WATER AND LAND RESOURCES DIVISION**

**Report to the King County Hearing Examiner for Property
Enrollment in the Public Benefit Rating System (PBRs)**

August 20, 2020 – Public Hearing

APPLICANT: Jason DeSanto

File No. E20CT003

A. GENERAL INFORMATION:

1. Owner: Jason DeSanto
604 Pioneer Avenue W, Unit A
Montesano, WA 98563
2. Property location: 40525 244th Avenue SE
Enumclaw, WA 98022
3. Zoning: A10
4. STR: NE-09-20-06
5. PBRs category requested by applicant:

NOTE: The property is currently participating in the farm and agricultural land program (RCW 84.34.020(2)). The purpose of this application is to reclassify the property and enroll it in PBRs.

Open space resources

Aquifer protection area
Buffer to public or current use classified land
*Farm and agricultural conservation land
Forest stewardship land
Rural open space
Surface water quality buffer

Bonus categories

Contiguous parcels under separate ownership
*Conservation easement or historic easement

NOTE: *Staff recommends credit be awarded for these PBRs categories.

Exhibit no.	1
Case name	Jason DeSanto
Case number	E20CT003
Date received	8/20/2020
KING COUNTY HEARING EXAMINER	

- 6. Parcel: 092006-9117
 - Total acreage: 10.14
 - Requested PBRS: 9.64
 - Home site/excluded area: 0.00
 - Recommended PBRS: 10.14***

NOTE: The portion recommended for enrollment in PBRS is the entire property. The attached 2019 aerial photo outlines the parcel in yellow. In the event the Assessor’s official parcel size is revised, PBRS acreage should be administratively adjusted to reflect that change.

***Recommended PBRS acreage is dependent upon the property’s qualification for the farm and agricultural conservation land category, which requires the enrolled acreage be farmed according to an approved farm management plan. Without award of this category, the property is not eligible to participate in PBRS.**

B. FACTS:

1. Zoning in the vicinity: Properties in the vicinity are zoned A10.
2. Development of the subject property and resource characteristics of open space area: The property is currently undeveloped but the owner may build a single-family residence in the future. The open space portion of the property consists of pastureland historically used for grazing livestock.
3. Site use: The property will be used as a single-family residence and farm.
4. Access: The property is accessed from 224th Avenue SE.
5. Appraised value for 2019 (based on Assessor’s information dated 8/4/2020):

<u>Parcel #092006-9117</u>	<u>Land</u>	<u>Improvements</u>	<u>Total</u>
Appraised value	\$165,000.00*	\$0	\$165,000.00
Tax applied	\$1,873.08	\$0	\$1,873.08

NOTE: *This value is presently impacted by the land’s participation in the farm and agriculture program (RCW 84.34), which is reflected in the land’s current and lower taxable value of \$11,674.00 (tax applied \$132.52). Similar to this farm program, participation in PBRS reduces the **appraised land value** for the **portion** of the property enrolled resulting in a lower taxable value.

C. REQUIREMENTS SPECIFIED BY KING COUNTY CODE (KCC):

KCC 20.36.010 Purpose and intent.

It is in the best interest of the county to maintain, preserve, conserve and otherwise continue in existence adequate open space lands for the production of food, fiber and forest crops, and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of the county and its citizens.

It is the intent of this chapter to implement RCW Chapter 84.34, as amended, by establishing procedures, rules and fees for the consideration of applications for public benefit rating system assessed valuation on "open space land" and for current use assessment on "farm and agricultural land" and "timber land" as those lands are defined in RCW 84.34.020. The provisions of RCW chapter 84.34, and the regulations adopted thereunder shall govern the matters not expressly covered in this chapter.

KCC 20.36.100 Public benefit rating system for open space land – definitions and eligibility.

