, of which matter the County had actual knowledge and such matter was not disclosed to the PSERN Operator, the PSERN Operator shall indemnify, defend, and hold the County, its officers, agents, and employees harmless from and against any and all losses, liability, claims, agency orders or requirements, damage, and expense relating to or arising out of, directly or indirectly, the PSERN Assets and the PSERN Operator’s interest in or use of the PSERN Assets, including without limitation those relating to the actual or threatened release, disposal, deposit, seepage, migration, or escape of Hazardous Substances at, from, into or underneath the PSERN Assets, and the compliance or noncompliance of the PSERN Assets with applicable federal, state, county, and local laws and regulations including, without limitation, Environmental Laws and regulations and laws and regulations pertaining to the PSERN Assets.

3.5 SURVIVAL. The provisions of **Section 3.4.3** shall survive Closing.

3.6 RISK OF LOSS. Prior to the Closing Date, the risk of loss relating to the PSERN Assets shall solely rest with the County. From and after the Closing Date, the risk of loss relating to the PSERN Assets shall solely rest with the PSERN Operator. Risk of loss shall be deemed to include any property damage, including business interruption (collectively, “**Casualty**”), whether or not covered under an all-risk property insurance policy. In no event shall the County be obligated to restore the PSERN Assets in the event of a Casualty that occurs prior to the Closing Date. The PSERN Operator shall be obligated to close on the transaction contemplated herein, and the County will assign any available insurance proceeds from a covered Casualty occurring prior to the Closing Date to the PSERN Operator, on the Closing Date. The County, in its sole discretion, shall have the right, but not the obligation, to elect to promptly repair or restore the Retained Assets in the event of a Casualty. In no event shall a Casualty delay the Closing Date.

ARTICLE 4 CONDITIONS TO CLOSING

6.2 NEGOTIATED RESOLUTION. If a dispute cannot be resolved through ordinary means such as staff-to-staff discussions, then the first step in the dispute resolution process shall be as follows:

6.2.1 A Party desiring to initiate negotiations (the “**Initiating Party**”) may do so by giving written notice to the other Party (the “**Responding Party**”) of the basis for the dispute, provided that the Initiating Party shall use commercially reasonable efforts to furnish the Responding Party, as expeditiously as possible, with notice of any dispute once such dispute is recognized, and shall cooperate with the Responding Party in an effort to mitigate the alleged or potential damages, delay or other adverse consequences arising out of the condition which is the cause of such dispute.

6.2.2 The Initiating Party shall, within five (5) business days after giving written notice to the Responding Party of the basis for the dispute, prepare and provide to the Responding Party a written, detailed summary of the basis for the dispute, together with all facts, documents, backup data and other information reasonably available to the Initiating Party that support the Initiating Party’s position in the dispute.

6.2.3 The Initiating Party shall designate and make any of its employees or agents having knowledge of the dispute available to the Responding Party to respond to questions of the Responding Party.

6.2.4 Within fourteen (14) days after the Initiating Party gives notice of a dispute, (i) the Responding Party shall prepare and provide to the Initiating Party a written, detailed summary, together with all facts, documents, backup data and other information reasonably available to the Responding Party that support the Responding Party’s position in the dispute; (ii) the Responding Party shall designate and make any of its employees or agents having knowledge of the dispute available to the Initiating Party to respond to questions of the Initiating Party; and (iii) employees or agents of the Parties who have authority to settle the dispute, along with other parties having knowledge of or an interest in the dispute, shall meet at a mutually acceptable time and place in Seattle, Washington, in an effort to compromise and settle the dispute.

6.3 MEDIATION. Any dispute which is not resolved by direct discussions and negotiations as provided in **Section 6.2.** shall be submitted to mediation under the Commercial Mediation Procedures of the American Arbitration Association unless the Parties agree in writing to use other rules. If the Parties cannot agree on the selection of a mediator within ten days (10) of the request for mediation, any Party may immediately request the appointment of a mediator in accordance with the governing mediation rules. Mediation shall occur at any location in Seattle, Washington that the mediator may designate. The mediation shall include the exchange of written claims and responses, with supporting information, at least ten (10) days prior to the actual mediation. The Parties shall each be responsible for 50% of the cost of the mediator but each Party shall otherwise be responsible for its own costs (including attorneys’ fees) incurred in connection with the mediation. The Parties shall conclude mediation proceedings under this **Article 6** within sixty (60) days after the designation of the mediator. If mediation proceedings do not resolve the dispute within such period, and if the Parties do not mutually agree to an extension of such period, then a Party may commence litigation with respect to the dispute.

