5 EFFECT: Adds a supportive policy statement for DOT/Metro Transit/Roads, Item

6 K. for Eastside Rail Corridor dual use project funding.

Department	Description
DES/OEM A.	0.5% to 1% fee for assessment, billing, collection and distribution of taxes - The intent is to allow counties the
	ability to assess a fee to pay for the appraisal, tax account administration, collection and distribution of property taxes. It is estimated that this would generate about \$17-34 million for the count.
	billing, collecting, and distributing taxes to the County Treasurer but does not provide any means of cost monotonic
B.	Emergency Management Funding – The County seeks a new secure funding source for emergency management in
	Washington State by placing a surcharge on insurance policies of homeowners, mobile homeowners, tenants
	condominium unit owners, commercial fire policy holders, commercial multiple peril policy holders, and business
<b>•</b> -	owners' property insurance policy holders. The funding would be dedicated to the development and coordination of
	state and local government emergency management programs.
DNRP A.	<u> </u>
····	(REET) II. Harmonizing REET 1 and 2 would help in park and trail development
B.	Salmon Recovery Funding and Funding for Habitat Acquisition - For Salmon Recovery Funding: Wind Country
	supports continued level of State funding for Salmon Recovery Funding Roard projects Ving County Funding, King County Funding
	keeping the Lead Entity grants at increased funding to account for increased costs over time in administering
••••••••••••••••••••••••••••••••••••••	programs (grant amount has not changed in last 8 years).
<u>.</u>	Solid Waste Collection - Support amending 36.58.040 RCW to clarify the intent of the requirement for counties to
. 107	execute interlocal agreements if a certificated hauler possesses collection certificates in geographic areas lying in
s 	nded consequence
	county's jurisdiction to designate disposal sites
IJ.	Lake Sammamish Kokanee Salmon - Support necessary levels of funding for Washington Department of Fish and
	recovery is a goal of the KC Executive and the King County County of the Sammamish Kokanee salmon. Kokanee
	emergency activities fundamental to this outcome. No change in current law required
म	CW 4.22.070(
••••••••••	are not subject to joint and several liability.
Ţ.	Solid Waste Disposal Districts - Support amending 36.58.100 RCW to allow King County to establish solid waste
}	disposal districts for the purpose of providing and funding solid waste disposal services
Ģ	Kainwater Collection - Green building encourages the collection/use of rainwater to reduce notable water use and
	increase use of collected rainwater for non-potable uses such as irrigation fluching toilets modeling.
nat ,	control, etc. Rainwater collection is also a technique to reduce stormwater flows of huildings and attractions and
	reduce negative impacts to water quality.

Department		Description
DNRP Continued	H,	<b>Collection of Waste Medicine -</b> Support legislation that will require drug manufacturers that sell products in Washington to develop, fund and implement a take-back system for unwanted, unused or left-over medicines. Covered medicines from households are: over-the-counter drugs and all prescription medicines, including legally prescribed controlled substances. Legislation will be consistent with product stewardship framework. WA Bound of
	<b>I</b> .	Pharmacy will approve and oversee the product stewardship program. <b>Product Stewardship Framework -</b> Support passage of legislation creating a basic, generic approach to product stewardship within WA state to promote producer responsibility and normalize the requirements for take-back
	J.	<b>Electronics Products Recycling -</b> Support legislation to expand the list of electronic products included in WA's Electronic Products Recycling Law, which is currently limited to televisions commuters and monitors
	K.	Paint Product Stewardship - If introduced in Washington, support legislation to establish an industry-funded
-		program to collect and manage leftover paint using a pass-through cost to consumers, as part of a national paint initiative. In 2007, the Product Stewardship Institute negotiated an agreement among paint manufacturers
		government agencies, paint recyclers, painting contractors, and other participants to establish an industry-funded
		legislation will be needed prior to start of similar project in WA.
	L.	Public Works Contracting Procedures - Amend RCW 36.32.235 to raise the day labor limit to \$180K for habitat
	······	and flood plain restoration projects. These projects have design and construction characteristics that are incompatible with current state contracting requirements due to unique active
		projects that use bioengineering techniques require significant flexibility in construction oversight, site- specific adaptations that frequently shift during construction due to the during frequent flexibility in construction oversight.
	M.	Lake Water Quality - Protecting lake water quality by reducing phosphorus from lawn fertilizers (SB5503 – '09 legislative session).
r.	Ż	Lake Management Strategy - Develop comprehensive strategy for lakes protection and restoration. Portions may
unante en c		be implemented within current authority and funding. Also include recommendations for further legislative authorization and funding to achieve a statewide lakes protection and restoration program
	0.	Broadening Eligibility for Washington Stream Line Joint Aquatic Resources Permit Application (SLJARPA) - Amend Streamline Process for Fish Habitat Restoration Projects to provide coverage for larger more complex to b
		habitat enhancement projects such as stream relocations and creation of off-channel rearing habitats and associated wetland enhancements.
	P.	Compost Standards for Use in Water Quality Treatment Application - Current law: WA State has a law with