- A. To be eligible for open space classification under the public benefit rating system, property must contain one or more qualifying open space resources and have at least five points as determined under this section. The department will review each application and recommend award of credit for current use of property that is the subject of the application. In making such recommendation, the department will utilize the point system described in section B. and C. below.
- B. The following open space resources are each eligible for the points indicated:
1. Public recreation area – five points
 2. Aquifer protection area – five points
 3. Buffer to public or current use classified land – three points
 4. Equestrian-pedestrian-bicycle trail linkage – thirty-five points
 5. Active trail linkage – fifteen or twenty-five points
 6. Farm and agricultural conservation land – five points
 7. Forest stewardship land – five points
 8. Historic landmark or archaeological site: buffer to a designated site – three points
 9. Historic landmark or archaeological site: designated site – five points
 10. Historic landmark or archaeological site: eligible site – three points
 11. Rural open space – five points
 12. Rural stewardship land – five points
 13. Scenic resource, viewpoint, or view corridor – five points
 14. Significant plant or ecological site – five points
 15. Significant wildlife or salmonid habitat – five points
 16. Special animal site – three points
 17. Surface water quality buffer – five points
 18. Urban open space – five points
 19. Watershed protection area – five points

- C. Property qualifying for an open space category in subsection B. of this section may receive credit for additional points as follows:
1. Resource restoration - five points
 2. Additional surface water quality buffer - three or five points
 3. Contiguous parcels under separate ownership - two points
 4. Conservation easement of historic easement – fifteen points
 5. Public access - points dependent on level of access
 - a. Unlimited public access - five points
 - b. Limited public access - sensitive areas - five points
 - c. Environmental education access – three points
 - d. Seasonal limited public access - three points
 - e. None or members only – zero points
 6. Easement and access – thirty-five points

D. 2016 COMPREHENSIVE PLAN POLICIES AND TEXT:

E-101 In addition to its regulatory authority, King County should use incentives to protect and restore the natural environment whenever practicable. Incentives shall be monitored and periodically reviewed to determine their effectiveness in terms of protecting natural resources.

NOTE: Monitoring of participating lands is the responsibility of both department PBRS staff and the landowner. This issue is addressed in the Resource Information document (page 4) and detailed below in Recommendation #B10.

E-112a The protection of lands where development would pose hazards to health, property, important ecological functions or environmental quality shall be achieved through acquisition, enhancement, incentive programs and appropriate regulations. The following critical areas are particularly susceptible and shall be protected in King County:

- a. Floodways of 100-year floodplains;
- b. Slopes with a grade of 40% or more or landslide hazards that cannot be mitigated;
- c. Wetlands and their protective buffers;
- d. Aquatic areas, including streams, lakes, marine shorelines and their protective buffers;
- e. Channel migration hazard areas;
- f. Critical Aquifer Recharge Areas;
- g. Fish and Wildlife Habitat Conservation Areas; and
- h. Volcanic hazard areas.

E-421 Terrestrial and aquatic habitats should be conserved and enhanced to protect and improve conditions for fish and wildlife.

NOTE: PBRS is an incentive program provided to encourage voluntary protection of open space resources and maintain high quality resource lands.

E-429 King County should provide incentives for private landowners who are seeking to remove invasive plants and noxious weeds and replace them with native plants, such as providing technical assistance or access to appropriate native plants.

NOTE: Participation in PBRS requires landowners address invasive plant and noxious weed control and removal within enrolled portions of a property. Replacement with native vegetation is also encouraged via the implementation of approved forest stewardship, rural stewardship or resource restoration plans.

E-443 King County should promote voluntary wildlife habitat enhancement projects by private individuals and businesses through educational, active stewardship, and incentive programs.

E-476 King County should identify upland areas of native vegetation that connect wetlands to upland habitats and that connect upland habitats to each other. The county should seek protection of these areas through acquisition, stewardship plans, and incentive programs such as the Public Benefit Rating System and the Transfer of Development Rights Program.

E-504 King County should protect native plant communities by encouraging management and control of nonnative invasive plants, including aquatic plants. Environmentally sound methods of vegetation control should be used to control noxious weeds.

NOTE: Lands participating in PBRS provide valuable resource protection and promote the preservation or enhancement of native vegetation. Addressing nonnative vegetation (invasive plant species), through control and eradication is a PBRS requirement.

E-449 King County shall promote retention of forest cover and significant trees using a mix of regulations, incentives, and technical assistance.

R-605 Forestry and agriculture best management practices are encouraged because of their multiple benefits, including natural resource preservation and protection.

NOTE: The implementation of an approved forest stewardship, farm management or rural stewardship plan benefits natural resources, such as wildlife habitat, stream buffers and groundwater protection, as well as fosters the preservation of sustainable resources.

E. PBRS CATEGORIES REQUESTED and DEPARTMENT RECOMMENDATIONS:

Open space resources

- Aquifer protection area

In order to be eligible for this category, a property must contain a minimum of one acre where native plants are dominant that is located within a designated critical aquifer recharge area. This property is not located in an area that is designated as a critical aquifer recharge area and consists entirely of maintained pastureland. Credit for this category cannot be recommended.

