On item 11 & 12 -Do Not assume to remove the people's Choice for king county sheriff by grabbing power to appoint under quite, sneaky and without widespread community discussion. Hi along with 95% of my neighbors do not want our police department or the sheriffs department defunded. I live in **newly** crime ridden Renton, because of the councils action to house all of the Seattle homeless in a motel in the middle of our city without any public comment. You are using the virus as a power grab and to deny me my rights to educate my children to go about my business to work and make a living and support my family. You are driving decent hard-working taxpaying citizens out of this area.
