GMPC MOTION 25-1

2 A MOTION to amend the King County Countywide Planning Policies,
3 amending the growth target and housing need tables for the cities of
4 Carnation and Snoqualmie.

5

6 WHEREAS, the King County Countywide Planning Policies were adopted and ratified by the
7 King County Council by Ordinance 19384 on December 21, 2021, and ratified by the cities in King
8 County on April 6, 2022; and

9 WHEREAS, the King County Countywide Planning Policies adopted new housing unit and
10 employment growth targets for unincorporated King County and all cities within King County; and

11 WHEREAS, Development Patterns policies 13 and 14 (DP-13 and DP-14) within the King
12 County Countywide Planning Policies were also amended to state that the Growth Management Planning
13 Council shall create a coordinated countywide process to reconcile growth targets that implements the
14 Puget Sound Regional Council's VISION 2050 Regional Growth Strategy and Regional Growth Strategy
15 Action Nine (RGS-Action-9), and that jurisdictions shall use the adopted growth targets as land use
16 assumptions in comprehensive plans; and

17 WHEREAS, reconciling growth targets, or a "reconciliation process," amends growth targets to
18 be consistent with comprehensive plan land use assumptions; and

19 WHEREAS, the Washington State Legislature adopted House Bill 1220 in 2021, which amended
20 the Growth Management Act to require jurisdictions to plan for and accommodate housing affordable to
21 all income segments of the population, and resulted in other substantive changes to how jurisdictions plan
22 for housing in the housing element of their comprehensive plan; and

23 WHEREAS, the King County Countywide Planning Policies were amended by King County
24 Council though Ordinance 19660 adopted August 15, 2023, and ratified November 30, 2023, to support
25 comprehensive planning under House Bill 1220, in part by establishing housing need by income for cities
26 and unincorporated King County that, in sum, equates to a jurisdiction's housing growth target; and

27 WHEREAS, in 2022 and 2023, after growth targets were adopted and before the due date for
28 periodic update of comprehensive plans, the Washington State Legislature adopted additional
29 amendments to the Growth Management Act though House Bills 1241 and 1110, increasing urban
30 residential capacity and affecting how jurisdictions plan for growth; and

31 WHEREAS, in March 2024, the City of Snoqualmie notified the King County Growth
32 Management Planning Council that it was requesting the Growth Management Planning Council conduct
33 a reconciliation process as described in Countywide Planning Policy DP-13 to amend its housing growth
34 target; and

35 WHEREAS, the Growth Management Planning Council began its discussion of a reconciliation
36 process at their March 27, 2024, meeting, weighing the consequences of conducting a reconciliation
37 process, including when such a process was warranted; and

38 WHEREAS, at its July 24, 2024 meeting, the Growth Management Planning Council identified a
39 set of guiding principles that establish criteria for holding a reconciliation process and evaluating
40 requests, including:

- 41 1. Reconciliation/amendments may be pursued when significant changes to the planning
42 framework or local circumstances that could not have been anticipated have occurred since
43 target adoption.
- 44 2. Reconciliation/amendments may be allowed where adherence to the adopted targets creates a
45 conflict with other Growth Management Act goals (e.g., environmental issues, infrastructure
46 to serve growth).
- 47 3. Jurisdictions are responsible for demonstrating need, consistent with the threshold and
48 principles for reconciliation, for the requested target change.
- 49 4. Jurisdictions should directly request reconciliation or amendment of their target.
- 50 5. Amended targets must further King County's alignment with the Regional Growth Strategy
51 and protect the integrity of the growth target setting process.

6. Growth Management Planning Council staff will coordinate with the Puget Sound Regional Council and Commerce to minimize any risk to plan certification.

7. Growth targets should only be redistributed when countywide housing needs are addressed.

8. Reconciliation should limit impacts to jurisdictions not requesting amended targets; and

WHEREAS, at its July 24, 2024, the Growth Management Planning Council directed staff to

canvas King County jurisdictions for interest in reconciliation and seek written requests from interested jurisdictions; and

WHEREAS, in August 2024, Carnation and Snoqualmie submitted detailed requests to the

Growth Management Planning Council to decrease their housing growth targets to 350 and 719 housing units, respectively, and adjust the associated housing need; and

WHEREAS, the Growth Management Planning Council considered these requests against the principles for reconciliation, the related King County Countywide Planning Policies, and the VISION 2050 Multicounty Planning Policies; and

WHEREAS, the Growth Management Planning Council determined that significant and anticipated changes to King County's planning framework and local circumstances have occurred since targets were adopted, and that the requests from Carnation and Snoqualmie met the criteria set in the guiding principles for reconciliation process; and

WHEREAS, while reducing housing growth targets and related housing need decreases King 's overall housing growth allocation, it is offset by additional housing added by other jurisdictions the 2021 growth target setting process, the reconciled housing growth targets are consistent with 1 target setting process, and the requested reduction in growth targets improves King County's ent with the VISION 2050 Regional Growth Strategy for the Cities and Towns Regional phy; and

WHEREAS, the GMPC recognized that reconciling growth targets could be a precedent setting and as such, directed that this reconciliation process does not establish a precedent or permanent ;

²The countywide need projections are derived from the Washington State Department of Commerce and were adjusted to align with the adopted housing growth targets for the planning period to ensure jurisdictions are planning for growth that is consistent with the goals of the Development Patterns Chapter.

³ “Emergency Housing” includes emergency housing and emergency shelter and is in addition to permanent housing needs.

⁴ Data on baseline housing supply is estimated using 2020 Office of Financial Management data on total housing units, and 2014-2018 Comprehensive Housing Affordability Strategy and 2020 Public Use Microdata Sample data on the distribution of units at different income levels. These data sources are used to align with Department of Commerce countywide need baseline data, even though the King County growth target setting process began in 2019.

⁵ Beaux Arts Village and Hunts Point both have growth targets of one unit, meaning their total need allocated is also one unit. The allocation process divides that unit up into multiple area median income bands, but to get need allocations that are whole numbers, we round all allocations in each area median income band and the emergency housing/shelter category.

In the Countywide Planning Policies Appendix 4: Housing Technical Appendix, starting on page 75, amend as follows:

To arrive at countywide net new permanent housing needs for by income level and permanent supportive housing, King County selected the net new units needed from Commerce's medium projections and scaled the net new units needed proportionately to equal King County's housing growth target to build on and maintain consistency with the population projection and assumptions about regional growth. The 2025 reconciliation process reduced housing growth targets for the cities of Carnation and Snoqualmie. To meet the Department of Commerce's minimum standards for allocating housing need, the total housing need for these two cities is slightly higher than either city's housing growth target.

In the Countywide Planning Policies Appendix 4: Housing Technical Appendix, starting on page 77 , amend as follows:

¹⁰ Beaux Arts Village and Hunts Point both have growth targets of one unit, meaning their total need allocated is also one unit. The allocation process divides that unit up into multiple area median income bands, but to get need allocations that are whole numbers, we round all allocations in each area median income band and the Emergency Housing/Shelter category.