- Buffer to public or current use classified land

The property is adjacent to land participating in the farm and agricultural land program (RCW 84.34) along the east, south and north property lines. However, the enrolling open space area consists entirely of maintained pastureland and is not providing a buffer of native vegetation to any of these adjacent lands. Credit for this category is not recommended.

- Farm and agricultural conservation land

The property is presently enrolled in the farm and agricultural program (RCW 84.34). In order for the property to qualify for this category and enroll in PBRS, an approved farm management plan must be implemented. The owners are working with the King Conservation District to develop a farm management plan. Credit for this category is recommended dependent upon this plan being **received by the department on or before October 31, 2021**.

- Forest stewardship land

In order to be eligible for this category, the property must contain at least four acres of contiguous forestland. The property consists entirely of pastureland, except for a few trees located in the southwest corner of the property. Credit for this category is not recommended.

- Rural open space

In order to be eligible for this category, a property must be located in the rural area and be enrolling at least ten acres of native vegetation. Although the property is located in the rural area, the enrolling property is less than ten acres in size and is pastureland. Credit for this category cannot be recommended.

- Surface water quality buffer

In order to be eligible for this category, the enrolling land must be providing a qualifying buffer of native vegetation to a lake, pond, stream, wetland or shoreline within the enrolling portion of a property. The property does not contain any aquatic features. Credit for this category cannot be recommended.

Bonus categories

- Contiguous parcels under separate ownership

Award of this category requires a PBRS application contain multiple parcels and owners applying and enrolling together. This property contains a single parcel and is not enrolling with other parcel owners. Credit for this category cannot be recommended.

- Conservation easement and historic easement
The property is participating in the farmland preservation program and is protected in perpetuity by a conservation easement, which is held by King County. Credit for this category is recommended. **Credit for this category is recommended but is dependent on the award of the farm and agricultural conservation land category.**

NOTE: It is important to note that enrollment in the PBRS program requires the control and removal of invasive plant species. This issue is addressed in the Resource Information document (page 3) and below in Recommendation #B7.

CONCLUSIONS AND RECOMMENDATIONS

A. CONCLUSIONS:

1. Approval of the subject request would be consistent with the specific purpose and intent of KCC 20.36.010.
2. Approval of the subject request would be consistent with policy E-101 of the King County Comprehensive Plan.
3. Of the points recommended, the subject request meets the mandatory criteria of KCC 20.36.100 as indicated:

Open space resources

Aquifer protection area	0
Buffer to public or current use classified land	0
Farm and agricultural conservation land	5*
Forest stewardship land	0
Surface water qualify buffer	0
Rural open space	0

Bonus categories

Contiguous parcels under separate ownership	0
Conservation easement or historic easement	15**

TOTAL 20 points

NOTE: *Without award of this category, the property would not be eligible to participate in PBRS. **Additionally, award of this category is dependent upon the award of the farm and agricultural land conservation land category.

PUBLIC BENEFIT RATING

For the purpose of taxation, 20 points result in 30% of market value and a 70% reduction in taxable value for the portion of land enrolled.

B. RECOMMENDATION:

APPROVE the request for current use taxation "Open space" classification with a Public Benefit Rating of 20 points, subject to the following requirements:

