BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings:

A. Due to the increasing and persistent nature of homelessness in King County and elsewhere in the

nation, on November 2, 2015, the King County executive declared a homeless state of emergency. Every day

large numbers of individuals and families in our community go unsheltered. At this time our community simply does not have the capacity to meet the need.

B. On January 28, 2016, more than four thousand five hundred five individuals were living outside and another six thousand one hundred eighty-three individuals were in shelters or transitional housing in King County, according to the One Night Count conducted by All Home.

C. All Home adopted a new strategic plan on June 30, 2015. The plan found that emergency shelters are a critical component to our regional homeless crisis response. In 2014, data shows that nine thousand four hundred eighty-two households utilized shelter and transitional housing in King County, and of these, approximately fifty percent were newly homeless. The plan calls for ensuring sufficient shelter capacity, including non-traditional shelter models that provide pathways to housing and interventions for long-term shelter stayers.

D. King County has recognized a need for emergency shelter during the winter months and has provided winter shelter for more than twenty years.

E. Due to increasing prevalence of homelessness, the declaration of a homeless emergency, and the decreased shelter capacity in the city of Seattle, King County added fifty beds of shelter services in the County-owned 420 Fourth Avenue Building and extended shelter services at the King County Administration Building to one hundred beds.

F. The King County council acknowledges continued operations of the emergency shelters beyond their traditional closing date of April 15 as follows. The fifty shelter beds in the King County Administration Building are to operate from 7:00 p.m. to 6:00 a.m. through December 31, 2016. The other fifty shelter beds operated in the King County Administration Building lobby from 7:00 p.m. to 6:00 a.m. through September 15, 2016. The fifty shelter beds in the 420 Fourth Avenue Building are to operate from 7:00 p.m. to 6:00 a.m. through October 31, 2016, or until a new shelter at a county-owned property can be opened. King County will work to open up to seventy shelter beds in a county-owned property by November 1, 2016, or as soon after that

as possible, with operations continuing through the end of 2016.

G. The estimated additional management, utilities and security cost to extend the size and hours of the emergency shelters, as described in subsection F. of this section, for the period from April 16, 2016, through December 31, 2016, is \$755,000.

H. The city of Seattle will provide \$300,000 to support the continued operations of the shelters through the end of 2016.