# KING COUNTY'S 2010 STATEMENT OF STATE POLICY POSITIONS

Department		Description
Performance	1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 - 1999 -	which provides for county roads to become cities' responsibility at the time of annexation/incompration
Management)	<u>.</u>	Halt the practice of annexing the highest revenue generating areas of unincorporated areas - King County
		supports changes to statutes that eliminate the ability of jurisdictions to annex the revenue generating unincorporated
	D.	Potential Annexation Area (PAA) Transfers to Cities - King County supports legislation that will facilitate
		annexations to cities as quickly as and predictably as possible.
	Ŀ.	Baldrige State Requirements - King County's current performance management system is sufficient to ensure that
		public dollars are well spent, without the additional onerous and costly Baldrige process fees and staffing
		requirements that would reduce housing and homeless services programmatic dollars. Oppose performance
		management systems that require specific application of the Baldrige criteria to assess public homelessness and affordable housing dollars.
King County	A	Court Fee Surcharges - Fees associated with filing court documents and receiving court services provide an
Superior Court		important source of revenue for both the state court system and King County. The revenue generated by most court
and King		fees is divided between the state and local jurisdictions; however, during the 2009 legislative session, the legislature
County		adopted a court fee surcharge, the revenue from which accrues entirely to the state. The WA Association of County
Department of		Officials and the WA Association of County Clerks opposed this arrangement for a variety of reasons. King County
Judicial		seeks a revision of the adopted legislation to provide for an equitable division of the surcharge fee revenue between
Administration		the state and the counties,
<sup>و</sup> ر ہے۔ -	<u>в</u>	Unfunded Mandates - In recent years, the Washington legislature has adopted many mandated programs and
		activities which counties must implement. Some of these mandates have been imposed without adequate associated
		than 14 million dollars each year. If adopted legislation provide full function for the county more
		alleviate county funding problems.
	C.	Dependency Notices - Any person or the Department of Social and Health Services may file a petition with the court
		alleging that a child is dependent due to abuse or neglect. Upon filing the petition, the Superior Court Clerk must
··· ••		send a notice to the child (if the child is 12 or older); the parents, guardian, or custodian; and any other person who
		may be a necessary party, requiring them to appear in court for the hearing on the dependency petition. If the parent,
		guardian, or custodian is not a resident of the state or their whereabouts are unknown and service has been

Cervical cancer screening for uninsured people with low incomes through the WBCHP. Cancer clinical trials - No specific legislation to review. Proposed legislation would require health insurance company to pay for standard of care for patients enrolled in clinical trials for cancer treatment rather than suspending the insurance for the duration of treatment. Clinical trials are medical research studies comparing new treatments to states and studies shows that patient care in clinical trials is comparable or lower than standard care. Increase retailer license fees for tobacco retailers - As an alternative to bill that would increase excise taxes on cigarettes we would like to consider increasing the annual tobacco retailer to be annual tobacco retained to be annual tobacco ret	<b>Opioid Substitution Therapy -</b> King County supports legislation, directing the DSHS and DOH (including Board of Pharmacy) to develop jail-specific guidelines for delivery of opioid substitution therapy services for inmates of jails. <b>State funding for Washington Breast and Cervical Health Program -</b> Maintain State funding for breast and	<b>TB</b> - Reduce routine work impacting tood-related issues. <b>TB</b> and screening for symptoms is a better approach, such as for drug treatment patients, teachers, and child care workers.	ness coun Food Pol /e anti-hui	<b>Active Living</b> - Improve access to physical activity in schools and communities. Help to implement the existing law that sets middling for the sets of the sets o	Healthy Eating - Protect the investments of the state through the Local Farms, Healthy Kids Act. The below	<b>Prohibit tobacco sales where a medical clinic is present in a retail establishment -</b> This bill ( <i>HB 2257- '07 legislative session</i> ) would ban the sale in any retail establishment that also housed medical clinic, such as a pharmacy where they will be providing various immunizations.	<b>State funding for Washington Colon Health</b> Program - Secure State funding for colorectal cancer screening for uninsured people with low incomes through the WBCHP.	Health Equity, health disparities, diabetes and other chronic diseases - Address and reduce/eliminate health disparities related to chronic diseases.	decisions and considers public health factors in order to bring about positive health outcomes. Examples of legislation include: green building; decreasing single-occupant motor vehicle use and increase bicycling, public transportation, and walking; complete streets legislation; decrease air and water pollution; atc

Maintain Current Funding Support From The State – King County seeks to maintain current levels of state funding for public health services.	<b>Public Benefit Rating System –</b> King County supports amendments to state statutes establishing standards for the public benefit rating system to allow participants to transfer between programs without penalty. This could make the program more of an incentive to property owners impacted by limitations designed to protect the environment.	<b>Supporting 520 Tolling Implementation -</b> Should the Legislature choose to handle toll violations through a court adjudicative process, King County seeks appropriate state funding to support this work at the County level.	<b>Clarify Bonding and Leasing Requirements for Specific Capital Projects</b> – King County supports an amendment to RCW 84.55.050 (4) (C) that would exempt certain County capital projects financed with proceeds of voter-approved levy lid lift over a longer period than the nine year limitation currently authorized by statute. The County also supports an amendment to RCW 35.42.070 that would clarify a requirement for leasing arrangements that the county may use to construct and pay for projects that are not normally leased, like jails, courthouses, and similar non-commercial uses.	<b>E-911 For Voice Over Internet Protocol Phone Calls (VoIP) –</b> King County supports legislation that implements the '08 state legislative study recommendation that 911 taxes on wireline (land lines) and wireless (cell phones) be increased, and expanded to include VoIP.	Mental Health Treatment Funding - King County supports protecting current funding for mental health services, substance abuse treatment, and housing/other programs that benefit the homeless.	Description
