

WHEREAS, the council understands that the proposed pilot program will be used to develop a deeper and broader knowledge of the best ways the county could use to implement standardized e-commerce services, and

WHEREAS, the council understands that, before the roll-out of production applications, both an updated e-commerce management plan, which will detail the resources required for roll-out and deployment, and a set of e-commerce policies and guidelines will be published to establish a uniform countywide approach that ensures security and privacy issues are addressed appropriately;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

The report, E-Commerce Management Plan, Attachment A to this motion, is hereby approved and adopted.
