6. Large livestock allowed in accordance with K.C.C. chapter 21A.30.
7. Only in conjunction with a mineral extraction site plan approved in accordance with K.C.C. chapter 21A.22.
8. Only on the same lot or same group of lots under common ownership or documented legal control, which includes, but is not limited to, fee simple ownership, a long-term lease or an easement:
  - a. as accessory to a primary mineral extraction use;

b. as a continuation of a mineral processing only for that period to complete delivery of products or projects under contract at the end of a mineral extraction; or

c. for a public works project under a temporary grading permit issued in accordance with K.C.C.

16.82.152.

9. Limited to mineral extraction and processing:

a. on a lot or group of lots under common ownership or documented legal control, which includes but is not limited to, fee simple ownership, a long-term lease or an easement;

b. that are located greater than one-quarter mile from an established residence; and

c. that do not use local access streets that abut lots developed for residential use.

10. Agriculture training facilities are allowed only as an accessory to existing agricultural uses and are subject to the following conditions:

a. The impervious surface associated with the agriculture training facilities shall comprise not more than ten percent of the allowable impervious surface permitted under K.C.C. 21A.12.040;

b. New or the expansion of existing structures, or other site improvements, shall not be located on class 1, 2 or 3 soils;

c. The director may require reuse of surplus structures to the maximum extent practical;

d. The director may require the clustering of new structures with existing structures;

e. New structures or other site improvements shall be set back a minimum distance of seventy-five feet from property lines adjoining residential zones;

f. Bulk and design of structures shall be compatible with the architectural style of the surrounding agricultural community;

g. New sewers shall not be extended to the site;

h. Traffic generated shall not impede the safe and efficient movement of agricultural vehicles, nor shall it require capacity improvements to rural roads;

i. Agriculture training facilities may be used to provide educational services to the surrounding rural/agricultural community or for community events. Property owners may be required to obtain a temporary use permit for community events in accordance with K.C.C. chapter 21A.32;

j. Use of lodging and food service facilities shall be limited only to activities conducted in conjunction with training and education programs or community events held on site;

k. Incidental uses, such as office and storage, shall be limited to those that directly support education and training activities or farm operations; and

l. The King County agriculture commission shall be notified of and have an opportunity to comment upon all proposed agriculture training facilities during the permit process in accordance with K.C.C. chapter 21A.40.

11. Continuation of mineral processing and asphalt/concrete mixtures and block uses after reclamation in accordance with an approved reclamation plan.

12.a. Activities at the camp shall be limited to agriculture and agricultural-oriented activities. In addition, activities that place minimal stress on the site's agricultural resources or activities that are compatible with agriculture are permitted. Suchf0 activities include, but are not limited to:

- (1) passive recreation;
- (2) training of individuals who will work at the camp;
- (3) special events for families of the campers; and
- (4) agriculture education for youth.

b. Outside the camp center, as provided for in subsection B.12.e of this section, camp activities shall not preclude the use of the site for agriculture and agricultural related activities, such as the processing of local food to create value-added products and the refrigeration and storage of local agricultural products. The camp shall be managed to coexist with agriculture and agricultural activities both onsite and in the surrounding area.

c. A farm plan shall be required for commercial agricultural production to ensure adherence to best

management practices and soil conservation.

d.(1) The minimum site area shall be five hundred acres. Unless the property owner has sold or transferred the development rights as provided in subsection B.12.c.(3) of this section, a minimum of five hundred acres of the site must be owned by a single individual, corporation, partnership or other legal entity and must remain under the ownership of a single individual, corporation, partnership or other legal entity for the duration of the operation of the camp.

(2) Nothing in subsection B.12.d.(1) of this section prohibits the property owner from selling or transferring the development rights for a portion or all of the site to the King County farmland preservation program or, if the development rights are extinguished as part of the sale or transfer, to a nonprofit entity approved by the director;

e. The impervious surface associated with the camp shall comprise not more than ten percent of the allowable impervious surface permitted under K.C.C. 21A.12.040;

f. Structures for living quarters, dining facilities, medical facilities and other nonagricultural camp activities shall be located in a camp center. The camp center shall be no more than fifty acres and shall be depicted on a site plan. New structures for nonagricultural camp activities shall be clustered with existing structures;

g. To the extent practicable, existing structures shall be reused. The applicant shall demonstrate to the director that a new structure for nonagricultural camp activities cannot be practicably accommodated within an existing structure on the site, though cabins for campers shall be permitted only if they do not already exist on site;

h. Camp facilities may be used to provide agricultural educational services to the surrounding rural and agricultural community or for community events. If required by K.C.C. chapter 21A.32, the property owner shall obtain a temporary use permit for community events;

i. Lodging and food service facilities shall only be used for activities related to the camp or for

agricultural education programs or community events held on site;

j. Incidental uses, such as office and storage, shall be limited to those that directly support camp activities, farm operations or agricultural education programs;

k. New nonagricultural camp structures and site improvements shall maintain a minimum set-back of seventy-five feet from property lines adjoining residential zones;

l. Except for legal nonconforming structures existing as of January 1, 2007, camp facilities, such as a medical station, food service hall and activity rooms, shall be of a scale to serve overnight camp users;

m. Landscaping equivalent to a type III landscaping screen, as provided for in K.C.C. 21A.16.040, of at least twenty feet shall be provided for nonagricultural structures and site improvements located within two hundred feet of an adjacent residential zoned property not associated with the camp;

n. New sewers shall not be extended to the site;

o. The total number of persons staying overnight shall not exceed three hundred;

p. The length of stay for any individual overnight camper, not including camp personnel, shall not exceed ninety days during a three-hundred-sixty-five-day period;

q. Traffic generated by camp activities shall not impede the safe and efficient movement of agricultural vehicles nor shall it require capacity improvements to rural roads;

r. If the site is adjacent to an arterial roadway, access to the site shall be directly onto the arterial unless the county road engineer determines that direct access is unsafe;

s. If direct access to the site is via local access streets, transportation management measures shall be used to minimize adverse traffic impacts;

t. Camp recreational activities shall not involve the use of motor vehicles unless the motor vehicles are part of an agricultural activity or are being used for the transportation of campers, camp personnel or the families of campers. Camp personnel may use motor vehicles for the operation and maintenance of the facility. Client-specific motorized personal mobility devices are allowed; and

u. Lights to illuminate the camp or its structures shall be arranged to reflect the light away from any adjacent property.
