Ordinance 17762

Proposed No. 2014-0001.1

Sponsors Phillips

1 AN ORDINANCE approving the Washington Water
2 Service Company Satellite System Management Plan.

3 STATEMENT OF FACTS:

- 4 1. King County has adopted K.C.C. chapter 13.24, which requires
5 approval of comprehensive plans for water utilities that distribute or obtain
6 water in unincorporated King County as a prerequisite for operating in
7 unincorporated King County, receiving approval for annexation proposals,
8 being granted right-of-way franchises and being given approval for right-
9 of-way construction permits. K.C.C. 13.24.060 prescribes the
10 requirements for approval of such plans, including consistency with state
11 and local planning requirements.
- 12 2. RCW 70.116.050 requires that general comprehensive plans for public
13 water supply within critical water supply service areas be submitted to,
14 and approved by, the legislative authority within whose boundaries all or a
15 portion of a utility lies.
- 16 3. The Washington Water Service Company Satellite System Management
17 Plan was last prepared in 2002. Both Washington state Department of
18 Health and King County regulations require satellite system plans to be
19 updated every six years.

20 4. The company proposes to provide satellite water system management
21 services within a critical water supply service area and has adopted the
22 plan.

23 5. King County has adopted a Comprehensive Plan that includes water
24 supply policies in its provisions for facilities and services (policies F-101
25 through F-254) that call for consistency with other adopted plans, support
26 for regional water supply planning, pursuit of reclaimed water, water
27 conservation and protection of water resources.

28 6. K.C.C. chapter 13.24 requires the utilities technical review committee
29 to review and make a recommendation to the King County executive and
30 council on the plan and the requirements under K.C.C. chapter 13.24 and
31 consistency with the King County Comprehensive Plan. The utilities
32 technical review committee has reviewed the planning data and company
33 operations and has found:

34 a. The plan proposes that the company provide satellite services and
35 operate countywide;

36 b. The plan is adequate to meet anticipated service needs for those
37 systems that contract with the company;

38 c. The plan is consistent with applicable Washington state water quality
39 laws; and

40 d. The plan is consistent with other pertinent county adopted plans and
41 policies.

42 7. The Washington state Department of Health approved of the company's
43 plan pending King County approval.

44 8. Under the state Environmental Policy Act, the department of natural
45 resources and parks issued a Determination of Nonsignificance for the
46 issuance of the plan on June 21, 2013, and there were no appeals.

47 9. The company's operations and facilities meet multiple existing
48 statutory, administrative, and planning standards. As the company's
49 operations, facilities, and planning meet the requirements of the King
50 County Code and are consistent with the King County Comprehensive
51 Plan, the utilities technical review committee has recommended approval
52 of the plan.

53 BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

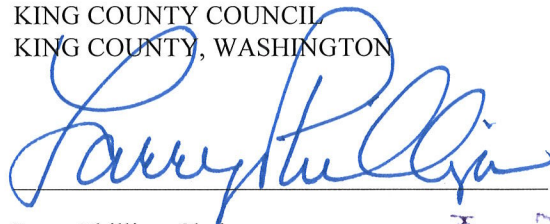

54 SECTION 1. The Washington Water Service Company Satellite System

55 Management Plan, Attachment A to this ordinance, is hereby approved as a satellite
56 system management plan.
57

Ordinance 17762 was introduced on 1/13/2014 and passed by the Metropolitan King
County Council on 3/3/2014, by the following vote:
