**RE: Submittal of Documents to the Washington State Department of Community, Trade, and Economic Development for King County**

Dear Mr. Reinert:

Thank you for sending this department the following:

**Draft Amendment to the Development Regulation**

Proposed amendments to ordinance relating to critical areas, clearing and grading and surface water management. Received on 10/10/2003. Please keep this letter. It is your record of when the Department of Community, Trade and Economic Development (CTED) received this material.

We have forwarded a copy of this notice to other state agencies. Adopted development regulations should be sent to CTED immediately upon publication, as well as to any state agencies that commented on the draft regulation. A jurisdiction does not need to send its regulation to the agencies which have been called ahead and that have indicated the local plan will not be reviewed. The jurisdiction should keep a record of this contact with state agencies and the state agencies' response.

If you have any questions or concerns, please call me at (360) 725-3056.

Sincerely,

Ike Nwankwo