6.4 NO PREJUDICE. Provided the Initiating Party has given notice of the existence of a dispute, no delay in disposing of such dispute while the Parties pursue the dispute resolution procedures shall prejudice the rights of any Party. At the request of the Initiating Party or the

Responding Party, the Parties shall enter into an agreement to toll the statute of limitations with respect to the subject matter of a dispute while the Parties pursue the dispute resolution procedures in **Section 6.2 or 6.3**. Positions expressed, responses given, and information submitted in any dispute resolution process under this **Article 6** shall not be admissible as evidence in any subsequent dispute resolution, litigation, or other legal proceeding.

6.5 EMERGENCY. If either Party reasonably determines that circumstances require immediate action to prevent or mitigate significant damage to or loss of all or part of the PSERN Assets, or that delay in initiating or prosecuting a claim in litigation would irrevocably prejudice a Party, then such Party may pursue any immediate remedy available at law or in equity without following the dispute resolution procedures in this **Article 6**.

6.6 PERFORMANCE NOT EXCUSED. During the pendency of any dispute resolution process under this **Article 6**, or any litigation or other proceeding to resolve a dispute between the Parties arising out of this Agreement, the Parties shall diligently continue to perform their duties under this Agreement in good faith so that the purposes of this Agreement are not frustrated.

ARTICLE 7 TRANSITION PERIOD

7.1 TRANSITION AFTER CLOSING DATE. The Parties acknowledge that certain additional actions required to facilitate the transfer of the PSERN Assets likely cannot be completed by the Closing Date (collectively, the “**Transition Activities**”) and for a period of twelve (12) months after the Closing Date (as such date may be extended by the Parties), the County will make available at reasonable times to the PSERN Operator certain County staff members familiar with the PSERN Assets (the “**PSERN Information Staff**”) to answer the PSERN Operator’s questions relating to the ownership and operation of the PSERN Assets. For any such work performed by PSERN Information Staff whose positions are not funded by PSERN levy proceeds, the County will invoice the PSERN Operator for the time incurred at such staff member’s “fully loaded” hourly rate, and the PSERN Operator will pay such invoices within thirty (30) days of receipt. The provisions of this Section 7.1 shall survive Closing.

ARTICLE 8 RESERVED

ARTICLE 9 MISCELLANEOUS PROVISIONS

9.1 MERGER. Any statement, representation, warranty, indemnity, covenant, agreement and provision in this Agreement shall merge in, and not survive the Closing of the transaction contemplated by this Agreement, unless such expressly survives Closing as provided for in this Agreement.

9.2.1 DEFAULT BY PSERN OPERATOR. In the event Closing does not occur due to default by the PSERN Operator, the County's sole and exclusive remedy shall be to terminate this Agreement.

In the event any portion of this Agreement shall be found to be invalid by any court of competent jurisdiction, then such holding shall not impact or affect the remaining provisions of this Agreement unless that court of competent jurisdiction rules that the principal purpose and intent of this contract should and/or must be defeated, invalidated or voided.

In addition to the acts recited in this Agreement and contemplated to be performed at Closing, the County and the PSERN Operator agree to cooperate, to perform such other acts, and to execute and deliver such other documents and interests, as either the County or the PSERN Operator, or their respective counsel, may reasonably require to effectuate the intent of this Agreement. The requirements of this **Section 9.17** shall survive Closing.

FORM OF BILL OF SALE FOR SITE-SPECIFIC PHYSICAL ASSETS

Exhibit D-1

Form of Bill of Sale for Site-Specific Physical Assets

THIS BILL OF SALE (the “Bill of Sale”) is made by and between KING COUNTY, a home rule charter county and political subdivision of the State of Washington (“Seller”) to and in favor of the **PUGET SOUND EMERGENCY RADIO NETWORK OPERATOR**, a governmental agency created pursuant to RCW 39.34.030(3)(b) and organized as a nonprofit corporation under chapter 24.06 RCW (“Buyer”). The County and the PSERN Operator are also referred to herein individually as a “Party” or collectively as “Parties.” This Agreement shall be effective as of the Closing Date as defined in the PSERN Asset Transfer Agreement (the “Effective Date”).

