AN ORDINANCE authorizing the King County executive to execute an interlocal agreement between King County and local fire districts or regional fire authorities for fire protection services of county-owned buildings and equipment.

STATEMENT OF FACTS:

- A. In order to comply with RCW 52.30.020, several fire districts have requested that King County contract for fire protection services.
- B. Executive staff have consulted with legal representatives from local fire districts and regional fire authorities to develop the terms, conditions and payment methodology of a model interlocal agreement to provide services for county-owned buildings and equipment that lie within the service area of a fire district or regional fire authority, which is provided in Attachment A to this ordinance.
- C. The intent of the executive is to enter into the model interlocal agreement with each fire district or regional fire authority instead of negotiating a separate custom agreement with each fire district or regional fire authority.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. The executive is hereby authorized to execute an interlocal agreement between King County and local fire districts and regional fire authorities substantially in the form of Attachment A to this ordinance, for fire protection services of county-owned buildings and equipment.
