Of this appropriation, \$100,000 shall not be expended or encumbered until the ABT program management office provides to the council, in writing, the proposed Capital Improvement Program ("CIP") reporting and analysis requirements that will be included in ABT high level business design for the budget system business functions. Such proposed CIP reporting and analysis requirements shall be the basis for a critical analysis report of all the CIP managed by the various divisions within the executive departments and subject to proviso P2 of this section.

The ABT program management office and the office of management and budget ("OMB") shall continue to work collaboratively with council staff to develop the proposed budget system processes for CIP reporting and analysis requirements to ensure that the countywide budget system selected as part of the ABT program will be able to report for each CIP project the following "reporting elements": 1) the initial, baseline schedule, scope of work and budget ("baseline information"); (2) all the costs, incurred to date and/or projected to complete the project, by a standard category system ("standard system") to be used by all agencies to capture and report such project costs; (3) the standards or methodologies used by the CIP agency for estimating those costs; (4) the schedule milestones for each project, completed and projected; and (5) a reporting mechanism

that clearly indicates a project's deviations from the initial baseline information, when the deviations occurred, in what project cost category and the reasons why.

The standard system should include, but not be limited to, the following cost categories: programming, predesign/planning, environmental/EIS, permitting, design, mitigation construction/implementation, construction management/inspections, contract/project management and agency internal costs, close-out, contingencies.

The reporting elements shall be used the framework or format by which the executive shall produce a critical analysis report for selected projects within the CIPs managed by the various divisions within the executive departments as set forth in proviso P2 to this section.

By March 3, 2008, the executive shall submit the report on the proposed reporting elements for CIP reporting and analysis requirements that will be included in ABT high level business design for the budget system business functions in the form of 11 copies with the clerk of the council, who will retain the original and forward copies to each councilmember and the lead staff of the capital budget committee, or its successor. The resources to develop and produce the written report shall be provided by the ABT program management office of the department of executive services.

P2 PROVIDED FURTHER THAT:

Of this appropriation, \$150,000 shall not be expended or encumbered until the council accepts, by motion, the executive's transmitted critical analysis report, as required by this proviso for all current CIP projects managed by the various divisions within the executive departments that are currently active or have not been closed out. However, the executive shall not be required to report on any projects with either a total project cost of less than \$750,000, or projects involving work order construction contracts or projects involving small work roster construction contracts. The report shall be broken into chapters, with each CIP agency constituting a chapter.

The executive shall submit the proposed motion and the critical analysis report, in the form of 11 copies

with the clerk of the council, who will retain the original and forward copies to each councilmember and the lead staff of the capital budget committee, or its successor. The executive shall submit this proposed motion and report within 120 days after the ABT program management office has submitted in writing, the proposed CIP reporting and analysis requirements that will be included in ABT high level business design for the budget system business functions, required by proviso P1 to this section. The resources to develop and produce the motion and critical analysis report shall be provided by the ABT program management office of the department of executive services.

The report shall identify the executive's plans for negotiating and implementing agreements with the courts to implement any proposed changes, schedules, resources needed for implementing program changes and milestones.

The plan required to be submitted by this proviso must be filed in the form of 11 copies with the clerk of the council, who will retain the original and will forward copies to each councilmember and to the lead staff for the law, justice and human services committee, or its successor.

At a minimum, the study will include: (1) a discussion of the communication and outreach plan for the area; (2) a detailed discussion of the GIS mapping needs for the area and any areas of deficiency between what the city feels is needed and what could be provided by the county GIS division; and (3) a discussion of the needs for a fiscal model and any areas of deficiency between what the city feels is needed and what the county could provide.

Furthermore, the report will provide options for funding such activities as well as the executive's preferred alternative for doing so.

The report required is to be submitted in the form of 11 of copies with the clerk of the council, who will retain the original and will forward copies to each councilmember and to the lead staff for the operating budget, fiscal management and mental health committee, or its successor.