RECITALS

A. By King County Ordinance _____ and PSERN Operator Board Resolution _____, the Metropolitan King County Council and the PSERN Operator Board authorized the transfer of the PSERN system assets and related equipment and appurtenances from Seller to Buyer, all as more fully as set forth in the PSERN Asset Transfer Agreement attached to such ordinance and resolution (the “Agreement”).

B. In pertinent part, Section 1.3.1 of the Agreement states that “[t]he County shall transfer, convey, or assign to the PSERN Operator ... and the PSERN Operator shall accept from the County ... all of the County’s rights and responsibilities to the equipment, fixtures, and other physical assets located at each Lease site by bill of sale ...”

C. In furtherance of the Agreement, and consistent with Section 1.3.1 of the Agreement, Seller desires to sell, assign, convey, transfer and deliver to Buyer all of the equipment, fixtures, and other physical assets located at each leased PSERN site, including the personal property described in **Exhibit D-2** attached hereto (collectively, the “Site-Specific Physical Assets”); and Buyer desires to accept the same.

D. Consistent with Agreement Section 1.3.1, and to implement the Agreement and to effectuate the transfer of the PSERN system from King County to the PSERN Operator, Buyer and Seller do each desire to enter into this Bill of Sale on the terms and conditions set forth herein.

NOW, THEREFORE, Buyer and Seller do hereby agree as follows.

CONVEYANCE

1. For good and valuable consideration as set forth in the Agreement, and in furtherance of the Agreement, Seller hereby sells, assigns, conveys, transfers, and delivers to the Buyer all of the Site-Specific Physical Assets, including the Site-Specific Physical Assets listed in **Attachment 1** attached hereto, and transfers to Buyer and its successors and assigns, all of

Seller's right, title and interest in and to all of the Site-Specific Physical Assets, in "as is, where is" condition, without recourse to Seller and without representation or warranty of any kind, whether written or verbal, except as may be otherwise provided in the Agreement; and Buyer hereby accepts the same.

2. If necessary, Seller and Buyer shall cooperate and coordinate in good faith to timely execute such additional documentation and take any other steps required to formally complete the transfer of any Site-Specific Physical Assets elements listed in **Attachment 1** attached hereto, such as transfer of title, etc.
3. If, after the Closing Date (as defined in the Agreement), either Party identifies one or more significant site-specific physical assets not listed in **Attachment 1** that the County intended to transfer to the PSERN Operator as of the Closing Date, then the Parties shall promptly execute a supplemental bill of sale substantially in the form of this Bill of Sale to transfer, convey, or assign such additional assets from the County to the PSERN Operator as soon as reasonably practicable.
4. This Bill of Sale shall be binding upon and inure to the benefit of Seller and Buyer and their respective successors and permitted assigns.
5. The individuals signing this Bill of Sale on behalf of Seller and Buyer hereby represent that they have the full legal power, authority and right to execute, deliver and perform the obligations under this Bill of Sale on behalf of their respective entities, that this Bill of Sale has been duly authorized by all requisite actions of Seller and Buyer, respectively, and that no remaining action or third party action is required on behalf of Seller or Buyer to make this Bill of Sale binding upon Seller and Buyer.
6. This Bill of Sale is in addition to, and in furtherance of, the Agreement. If there is any conflict or ambiguity between the Agreement and this Bill of Sale regarding the disposal of the Site-Specific Physical Assets, then this Bill of Sale shall control. As regards all other matters pertaining to the PSERN system transfer, the Agreement shall control.
7. This Bill of Sale may be executed and delivered in counterparts, as a PDF file delivered by email, or as a facsimile copy, and each counterpart so executed and delivered is original, and such counterparts together shall constitute but one and the same instrument. It shall not be necessary that the signature of, or on behalf of, each Party, or that the signature of all persons required to bind any Party, appear on each counterpart. It shall not be necessary in making proof of this Agreement to produce or account for more than a single counterpart containing the respective signatures of, or on behalf of, each Party hereto. Any executed signature page to any counterpart may be detached from such counterpart without impairing the legal effect of the signatures thereon and thereafter may be attached to another counterpart identical thereto except having attached to it such additional executed signature pages.

