Each quarterly report must include, but not be limited to: (1) project scope, including project description and any explanation of scope changes; (2) project budget, including life to date appropriations, estimate at completion, and project baseline; (3) project schedule, including current phase, project status, and phase start and end dates; and (4) project management hours, including project manager identification, project management hours expended on the project to date and total projected project management hours.

Each quarterly report must identify any milestone or work item that was to be completed in the quarter and whether the milestone was missed or not completed. The first report, reporting on the last quarter of 2010 and first quarter of 2011, must be submitted by April 30, 2011, the second report, reporting on the second quarter of 2011, by July 30, 2011, and the third report, reporting on the third quarter of 2011, by October 30, 2011. Upon transmission of each of the first two quarterly reports, \$250,000 becomes available for encumbrance or expenditure. For the third quarterly report, the final \$250,000 of the expenditure restriction is available for encumbrance or expenditure after the executive transmits and the council adopts a motion that references the proviso's ordinance, section and number and states that the executive has responded to the proviso.

The quarterly reports required to be submitted by this proviso must be filed in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all council members, the council chief of staff and the lead staff for the budget and fiscal management committee or its successor. Upon receipt of the first two quarterly reports, the clerk shall provide a proof of receipt to the director of the office of performance, strategy and budget.

#### P4 PROVIDED FURTHER THAT:

Of this appropriation, \$140,000 shall not be expended or encumbered until the executive transmits a proposed ordinance and the council adopts legislation that references the proviso's ordinance, section and number and finds that the executive has responded to the proviso. This proviso requires the executive to include in the proposed ordinance new policies directing procurement and contract services section of the finance and business operations division to require the use of the King County print shop by county agencies, including the review of all existing contracts with external printing vendors who provide services similar to those provided by the print shop, and denial of all agency requests for external printing vendors unless the service requested is such that the King County print shop is unable to reasonably provide the service. The proposed ordinance will also contain a policy to define acceptable use of external printing vendors for services that the King County print shop is unable to reasonably provide, a market analysis of the print shop's fees for services and a market analysis of the time required by the print shop to complete printing services.

The executive should transmit to the council the proposed ordinance required by this proviso by June 1, 2011, filed in the form of a paper original and an electronic copy

Upon receipt, the clerk shall provide a proof of receipt to the director of the office of performance, strategy and budget.

## P6 PROVIDED FURTHER THAT:

Of this appropriation, \$250,000 shall not be expended or encumbered until the executive has transmitted and the council adopts legislation that references the proviso's ordinance, section and number and states that the executive has responded to the proviso. This proviso requires proposed amendments to update the King County space plan, which were due according to K.C.C. 20.12.100 on March 1, 2010. Because of the reduction in the number of county agency positions over the past two years as a result of budgetary limitations, these amendments must include an analysis of space that can be consolidated, facilities mothballed or surplussed and a recommended strategy for disposition.

The executive must transmit to the council the required space plan amendments
and legislation by ((March 1,)) May 16, 2011, filed in the form of a paper original and an
electronic copy with the clerk of the council, who shall retain the original and provide an
electronic copy to all council members, the council chief of staff, the director of strategic
policy initiatives and the lead staff to the budget and fiscal management committee or

- a) Includes reserves for diesel cost stabilization, pharmaceuticals/medical equipment, and call volume/utilization.
- b) Pharmaceutical/medical equipment reserve can be used if medical equipment costs significantly exceed inflator; agencies must evaluate whether cost can be accommodated in equipment reserve; call volume reserve can be used to compensate ALS agencies for temporary incidents.
- c) Salary reserves can be used to cover 2% minimum COLA for ALS & RSS in 2011 only; excess backfill for PTO above the 2164 hours per year per unit; or paramedic students more than one above cumulative amount in allocation.
- d) Available to ALS providers to cover actual dispatch costs above allocation.
- e) Vehicle/Chassis designation can be assessed when costs at least 10% above amount in equipment allocation; facility designation can be assessed for significant improvements costing above \$100,000 and determined essential by the EMSAC Financial Subcommittee and EMS Advisory
- f) Risk Abatement designation can be assessed for costs exceeding \$100,000 or 5% of ALS agency allocation or \$25,000 for under/uninsured motorists; cost sharing includes agencies covering costs up to 2% of their ALS allocation or up to \$25,000 for under/uninsured motorists; Other than motorists claims, use limited to loss related to court order, settlement related to arbitration or lawsuit, state and federal regulations; agencies requesting use must prepare and present plan to EMSAC Financial Subcommittee to avoid similar cost/risk in future; agencies should consider use of program balances prior to requesting funds. Footnotes

'Ordinance 16445 requires that the Executive submit a report to the Council when expenditures within a budget transparency section exceed 15 percent of the amount identified in Attachment I. In 2011, the second year of implementation of ordinance 16445, the Executive will again (consistent with 2010) submit reports based on departmental variances of 15 percent from the adopted Attachment I values entered into the accountingfinancial system adjusted for payroll reconciliation (COLAs, ment pay increases). Reporting based on a comparison with those values would not necessarily identify all variances of 15 percent from the adopted Attachment I values. Therefore Council staff are working with Executive staff to determine how best to capture that information to meet the ordinance requirements.

<sup>2</sup>2011 Adopted Budget does includes 2010/2011 biennial budgets for Department of Transportation budgets. DOT 2010/2011 information will be provided starting in the 1st Quarter Report.
