A MOTION approving a scope of work for a water quality assessment and

monitoring study.

WHEREAS, Ordinance 17413 approved an amendment to the county's long-term combined sewer

overflow ("CSO") control plan and authorized the King County executive to prepare a water quality assessment

and monitoring study to provide information for the next CSO control program review in 2017, and

WHEREAS, Ordinance 17413 requires the executive to transmit legislation for approval of a scope of

work for the water quality assessment and monitoring study, and

WHEREAS, the primary focus of the scope of work shall be to address items required as part of the

CSO program review, plan update and program implementation, and

WHEREAS, in accordance with Ordinance 17413, the regional water quality committee ("RWQC") and the RWQC staff group provided guidance on the scope of study to the wastewater treatment division ("WTD") and the water and land resources division ("WLRD") of the department of natural resources and parks, and

WHEREAS, WTD and WLRD staff also met with the metropolitan water pollution abatement advisory committee and other interested parties to obtain their input on the scope of work, and

WHEREAS, in the development of the scope of work, the executive considered the guidance and input received, and

WHEREAS, the scope of work is provided in Attachment A to this motion and, as further detailed in Attachment B to this motion, includes a description of the major tasks, study questions, a schedule and budget to complete the water quality assessment and monitoring study by 2016 is consistent with the direction provided in Ordinance 17413;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

The attached scope of work for the water quality assessment and monitoring study, Attachments A and B to this motion, is hereby approved.

The wastewater treatment division shall provide an annual briefing to the regional water quality committee regarding the water quality assessment and monitoring study,

including the costs expended and benefits. The briefing will also include discussion of the need for an executive advisory panel at the appropriate time.