AGREEMENT

In furtherance of the Recitals set forth above, which are incorporated herein by reference, and in consideration of the mutual promises and covenants set forth below, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties acknowledge and agree to the following:

1. As of the Closing Date, Assignor hereby assigns and transfers to Assignee all of Assignor’s rights, obligations, title and interest in, to and under the Subleases, to have and to hold the same unto Assignee, its successors and assigns forever, subject to the terms, covenants and conditions contained in the Subleases.

2. Assignee acknowledges that it has received the copies of the Subleases listed in Exhibit A and delivered by Assignor as stated in Recital D. Assignee for itself and its successors and assigns hereby accepts the assignment and transfer of all of the Subleases from Assignor and hereby assumes and agrees to observe and perform all the obligations, terms, covenants and conditions of each and every one of the

Subleases to be observed or performed by the lessee thereunder from and after the Closing Date, and Assignee hereby assumes all duties, liabilities and obligations of sublessor arising out of or relating to each and every one of the Subleases or arising out of the acts or events occurring or conditions existing with respect to each and every one of the Subleases from and after the Closing Date.

3. Assignee will indemnify, defend, and hold Assignor and its affiliates, agents, directors, officers, and employees (the “**Assignor Parties**”) harmless from and against any and all claims brought against, or damages or incurred by, the Assignor Parties in connection with any act, omission, or obligation of Assignee or its employees, agents, contractors, and consultants (the “**Assignee Parties**”), arising or accruing in connection with this Assignment, or arising out of or related to Assignee’s obligations as sublessor under each and every one of the Subleases and committed or alleged to have been committed on or after the Closing Date.

4. This Assignment shall be binding upon and shall inure to the benefit of and shall be enforceable by the Parties hereto and their respective successors and assigns. In addition to the foregoing, Assignee acknowledges, on its behalf and on behalf of its successors and assigns, that the provisions hereof inure to the benefit of and are enforceable by each of the other respective parties to each of the respective instruments comprising the Subleases and their respective successors and assigns.

5. This Assignment, together with the Agreement, constitute the entire, full and complete agreement concerning the assignment and assumption of the Subleases and supersede any and all prior or contemporaneous negotiations, discussions, understandings or agreements regarding the same. There are no other representations, inducements, promises, agreements, arrangements, or undertakings, oral or written, relating to the assignment other than those set forth in this Assignment and the Agreement. No obligations or duties that contradict or are inconsistent with the express terms of this Assignment may be implied into this Assignment. If there is any conflict or inconsistency between the Agreement and this Assignment as to the identity of the Subleases being assigned through this Assignment, then this Assignment shall control. If there is any conflict or inconsistency between the Agreement and this Assignment as to any other matter addressed in the Agreement, then the Agreement shall control.

6. This Assignment may be executed in one or more counterparts, any one of which need not contain the signature of more than one Party, and all of which taken together shall constitute one and the same Assignment. This Assignment may be accepted and signed in electronic form (e.g. by an electronic or digital signature or other means of demonstrating assent) and each Party’s electronic acceptance and signature will be deemed binding between the Parties.

7. This Assignment shall be construed according to the laws of the State of Washington, without giving effect to its conflicts of law rules or choice of law provisions.

8. Each Party hereto represents and warrants that the person executing this Assignment on behalf of said Party has the authority to execute this Assignment and to bind the Party for which such person so executes this Assignment.

FORM OF BILL OF SALE FOR PSERN EQUIPMENT

Exhibit H-1

Form of Bill of Sale for PSERN Equipment

THIS BILL OF SALE (the “Bill of Sale”) is made by and between KING COUNTY, a home rule charter county and political subdivision of the State of Washington (“Seller”) to and in favor of the **PUGET SOUND EMERGENCY RADIO NETWORK OPERATOR**, a governmental agency created pursuant to RCW 39.34.030(3)(b) and organized as a nonprofit corporation under chapter 24.06 RCW (“Buyer”). The County and the PSERN Operator are also referred to herein individually as a “Party” or collectively as “Parties.” This Agreement shall be effective as of the Closing Date as defined in the PSERN Asset Transfer Agreement (the “Effective Date”).