**Requirements for Property Enrolled in the
Public Benefit Rating System Current Use Taxation Program**

1. Compliance with these requirements is necessary to continue to receive the tax benefits from the King County Public Benefit Rating System (PBRS) current use taxation program for the property enrolled in the program (Property). Failure to abide by these requirements can result in removal of current use designation and subject the property owner (Owner) to the penalty, tax, and interest provisions of RCW 84.34 and assessment at true and fair value. The King County Department of Assessments (DoA) and the Water and Land Resources Division, Director's Office, Agriculture, Forestry and Incentives Unit (AFI) or its successor may re-evaluate the Property to determine whether removal of the open space designation is appropriate. Removal shall follow the process in RCW 84.34.108.
2. Revisions to these requirements may only occur upon mutual written approval of the Owner and granting authority. These conditions shall apply so long as the Property retains its open space designation. If a conservation easement acceptable to and approved by King County is granted by the Owner or the Owner's successors in interest to the Department of Natural Resources and Parks, King County or a grantee approved by King County, these requirements may be superseded by the terms of such easement, upon written approval by King County.
3. The open space classification for this Property will continue so long as it meets the open space purposes for which it was initially approved. Classification as open space will be removed upon a determination by King County that the Property no longer meets the open space purposes for which it was initially approved. A change in circumstances which diminishes the extent of public benefit from that approved by the King County Council in the open space taxation agreement will be cause for removal of the current use assessment classification. It is the Owner's responsibility to notify the DoA and the AFI Unit or its successor of a change in circumstance with regard to the Property.
4. When a portion of the open space Property is withdrawn or removed from the program, the AFI Unit or its successor and the DoA shall re-evaluate the remaining Property to determine whether it may continue to qualify under the program. If the remaining portion meets the criteria for priority resources, it may continue under current use taxation.
5. Except as provided for in sections 6, 7 and 9 and below, no alteration of the open space land or resources shall occur without prior approval by the AFI Unit or its successor. **Any unapproved alteration may constitute a departure from an approved open space use**

and be deemed a change of use, and subject the Property to the additional tax, interest, and penalty provisions of RCW 84.34.080. "Alteration" means any human-induced action that adversely impacts the existing condition of the open space Property or resources including but not limited to the following: *(Walking, horseback riding, passive recreation or actions taken in conjunction with a resource restoration plan, or other similar approved activities are permitted.)*

- a. erecting structures;
 - b. grading;
 - c. filling;
 - d. dredging;
 - e. channelizing;
 - f. modifying land or hydrology for surface water management purposes;
 - g. cutting, pruning, limbing or topping, clearing, planting, introducing, relocating or removing vegetation, however, selective cutting may be permitted for firewood;
 - h. applying herbicides or pesticides or any hazardous or toxic substance;
 - i. discharging pollutants excepting stormwater;
 - j. paving, construction, application of gravel;
 - k. storing of equipment, household supplies, play equipment, or compost;
 - l. engaging in any other activity that adversely impacts the existing vegetation, hydrology, wildlife, wildlife habitat, or other open space resources.
6. Notwithstanding the provisions of Section 5 trees posing a hazard to structures or major roads may be removed. Any trees removed must be replaced.
 7. If an area of the Property becomes or has become infested with noxious weeds, the Owner may be required to submit a control and enhancement plan to the AFI Unit or its successor in order to remove such weeds. If an area of the Property becomes or has become invaded by non-native species, the Owner may be required to submit, or may voluntarily submit, an enhancement plan to the AFI Unit or its successor, in order to replace such species with native species or other appropriate vegetation.
 8. There shall be no motorized vehicle driving or parking allowed on the open space Property, except for the purpose of farm and agriculture and in areas of the Property being used as farm and agricultural conservation land.
 9. For land designated as farm and agricultural conservation land, activities that are consistent with farm or agriculture uses and that are consistent with the approved farm management plan shall be permitted as long as those activities do not cause a significant adverse impact to the resource values of other awarded categories.
 10. An owner of property receiving credit for farm and agricultural conservation land, forest stewardship land, or rural stewardship land, all of which require a stewardship or management plan, must annually provide a monitoring report that describes progress of implementing the plan. The owner must submit this report, which must include a brief description of activities taken to implement the plan and photographs from established

points on the property, to the department by email or by other mutually agreed upon method. An environmental consultant need not prepare this report.

