AN ORDINANCE amending Ordinance 18898, adopted by the council on May 22, 2019, which authorized the issuance of junior lien sewer revenue refunding bonds and multi-modal limited tax general obligation refunding bonds (payable from sewer revenues) of the county to expand the definition of refunding candidates, to clarify that the county may provide credit enhancement or a liquidity facility, to amend definitions relating to balloon maturity bonds on a springing basis, and to clarify cash refunding plans; amending certain definitions

in Ordinance 18898, Section 1; and amending Ordinance 18898, Section 1, Ordinance 18898, Section 15, and Ordinance 18898, Section 17.

PREAMBLE:

The county owns and operates facilities for the conveyance and treatment of sewage and the control of combined sewer overflows that include wastewater treatment plants, interceptor and trunk sewers, pumping stations, regulator stations, outfall sewers, storm sewers to divert stormwater from sanitary sewers, lands for application of biosolids, property rights, and buildings and other structures and equipment (collectively "the System"), all in accordance with a comprehensive plan for metropolitan water pollution abatement under the authority of chapters 36.56 and 35.58 of the Revised Code of Washington ("RCW").

Long-term service agreements with participating municipalities and other entities ("the Participants") obligate the county to treat and dispose of sewage collected by the Participants. The Participants must pay the costs of these services, including debt service on bonds payable from sewer revenues, including the bonds authorized by this ordinance, and other indebtedness payable from and secured by sewer revenues. Comparable rates and charges have been established for customers who deliver sewage to the System but are not subject to a contract with the county for this service.

In accordance with RCW 35.58.200(3), the county has declared that the health, safety and welfare of people within the metropolitan area require that certain Participants discharge sewage collected by those Participants into facilities of the System.

The county may have opportunities to refund all or portions of its currently outstanding obligations payable from sewer revenues, in each case to effect a saving to the county and ratepayers of the System or when necessary or in the best interest of the county and ratepayers of the System to modify debt service or reserve requirements, sources of payment, covenants or

other terms of the obligations to be refunded.

Pursuant to Ordinance 18898 ("the Original Ordinance"), the county is authorized to issue Junior Lien Obligations and Multi-Modal LTGO/Sewer Revenue Bonds to refund any Refunding Candidates as defined in the Original Ordinance, upon the satisfaction of the conditions for issuance of additional Junior Lien Obligations and Multi-Modal LTGO/Sewer Revenue Bonds ("the Additional Bonds Test").

Pursuant to the Section 33.A. of the Original Ordinance, the council from time to time and at any time may adopt an ordinance or ordinances supplemental to the Original Ordinance, without the consent of owners of any of the Bonds, to add agreements to the Original Ordinance or cure ambiguities in or make corrections to the Original Ordinance so long as supplemental ordinance will not adversely affect the interests of the registered owners of any Parity Bonds or Parity Lien Obligations, as applicable.

Although the Original Ordinance permits the issuance of additional Junior Lien Obligations and Multi-Modal LTGO/Sewer Revenue Bonds for any lawful purpose of the county related to the System upon satisfaction of the Additional Bonds Test, the definition of Refunding Candidates in the Original Ordinance excludes certain obligations payable from Revenue of the System.

The council now desires to include all obligations payable from Revenue of the System as eligible Refunding Candidates under the Original Ordinance, to permit the issuance of Junior Lien Obligations and Multi-Modal LTGO/Sewer Revenue Bonds to refund any obligation payable from Revenue of the System upon satisfaction of the Additional Bonds Test.

For consistency with more recent sewer bond ordinances, the council further desires to amend the Original Ordinance to acknowledge that the county may be the provider of credit enhancement or a liquidity facility for its bonds (e.g. may provide self-liquidity) with the same right of repayment as other providers of credit enhancement or a liquidity facility, and to amend

on a springing basis the amortization of balloon maturity bonds for the purposes of the Additional Bonds Test.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

**SECTION 1. Definitions.** Capitalized terms used in this ordinance have the meaning given those terms in the Ordinance 18898.

**SECTION 2. Findings:** The council finds that it is in the best interest of the county and the ratepayers of the System to amend Ordinance 18898 to include all obligations payable from Revenue of the System as eligible Refunding Candidates, to acknowledge that the county may be the provider of credit enhancement or a liquidity facility for its bonds (e.g., may provide self-liquidity) with the same right of repayment as other providers of credit enhancement or a liquidity facility, and to amend, on a springing basis, provisions related to Balloon Maturity Bonds.