RECITALS

- A. By King County Ordinance _____ and PSERN Operator Board Resolution _____, the Metropolitan King County Council and the PSERN Operator Board authorized the transfer of the PSERN system assets and related equipment and appurtenances from Seller to Buyer, all as more fully as set forth in the PSERN Asset Transfer Agreement attached to such ordinance and resolution (the “Agreement”).
- B. In pertinent part, Section 1.7 of the Agreement states that “the County shall convey and transfer title to the PSERN Operator ... and the PSERN Operator shall accept from the County ... all of the County’s rights and responsibilities to all other equipment that the County holds or acquired on behalf of the PSERN project (collectively, the “PSERN Equipment”).
- C. In furtherance of the Agreement, and consistent with Section 1.7 of the Agreement, Seller desires to sell, assign, convey, transfer and deliver to Buyer the PSERN Equipment, including the personal property described in **Attachment 1** attached hereto; and Buyer desires to accept the same.
- D. Consistent with Agreement Section 1.7, and to implement the Agreement and to effectuate the transfer of the PSERN system from King County to the PSERN Operator, Buyer and Seller do each desire to enter into this Bill of Sale on the terms and conditions set forth herein.

NOW, THEREFORE, Buyer and Seller do hereby agree as follows.

CONVEYANCE

1. For good and valuable consideration as set forth in the Agreement, and in furtherance of the Agreement, Seller hereby sells, assigns, conveys, transfers, and delivers to the Buyer all of the PSERN Equipment, including the equipment listed in **Attachment 1** attached hereto, and transfers to Buyer and its successors and assigns, all of Seller’s right, title and interest in and to all of the PSERN Equipment, in “as is, where is” condition, without recourse to Seller and

without representation or warranty of any kind, whether written or verbal, except as may be otherwise provided in the Agreement; and Buyer hereby accepts the same.

2. If necessary, Seller and Buyer shall cooperate and coordinate in good faith to timely execute such additional documentation and take any other steps required to formally complete the transfer of any PSERN Equipment elements listed in **Attachment 1** attached hereto, such as transfers of vehicle titles, etc.
3. If, after the Closing Date (as defined in the Agreement), either Party identifies one or more significant PSERN Equipment assets not listed in **Attachment 1** that the County intended to transfer to the PSERN Operator as of the Closing Date, then the Parties shall promptly execute a supplemental bill of sale substantially in the form of this Bill of Sale to transfer, convey, or assign such additional PSERN Equipment assets from the County to the PSERN Operator as soon as reasonably practicable.
4. This Bill of Sale shall be binding upon and inure to the benefit of Seller and Buyer and their respective successors and permitted assigns.
5. The individuals signing this Bill of Sale on behalf of Seller and Buyer hereby represent that they have the full legal power, authority and right to execute, deliver and perform the obligations under this Bill of Sale on behalf of their respective entities, that this Bill of Sale has been duly authorized by all requisite actions of Seller and Buyer, respectively, and that no remaining action or third party action is required on behalf of Seller or Buyer to make this Bill of Sale binding upon Seller and Buyer.
6. This Bill of Sale is in addition to, and in furtherance of, the Agreement. If there is any conflict or ambiguity between the Agreement and this Bill of Sale regarding the PSERN Equipment that is the subject of this disposal, then this Bill of Sale shall control. As regards all other matters pertaining to the PSERN system transfer, the Agreement shall control.
7. This Bill of Sale may be executed and delivered in counterparts, as a PDF file delivered by email, or as a facsimile copy, and each counterpart so executed and delivered is original, and such counterparts together shall constitute but one and the same instrument. It shall not be necessary that the signature of, or on behalf of, each Party, or that the signature of all persons required to bind any Party, appear on each counterpart. It shall not be necessary in making proof of this Agreement to produce or account for more than a single counterpart containing the respective signatures of, or on behalf of, each Party hereto. Any executed signature page to any counterpart may be detached from such counterpart without impairing the legal effect of the signatures thereon and thereafter may be attached to another counterpart identical thereto except having attached to it such additional executed signature pages.

IN WITNESS WHEREOF, Seller and Buyer have executed this Bill of Sale effective as of the Closing Date as defined in the Agreement.