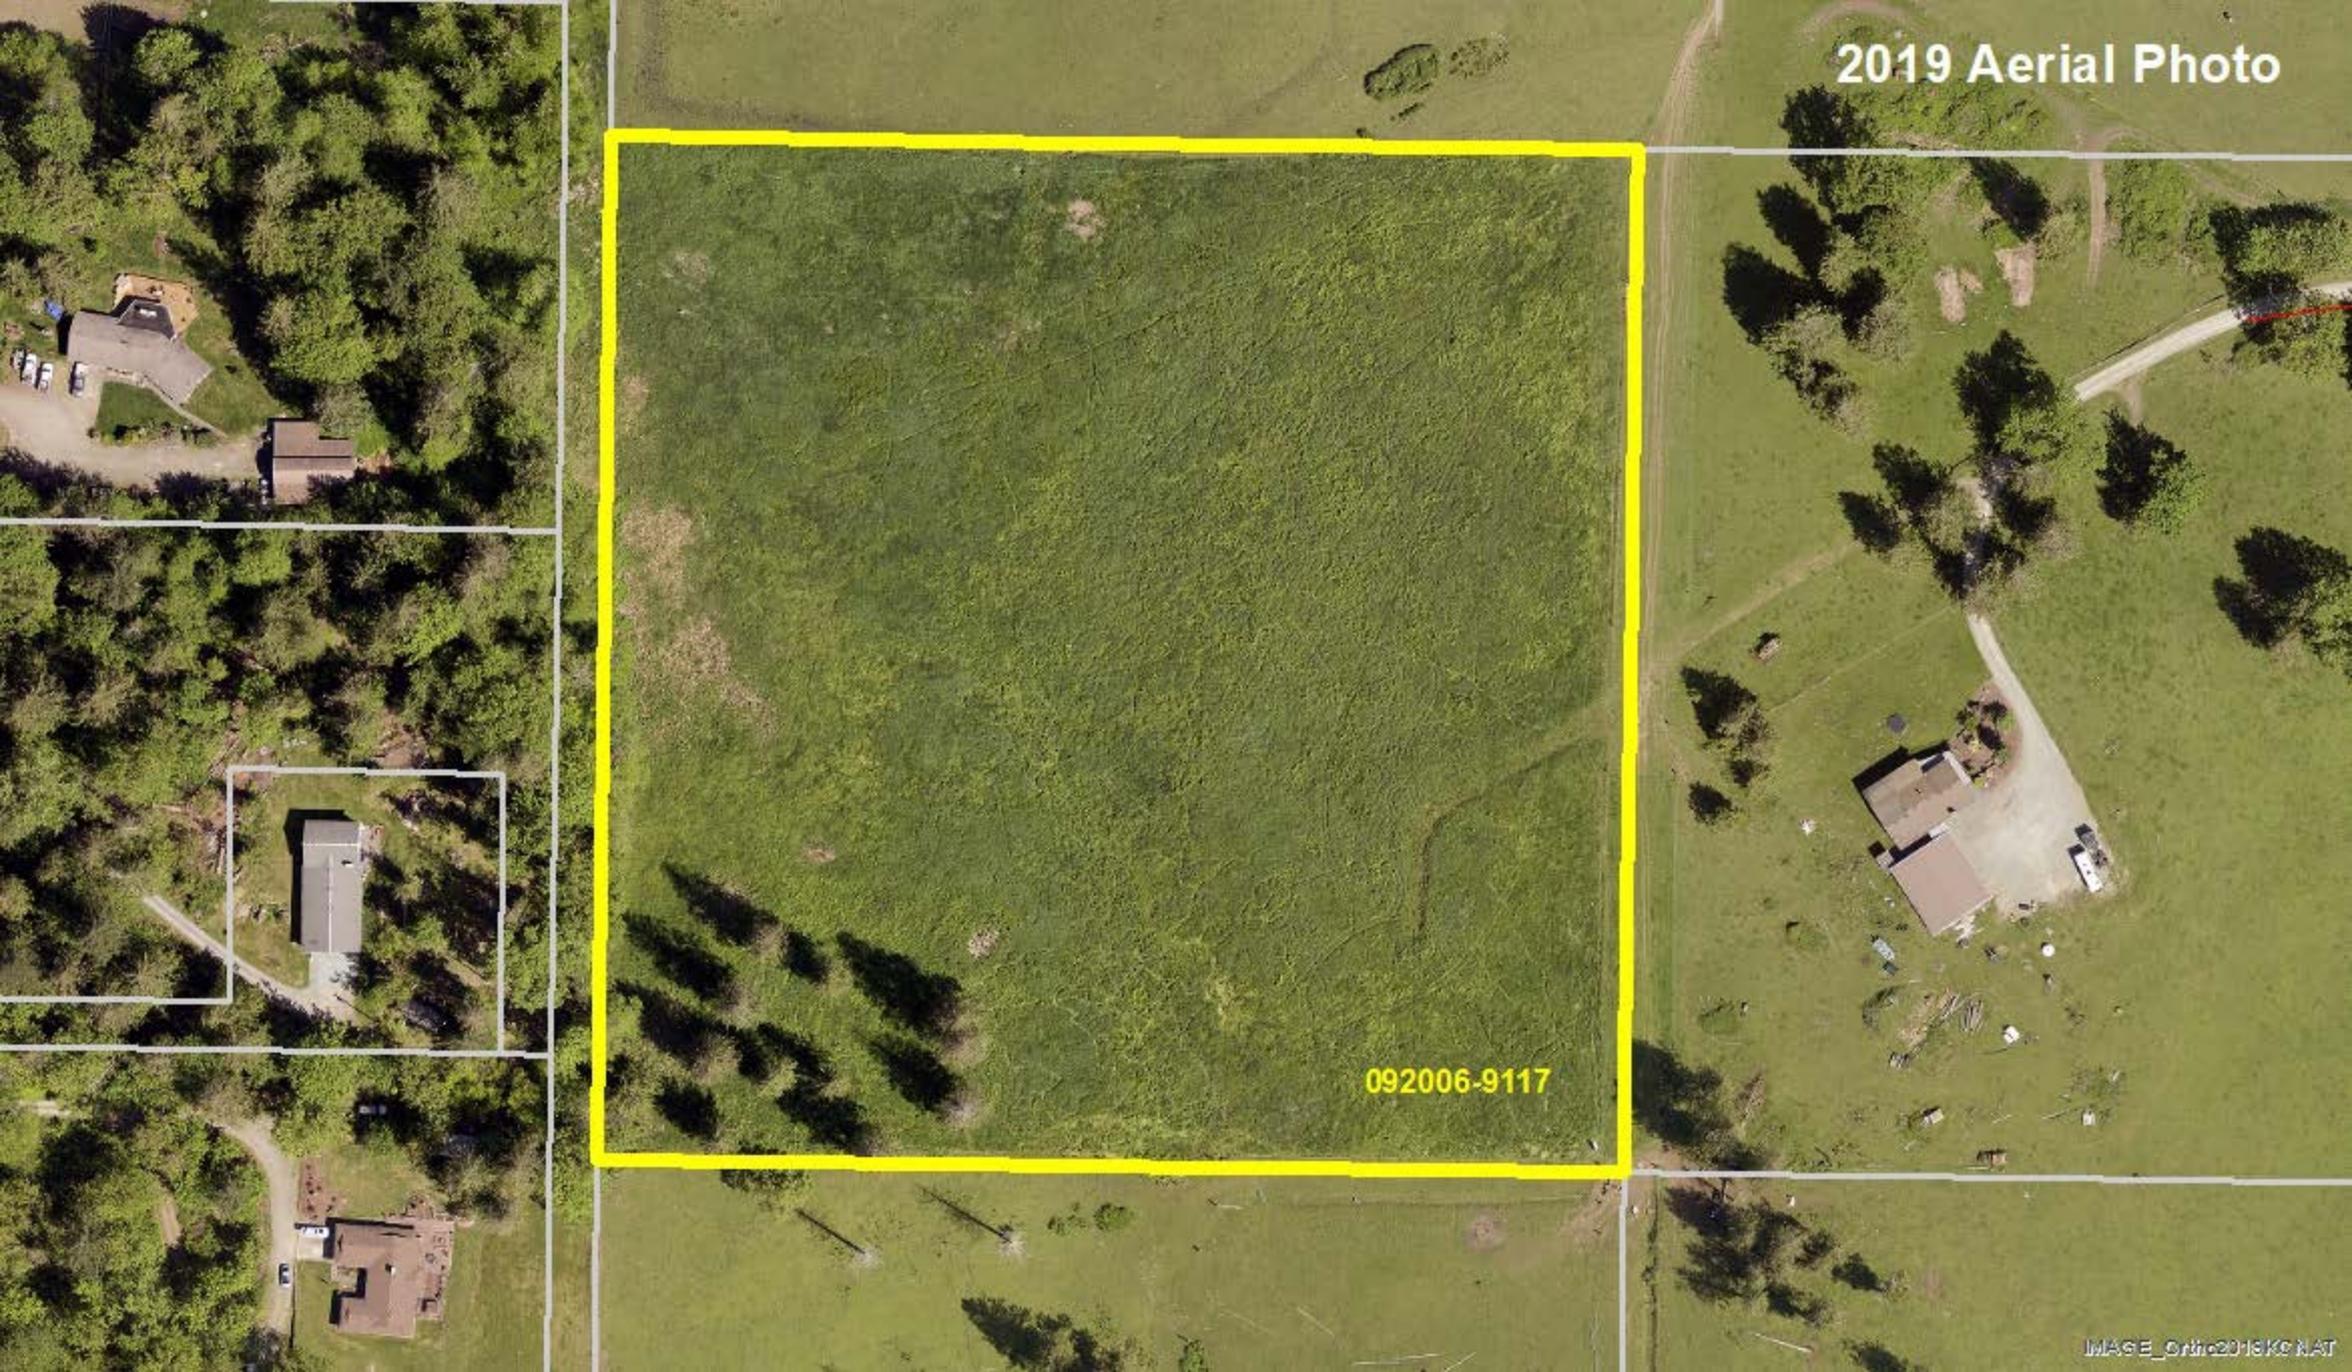

11. Enrollment in PBRs *does not* exempt the Owner from obtaining any required permit or approval for activity or use on the Property.

AFFIRMATION

As owner(s) of the land described above, I hereby indicate by my signature that I am aware of the potential tax liability involved when the land ceases to be classified under the provisions of Chapter 84.34 RCW. I also declare under the penalties for false swearing that this application and any accompanying documents have been examined by me and to the best of my knowledge it is a true, correct, and complete statement.

The agreement to tax according to use of the property is not a contract and can be annulled or canceled at any time by the Legislature (RCW 84.34.070).

My Appointment Expires

Statement Of Additional Tax, Interest, And Penalty Due Upon Removal Of Classification

1. Upon removal of classification, an additional tax shall be imposed which shall be due and payable to the county treasurer 30 days after removal or upon sale or transfer, unless the new owner has signed the Notice of Continuance. The additional tax shall be the sum of the following:
 - (a) The difference between the property tax paid as "Open Space Land" and the amount of property tax otherwise due and payable for the last seven years had the land not been so classified; plus
 - (b) Interest upon the amounts of the difference (a), paid at the same statutory rate charged on delinquent property taxes.

- (c) A penalty of 20% shall be applied to the additional tax if the classified land is applied to some other use except through compliance with the property owner's request for withdrawal process, or except as a result of those conditions listed in (2) below.
