The hearing on item no. E03CT009 was opened by the Hearing Examiner at 9:32 a.m., March 24, 2004, in the Hearing Examiner's conference room, 400 Yesler Way, Room 404, Seattle, Washington, and closed at 9:37 a.m.

STR: NE-NE-30-24-06

2. Except as modified herein, the facts set forth in the King County Department of Natural Resources & Parks, Water and Land Resources Division, Preliminary Report to the King County Hearing Examiner for the March 24, 2004, public hearing are found to be correct and are incorporated herein by this reference. Copies of the said report will be attached to the copies of this report submitted to the King County Council.

CONCLUSIONS:

1. Approval of current use valuation for 18.50 acres of the subject property, pursuant to the Public Benefit Rating System adopted by King County Ordinance No. 10511, as amended, would be

consistent with the purposes and intent of King County to maintain, preserve, conserve and otherwise continue in existence adequate open space lands and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of King County and its citizens.

2. Timely application has been made to King County for the current use valuation of the subject property to begin in 2005. Notice of said application was given in the manner required by law.
3. The subject property contains priority open space resources pursuant to the King County Public Benefit Rating System, which justify a total award of 25 points. The resulting current use value is 20% of market value for 18.50 acres of the subject property.
4. Although a trail linkage in itself is not sufficient to justify credit for the Active or Passive Recreation Area category, this property contains enough additional natural and scenic values to support the award.
5. Credit may be conferred administratively for the Forest Stewardship Land category pending Applicant submission of a forest stewardship plan and County forester approval by October 1, 2004. Credit for this category by itself will have no effect on the current use valuation for the enrolled property.
6. Credit for the Trail Linkage and Equestrian-Pedestrian Trail categories may be awarded administratively upon recording of a trail easement before December 31, 2004. Credit for the Equestrian-Pedestrian Trail category would result in an automatic current use valuation of 10% of market value for the enrolled portion of the property.

RECOMMENDATION:

APPROVE the request for current use valuation of 20% of market value for 18.50 acres of the subject property, subject to the conditions recommended in the Department of Natural Resources & Parks report for the March 24, 2004, public hearing, and the following condition of approval:

1. Total points awarded and the resulting current use valuation may be adjusted administratively upon meeting the requirements specified in condition nos. 5 and 6 above.

Current use valuation shall be subject to all terms and conditions of RCW 84.34 and King County Code Chapter 20.36, as the same may be amended from time to time, and all regulations and rules duly adopted to implement state law and county ordinances pertaining to current use valuation.

RECOMMENDED this 26th day of March, 2004.
