SECTION 4. Ordinance 19530, Section 2, is hereby amended to read as follows:

Findings. The county council hereby makes the following findings:

A. The issuance of limited tax general obligation bonds by the county, payable from property taxes or other revenues and money of the county legally available for such purposes, to provide financing for the Projects and to pay the costs of issuing the Project Bonds, will reduce the overall costs of borrowing such funds and is in the best interests of the county and its residents.

B. Because conditions in the capital markets vary and provide opportunities for debt service savings from time to time, it is in the best interests of the county that the county retain the flexibility to refund all or a portion of the Refunding Candidates by issuing the Refunding Bonds in order to effect a savings to the county or, when necessary or in the best interest of the county, to modify debt service requirements, sources of payment, covenants or other terms of the Refunded Bonds.

C. It is necessary and advisable that the county now issue and sell from time to time one or more series of its limited tax general obligation bonds in an aggregate principal amount not to exceed \$((664,000,000)) 687,000,000 to provide financing for the Projects, and to pay the costs of issuing the Project Bonds.

D. The county may have opportunities to refund all or portions of its currently outstanding limited tax general obligations, any limited tax general obligation bonds or both issued in the future, in each case to effect a savings to the county or when necessary or in the best interest of the county to modify debt service requirements, sources of payment, covenants, or other terms of the bonds to be refunded.

E. It necessary and advisable for the county to issue and sell from time to time one or more series of its limited tax general obligation refunding bonds for such refunding opportunities, and to pay the costs of issuing the Refunding Bonds, as provided in ((this ø))Ordinance 19530, as amended by this ordinance (Proposed Ordinance 2023-0155).

F. In accordance with RCW 36.46.040, the Finance Director is authorized to serve as the county's designated representative to accept offers to purchase the Bonds on behalf of the county. This authorization includes the Finance Director's authority to sell the Bonds in one or more Series, by competitive bid or negotiated sale, or to the federal government or other purchaser, and to identify any Refunding Candidates to be refunded, in consultation with the county's financial advisors, and consistent with terms and parameters established by ((this ø))Ordinance 19530, as amended by this ordinance (Proposed Ordinance 2023-0155), and county debt policy.

G. Climate change is an existential threat to the livelihoods, health, and well-being of all residents of

the county. The county's residents, environment, and economy have already experienced and will continue to experience significant impacts caused by climate change.

H. Delay in taking definitive action to reduce greenhouse gas emissions will result in greater threats posed by climate change to current and future generations and greater cost to protect and maintain communities against the impacts of climate change.

I. The county can and must act now to reduce community greenhouse gas emissions and to prepare for, and adapt to, the impacts of climate change on the county's environment, economy and the health and safety of its residents.

J. The use of \$15,000,000 from the tax revenues received from the Washington state convention and trade center to pay the principal and interest on Bonds issued to finance the Equitably Community Driven Affordable Housing Development is an authorized use under RCW 36.100.040(15) to support affordable housing programs.

K. The use of \$5,000,000 from the tax revenues received from the Washington state convention and trade center to pay the principal and interest on Bonds issued to finance one or more of the Affordable Housing and Homeless Housing Projects located in the unincorporated area of Skyway-West Hill is an authorized use under RCW 36.100.040(15) to support affordable housing programs.

L. The use of \$5,000,000 from the tax revenues received from the Washington state convention and trade center to pay the principal and interest on Bonds issued to finance the Affordable Housing for People with Disabilities Projects is an authorized use under RCW 36.100.040(15) to support affordable housing programs.

M. Responding to climate change through adaptation, mitigation and reduction in greenhouse gas emissions is a fundamental governmental purpose of the county.

N. The Projects will serve a county purpose for which the county and its residents will receive benefits, including contributing to the health, safety and welfare of county residents.