2. The additional tax, interest, and penalty specified in (1) above shall not be imposed if removal resulted solely from:
- (a) Transfer to a government entity in exchange for other land located within the State of Washington.
 - (b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power.
 - (c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property.
 - (d) Official action by an agency of the State of Washington or by the county or city where the land is located disallows the present use of such land.
 - (e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020.
 - (f) Acquisition of property interests by State agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 (See RCW 84.34.108(6)(f)).
 - (g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(e) (farm homesite).
 - (h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification.
 - (i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120.
 - (j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.
 - (k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as designated forest land under chapter 84.33 RCW, or classified under this chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used.
 - (l) The discovery that the land was classified in error through no fault of the owner.

I. GENERAL

- A. Describe all present and proposed uses within the PBRS area (participating area). Uses might include enjoyment of paths/trails, bird watching, forestry, farm activities or simply staying out of the open space. Please attach additional sheets if necessary.

Grazing livestock, Farming, Forestry

- B. Describe all existing improvements on the property (excluded area). This would include home, driveway, road, drainage system, well, yard, landscaping, garden and other personal-use areas. Please attach additional sheets if necessary.

Water on-site from city of erumelaw via a Neighborhood Association

- C. Describe all potential or planned improvements and where they might be located on the property. Excluding an area now that might be later developed, such as a future home site, should be considered, but is not required. Please attach additional sheets if necessary.

Property qualifies to build up to 1,000sf farm residence, and up to 1/2 acre coverage total for home site, access roads/driveways + out buildings currently pursuing bringing new electric and water service to the property via easements. Intend to build SFR near center of property at base of hill with greenhouse and barn on plateau by house.

- D. Is the land subject to lease or other agreements (such as CCR's, utility, natural or native growth protection, conservation, trail, or road easement) that may limit the property's use or development?

Yes No

If "yes", then what type of lease/agreement/easement is it? _____

Please attach copies of all leases, options, easements or any other such agreements.

II. RESOURCE INVENTORY/PBRS Categories

Property may receive points as indicated for an open space resource or bonus category listed below. On page A-7, please provide justification for each category requested (refer to the *Public Benefit Rating System Resource Information* document found at www.kingcounty.gov/incentives).

