A MOTION acknowledging receipt of a report providing information and analysis regarding the design and placement of Section 2 of the Kenmore interceptor and the impacts thereof on sedimentation and fish populations as required by the 2019-2020 Biennial Budget Ordinance, Ordinance 18835, Section 108, Proviso P2.

WHEREAS, the 2019-2020 Biennial Budget Ordinance, Ordinance 18835, Section 108, Proviso P2, directs the executive to transmit, by March 31, 2020, a report addressing the design and placement of Section 2 of the Kenmore interceptor and the impacts thereof on sedimentation and fish populations along with a motion acknowledging receipt of the report, and

WHEREAS, the wastewater treatment division of the department of natural resources and parks retained

Environmental Science Associates to analyze the Kenmore interceptor and its impacts on sedimentation and fish populations, and

WHEREAS, the consultant report concluded that the interceptor is buried throughout most of the Lyon Creek and McAleer Creek deltas and neither plays a significant role in sedimentation nor limits salmonid survival and migration, and

WHEREAS, the executive has transmitted to the council the requested report and motion;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

The receipt of the report addressing the design and placement of Section 2 of the Kenmore interceptor and the impacts thereof on sedimentation and fish populations, Attachment A to this motion, is hereby acknowledged.
