#### Ordinance 19945

**Proposed No.** 2025-0135.1

**Sponsors** Dunn

1 AN ORDINANCE approving the City of Enumclaw 2016  
2 Comprehensive General Sewer Plan with Amendments 1-3.

3 **STATEMENT OF FACTS:**

4 1. King County has adopted K.C.C. chapter 13.24, which requires  
5 approval of comprehensive plans for water and sewer utilities that provide  
6 service in unincorporated King County as a prerequisite for operating in  
7 unincorporated King County, receiving approval for annexation proposals,  
8 granting right of way franchises, and approving right of way construction  
9 permits. K.C.C. chapter 13.24 prescribes the requirements for approval of  
10 such plans, including consistency with state and local planning  
11 requirements.

12 2. King County has not previously approved a wastewater plan for the  
13 city of Enumclaw. King County regulations require sanitary sewer system  
14 plans to be updated every six years.

15 3. The city of Enumclaw wastewater system has a service area within  
16 unincorporated King County and has adopted a comprehensive wastewater  
17 system plan ("the plan").

18 4. The city of Enumclaw wastewater system plan proposes to locate a  
19 sanitary sewer facility on a Rural designated property.

Ordinance 19945

---

20           5. King County has adopted a Comprehensive Plan that includes policies  
21           F-402 through F-453, the applicable portions of which address sanitary  
22           sewer policies for facilities and services. These sanitary sewer policies call  
23           for consistency with other adopted plans, pursuit of reclaimed water, water  
24           conservation, protection of water resources, and when a sanitary sewer  
25           facility is proposed to be located in the Rural Area, a finding that its  
26           location is technically necessary to provide service to the Urban Growth  
27           Area.

28           6. K.C.C. chapter 13.24 requires the utilities technical review committee  
29           to review and make a recommendation to the King County executive and  
30           council on the plan, the requirements under K.C.C. chapter 13.24,  
31           consistency with the King County Comprehensive Plan, and when a  
32           sanitary sewer facility is proposed to be located in the Rural Area, a  
33           finding that its location is technically necessary to provide service to the  
34           Urban Growth Area. The utilities technical review committee has  
35           reviewed the planning data and system operations and has found:

- 36           a. The plan uses population and employment projections consistent with  
37           the city of Enumclaw's water system plan estimates which were  
38           determined using the King County Countywide Planning Policies (CPPs)  
39           Table DP-1 housing targets and Puget Sound Regional Council (PSRC)  
40           population projection data;
- 41           b. A portion of the system's service area is in unincorporated King  
42           County;
-

Ordinance 19945

---

- 43 c. The sanitary sewer facility proposed to be in the Rural Area is:
- 44 (1) limited to serving areas within an Urban Growth Area;
- 45 (2) subject to access restrictions precluding service to adjacent rural
- 46 areas; and
- 47 (3) technically necessary to provide service to the Urban Growth Area;
- 48 d. The capital facility plan is adequate to meet anticipated facility and
- 49 service needs;
- 50 e. The plan is consistent with applicable Washington state water quality
- 51 laws; and
- 52 f. The plan is consistent with other pertinent county adopted plans and
- 53 policies.
- 54 7. Washington state Department of Ecology approved the 2016 plan on
- 55 March 3, 2017, and approved amendment 2 on October 11, 2023.
- 56 8. Under the State Environmental Policy Act, the city completed:
- 57 a. an environmental check list and issued a Determination of
- 58 Nonsignificance (DNS) for the 2016 plan on March 16, 2016;
- 59 b. an environmental check list and issued a DNS for amendment 1 on
- 60 September 18, 2019 with an Addendum on October 16, 2016:
- 61 c. an environmental check list and issued a DNS for amendment 2 on
- 62 September 6, 2023; and
- 63 d. an Addendum to a DNS for the city's Draft Comprehensive Plan
- 64 Periodic Update and Municipal Code Amendments for amendment 3 on
- 65 October 30, 2024.

Ordinance 19945

---

66           9. The system's operations and facilities meet multiple existing statutory,  
67           administrative, and planning standards. As the system's operations,  
68           facilities, and planning meet the requirements of the King County Code,  
69           and are consistent with the King County Comprehensive Plan, the utilities  
70           technical review committee has recommended approval of the plan.