Open Space Resources

- | | |
|-------------|---|
| <u>5</u> | 1. Public recreation area - 5 points |
| <u>3</u> | 2. Aquifer protection area - 5 points |
| <u> </u> | 3. Buffer to public or current use classified land - 3 points |
| <u> </u> | 4. Equestrian-pedestrian-bicycle trail linkage - 35 points |
| <u> </u> | 5. Active trail linkage - 15 or 25 points |
| <u>5</u> | 6. Farm and agricultural conservation land - 5 points |
| <u>5</u> | 7. Forest stewardship land - 5 points |
| <u> </u> | 8. Historic landmark or archaeological site: buffer to a designated site - 3 points |
| <u> </u> | 9. Historic landmark or archaeological site: designated site - 5 points |
| <u> </u> | 10. Historic landmark or archaeological site: eligible site - 3 points |
| <u>5</u> | 11. Rural open space - 5 points |
| <u> </u> | 12. Rural stewardship land - 5 points |
| <u> </u> | 13. Scenic resource, viewpoint or view corridor - 5 points |
| <u> </u> | 14. Significant plant or ecological site - 5 points |
| <u> </u> | 15. Significant wildlife or salmonid habitat - 5 points |
| <u> </u> | 16. Special animal site - 3 points |
| <u>5</u> | 17. Surface water quality buffer - 5 points |
| <u> </u> | 18. Urban open space - 5 points |
| <u> </u> | 19. Watershed protection area - 5 points |

28 = total open space resource points

Bonus Categories

- | | |
|-------------|--|
| <u> </u> | 1. Resource restoration - 5 points |
| <u> </u> | 2. Additional surface water quality buffer - 3 or 5 points |
| <u>2</u> | 3. Contiguous parcels under separate ownership – minimal 2 points |
| <u>15</u> | 4. Conservation easement or historic easement - 15 points |
| <u> </u> | 5. Public access – points depend on type and frequency of access allowed |
| <u> </u> | <u> </u> Unlimited public access - 5 points |
| <u> </u> | <u> </u> Limited public access because of resource sensitivity - 5 points |
| <u> </u> | <u> </u> Environmental education access - 3 points |
| <u> </u> | <u> </u> Seasonally limited public access - 3 points |
| <u> </u> | <u> </u> None or members only - 0 points |
| <u>35</u> | 6. Easement and access - 35 points |

62 = total bonus category points

90 = Total of open space resource and bonus category points results in a Public Benefit Rating (see valuation schedule on page A-6)

If public access points are requested, please list the user group(s) presently allowed access to the property. For what purpose does the public use the property? Please attach documentation that supports this type of use, such as letters from user groups. **For a property to be eligible, the owner must demonstrate that the property is open to public access and is used by the public.**

If proposing public access, describe how the land can be reached. Are there private or public roads to the site? Are there any restrictions, such as an easement or physical barriers, which would inhibit public access? Are there any specific restrictions you think are necessary, such as hours, seasons, activities?

III. Estimate of Percentage Reduction (for your information only)

Please remember county/city staff will review your application and an approval/decision will be made by the granting authority. When estimating the actual effect on your property's valuation and your tax bill, please remember your assessment as open-space/current use land will be calculated **only on the land value of the portion of the property enrolled.** *The property will still be assessed at "highest and best use" rates for the residence/improvements and for other non-enrolled open-space land.*

28 Open space resource points
52 Bonus category points

80 = Total of points, resulting in a Public Benefit Rating

VALUATION SCHEDULE

<u>Public Benefit Rating</u>	<u>Assessed Value Reduction</u>	<u>Current Use Value</u>
0 - 4 points	0 %	100 % of Market Value
5 - 10 points	50 %	50 % of Market Value
11 - 15 points	60 %	40 % of Market Value
16 - 20 points	70 %	30 % of Market Value
21 - 34 points	80 %	20 % of Market Value
35 - 52 points	90 %	10 % of Market Value

IV. RESOURCE CATEGORY JUSTIFICATION

In the space provided, please explain why credit should be awarded for each category marked on page A-5. If additional space is needed, please use a separate sheet of paper and attach it to back of the application.

2. - Upland of a ~~pond~~ wetland on neighbor's property even though both properties have been ~~been~~ farmed for nearly 100 years
3. Public right of way borders w. of property
6. Listed w/ Farmland program
7. Cedar (?) Trees on hill
11. Most of property will be kept undeveloped rural open space
17. This property uphill from neighboring pond

Bonus

3. Neighbors already in PBR?
4. Development rights sold to King County
