NOTICE IS HEREBY GIVEN that the Metropolitan King County Council (the Council) held a public hearing on Tuesday, May 2, 2023, beginning at 1:30 PM to consider adoption of Proposed Ordinance 2023-0092 (Ordinance 19601) an ordinance adopting regulations for fossil fuel facilities and non-hydroelectric generation facilities. The Council adopted this Ordinance at the Tuesday, May 2, 2023, meeting.

SUMMARY:

The Ordinance modifies requirements for fossil fuel facilities and non-hydroelectric generation facilities, as those terms are defined in King County Code Title 21A.

For privately owned fossil fuel facilities and for privately owned non-hydroelectric generation facilities not accessory to waste management processes, the Ordinance:

- Requires the facility to demonstrate financial responsibility in an amount necessary to compensate for the maximum damages from an explosion resulting from a worst-case release;
- Requires the facility to demonstrate financial responsibility in an amount necessary to compensate for facility decommissioning;
- Sets standards for the explosion study and decommissioning study necessary to determine the adequate level of financial responsibility; and
- Requires the level of financial responsibility to be reviewed for adequacy every five years.

The Ordinance also requires non-hydroelectric generation facilities not accessory to waste management processes to undergo a five-year review of all permit conditions. This review is already required of fossil fuel facilities.

A copy of Ordinance 19601 will be mailed upon request to the Clerk of the Council, Room 1200, King County Courthouse, 516 Third Avenue, Seattle, WA 98104, telephone 206-477-1020.
